1. Reasons for the absorption-type company split

With “Sincerity and Creation” as its Corporate Creed, the Group provides solutions for the sustainable development of customers and society based on its Management Philosophy of “Contributing to Society,” “Advanced Customer Service,” and “Sharing Value.” The Group also engages in corporate activities with consideration given to human resources development, flexible workstyles, diversity, and other factors with the aim of helping to solve social issues and enhancing corporate value in a sustainable manner.

In order to achieve further growth, the Company determined that it would be desirable to establish a group management structure that will allow it to further speed up management and make agile and flexible management decisions. The 37th General Meeting of Shareholders held on September 26, 2016 passed a resolution setting the amount of remuneration for the Company's Directors who are not Audit & Supervisory Committee Members at the current level of no more than 200 million yen per year. However, in consideration of various circumstances, including changes in economic conditions, the Company proposes revising the amount of remuneration for the Company's Directors who are not Audit & Supervisory Committee Members to no more than 400 million yen per year. Moreover, as in the past, the amount of remuneration for Directors who are not Audit & Supervisory Committee Members will not include the employee salary of Directors who are also employees.

This proposal was decided by the Board of Directors after deliberation by the Nomination/Remuneration Advisory Committee, taking into consideration the Company's business scale, officer compensation system and its payment level, the current number of officers, and future trends, and is deemed appropriate.

The Company's policy for determining the details of remuneration, etc. for individual directors is as described in "2. Current Status of the Company (2) Status of Corporate Officers (iv) Remuneration, etc. for Directors" in the Business Report (in Japanese only).

There are currently four Directors who are not Audit & Supervisory Committee Members (including 0 outside Directors). However, if Proposal No. 4 is approved as originally proposed, there will be five Directors who are not Audit & Supervisory Committee Members (including 0 outside Directors).

As part of its review of the officer compensation system, the meeting of the Company's Board of Directors held on August 21, 2024 resolved to discontinue the retirement benefit plan for Directors and other officers at the conclusion of this General Meeting of Shareholders.

In conjunction with this, the Company proposes a termination payment to be paid to four Directors who are not Audit & Supervisory Committee Members (excluding outside Directors) and one Director who is an Audit & Supervisory Committee Member (excluding outside Directors) who will be reappointed if Proposal No. 4 and Proposal No. 5 are approved as originally proposed. The Company will pay the retirement benefits corresponding to the term of office for each of them from the time of their appointment until the conclusion of this General Meeting of Shareholders as a termination payment within the limit of a reasonable amount based on the criteria set by the Company.

The Company's policy for determining the details of remuneration, etc. for individual directors is as described in "2. Current Status of the Company (2) Status of Corporate Officers (iv) Remuneration, etc. for Directors" in the Business Report (in Japanese only).
