Suzuken Announces Changes to and Expansion of Shareholder Benefit Program Following Stock Split

SUZUKEN CO., LTD. (hereinafter, the "Company") hereby announces that at a meeting of its Board of Directors held today, it resolved to change (expand) its shareholder benefit program as outlined below, in light of the stock split implemented on October 1, 2026.

1. Details of Changes (Expansion) to the Shareholder Benefit Program

To express its gratitude to shareholders for their continued support and to deepen their understanding of products handled by the Group (in-house products) and other offerings, the Company has offered shareholder benefits worth ¥3,000 to shareholders listed or recorded in the Company's shareholder register as of March 31 each year who hold 100 shares (one unit) or more.

Effective October 1, 2026, the Company implemented a stock split* to lower the minimum investment amount, making its shares more accessible to investors, and thereby to further enhance share liquidity and expand its investor base. Having reviewed its shareholder benefit program in light of the stock split, the Company today resolved the following two matters.

*For details of the stock split, please refer to "Suzuken Announces Stock Split" dated May 14, 2026:
https://ssl4.eir-parts.net/doc/9987/ir_material7/278184/00.pdf

(1) Shareholding Requirement:

The shareholding requirement will remain unchanged, and *shareholders who hold 100 shares (one unit) or more of common stock will continue to be eligible for the shareholder benefit program*.

In effect, this represents *a change (expansion) in eligibility for shareholder benefits*, extending them to shareholders who hold 50 shares or more of common stock on a pre-stock-split basis.

(2) Benefit Amount (Equivalent Value):

The Company regards its shareholder benefit program as a valuable opportunity for shareholders to deepen their understanding of the Group's in-house products and other offerings. Accordingly, despite recent inflation and rising expenses, including delivery costs, the Company has decided to *change (expand) the benefit amount to ¥5,000 (an increase of ¥2,000) for the duration of the current Medium-Term Management Plan, which concludes in the fiscal year ending March 31, 2029*.

Reference: Comparison Table – Current vs. After the Change (Expansion)

	Current	After the Change (Expansion)
(1) Shareholding requirement (number of shares held to qualify)	100 shares (one unit) or more of common stock	100 shares (one unit) or more of common stock (*Reference: 50 shares or more on a pre-stock-split basis*)
(2) Benefit amount (equivalent value)	Products handled by the Group and other offerings worth *¥3,000*	Products handled by the Group and other offerings* worth *¥5,000*

*Details on the selection of specific benefit items, how to apply, and other information are planned to be provided in the notice sent to eligible shareholders each year (scheduled for May).

2. Timing of Changes

The changes described above will apply starting with shareholders listed or recorded in the Company's shareholder register as of March 31, 2027.
