Collaboration between Audit & Supervisory Board Members, the Independent Public Accounting Firm and the Internal Audit Departments

[Collaboration Between Audit & Supervisory Board Members (including Outside Audit & Supervisory Board Members) and Independent Public Accounting Firm and Processes]

To complete the audit process effectively and efficiently, Audit & Supervisory Board Members exchange opinions with the contracted independent public accounting firm concerning audit policies, audit items to be focused upon and audit approaches. Audit & Supervisory Board Members also observe the independent public accounting firm, when the firm audits Komatsu’s business bases, subsidiaries and affiliates and other related entities. Audit & Supervisory Board Members and the independent public accounting firm also hold meetings to exchange audit information as needed during a given fiscal year. These exchanges lead to better collaboration between Audit & Supervisory Board Members and the independent public accounting firm and a more expeditious audit process. In addition, Audit & Supervisory Board Members receive reports of the independent public accounting firm’s review at the end of the first, second and third quarters, and review and confirm important financial statement matters at the end of the second quarter and the fiscal year-end. Furthermore, Audit & Supervisory Board Members evaluate the methods and results of the independent public accounting firm’s review and audit by listening to their summaries and receiving their review and audit reports at the meetings of the Audit & Supervisory Board Members.

When the Audit & Supervisory Board approves the engagement of an accounting firm to perform audit and non-audit work, the Board defines the policies, procedures and other related matters for such work, and conducts preliminary reviews of individual procedures in order to maintain the independence of the accounting firm from the Company and its consolidated subsidiaries.

[Collaboration Between Audit & Supervisory Board Members (including Outside Audit & Supervisory Board Members) and the Internal Audit Department and processes]

The Internal Audit Department, in cooperation with other related departments, regularly audits business bases and subsidiaries and affiliates both in Japan and overseas, evaluates the effectiveness of their internal control, reinforces their risk management and works to prevent misconduct and errors. Audit & Supervisory Board Members observe audits by the Internal Audit Department, form their own audit opinions, and give advice and recommendations to the Internal Audit Department.

In addition to the audit results reported by the Internal Audit Department to the Audit & Supervisory Board, the Audit & Supervisory Board Members closely maintain substantive cooperation with the Internal Audit Department, such as receiving various pieces of information relevant to their duties on a routine basis.

[Collaboration Between the Internal Audit Department and the Independent Public Accounting Firm and processes]

In assessing the effectiveness of internal control implemented by the Internal Audit Department, the Independent Public Accounting firm collaborates with the Internal Audit Department as needed by exchanging opinions and sharing information.

[Relationship Between Audit & Supervisory Board Members (including Outside Audit & Supervisory Board Members), the Internal Audit Department, the Independent Public Accounting Firm and Certain Committees and Corporate Departments Concerning Internal Control]

Corporate departments concerning internal control over matters, including corporate planning, accounting, financing, administration and legal departments as well as certain committees concerning internal control, including the “Compliance Committee” and “Risk Management Committee” mutually collaborate with Audit & Supervisory Board Members, the Internal Audit Department and the independent public accounting firm.

Policy on Determining Remuneration Amounts and Calculation Methods

Established

Disclosure of Policy on Determining Remuneration Amounts and Calculation Methods

In an effort to maintain an objective and transparent remuneration system, the policy and levels of remuneration for Directors and Audit & Supervisory Board Members of the Company are deliberated by the Compensation Advisory Committee, which consists of four (4) external members (two (2) Outside Audit & Supervisory Board Members, one (1) Outside Director and one (1) outside expert) and one (1) internal member. Taking its reports and recommendations into consideration, the remuneration for Directors is determined by the Board of Directors, and the remuneration for Audit & Supervisory Board Members is determined by discussions by the Audit & Supervisory Board Members, respectively, within the range previously determined by resolution of the General Meeting of Shareholders.

With regards to remuneration levels, comparison of other key, globally active manufacturers in Japan is made by the Compensation Advisory Committee and is reflected in its recommendations.

The remuneration for Directors is comprised of fixed remuneration (paid monthly) and performance-based remuneration linked to Komatsu's consolidated performance. The total amount paid of performance-based remuneration shall be calculated each year by evaluating the basic indicators of ROE^{*1} and ROA^{*2} at the ratio described in the below table and making adjustments for growth (growth rate of consolidated sales), profitability (profit margin of segment) and financial soundness (achievement rating of net debt-to-equity ratio^{*3}).

[Basic Indicators]

Consolidated ROE^{*1} 70%

Consolidated ROA^{*2} 30%

[Adjustment Indicators]

Adjustment according to growth rate of consolidated sales and profit margin of segment

Adjusted by achievement rating of the net debt-to-equity ratio^{*3}

Notes:

1)ROE=Net income attributable to Komatsu Ltd. for the year/[(Komatsu Ltd. shareholders' equity at the beginning + Komatsu Ltd. shareholders' equity at the end of the fiscal year)/2]

2)ROA=Income before income taxes and equity in earnings of affiliated companies/[(total assets at the beginning + total assets at the end of the fiscal year)/2]

3)Net debt-to-equity ratio = (Interest-bearing debt – Cash and cash equivalents – Time deposits) / Komatsu Ltd. shareholders' equity

With regards to the performance-based remuneration levels, the upper limit shall be twice the annual fixed remuneration (twelve (12) × monthly remuneration) of the Director, and the lower limit shall be zero (0) payment (remuneration in this case will comprise only the fixed remuneration).

Two-thirds (2/3) of the total amount of performance-based remuneration shall be paid in the form of cash as Directors' bonuses (provided, however, the upper limit is twelve (12) × monthly remuneration), and the amount remaining after deducting the Directors' bonuses shall be paid by granting Stock Acquisition Rights as stock-based remuneration for the purpose of fostering the same perspective on corporate value with the shareholders and consequently clarifying their incentive to enhance the long-term corporate value of the Company. However, the total amount of performance-based remuneration to Outside Directors shall have the upper limit of one-third (1/3) of the annual fixed remuneration in consideration of their role and standing.

Furthermore, the remuneration for Audit & Supervisory Board Members only consists of fixed remuneration

(paid monthly) designed to support their independent position with authority to audit the execution of duties by Directors without getting fettered by the movements of corporate performance of the Company. The retirement allowance system for Directors and Audit & Supervisory Board Members was terminated as of June 2007.

[Supporting System for Outside Directors and/or Audit & Supervisory Board Members]

As a general rule, the Company provides materials for Board of Directors to Outside Directors and Outside Audit & Supervisory Board Members in advance of the meetings so that they have sufficient time to review the matters that are to be discussed. With respect to matters that may be of particular importance, the Board of Directors discusses them at the Board of Directors prior to the Board of Directors where such matters are scheduled for resolution. In this manner, the Company ensures that the Directors have sufficient time to review the matters before decisions are made and that they will have an opportunity to consider the points noted in earlier discussions before deciding upon such matters.

2. Matters on Functions of Business Execution, Auditing, Oversight, Nomination and Remuneration

Decisions (Overview of Current Corporate Governance System) [Updated]

(1) Overview of Current Corporate Governance System (the reference material at the end of this Report: see the schematic diagram.)

Having introduced the Executive Officer System in 1999, the Company has worked to separate management decision making and supervisory functions from executive functions to the extent permitted by laws and regulations. The Company also limits the Board of Directors to a small number of members and appoints Outside Directors and Outside Audit & Supervisory Board Members. To improve the effectiveness of discussions at meetings of the Board of Directors, the Company has worked to reform their operational aspect, primarily by putting in place a system to ensure thorough discussions of important management matters and prompt decision making.

The Company holds Board of Directors' meetings periodically at least once every month. The Board of Directors deliberates and makes resolutions on important matters, determines management policies of Komatsu, and rigorously controls and supervises the execution of duties by all members of the executive management team including Representative Directors. Of the eight (8) Directors on the Board, three (3) are Outside Directors to ensure transparent and objective management.

Furthermore, at least half of the five (5) Audit & Supervisory Board Members are Outside Audit & Supervisory Board Members. The Audit & Supervisory Board determines such matters as audit policies and the division of duties among Audit & Supervisory Board Members. Each Audit & Supervisory Board Member attends meetings of the Board of Directors and other important meetings, and audits the execution of duties by Directors. Meetings of the Audit & Supervisory Board are in principle held periodically at least once every month, and the Board performs appropriate audits by such means as hearing reports from members of the executive management team on their execution of duties. The Company has also established the Office of Corporate Auditors' Staff to assist the Audit & Supervisory Board Members in their duties.

To promote efficient management of the Board of Directors, the Company has established a Strategy Review Committee consisting of Senior Executive Officers and senior managers. Based on the reviews of the Committee, Executive Officers and senior managers execute their duties within the authority delegated by the Board of Directors.

As a means to supplement executive functions, the Company established the International Advisory Board (IAB) in 1995. Through the IAB, the Company aims to secure objective advice and suggestions from experts from Japan and abroad about how to function as a global company by exchanging opinions and holding discussions.

The Human Resource Advisory Committee, consisting of three (3) Outside Directors, Chairperson of the Board and President, discusses appointment and discharge of senior management officers and offers advice and suggestions to the Board of Directors. Based on these, the Board of Directors discusses and decides appointments of the candidates for directors and Audit & Supervisory Board Members as well as appointments and discharge of executive and other officers.

In an effort to maintain an objective and transparent remuneration system, the policy and levels of remuneration for Directors and Audit & Supervisory Board Members of the Company are deliberated by the Compensation Advisory Committee, which consists of four (4) external members (two (2) Outside Audit & Supervisory Board Members, one (1) Outside Director and one (1) outside expert) and one (1) internal member. Taking its reports and recommendations into consideration, the remuneration for Directors is determined by the Board of Directors, and the remuneration for Audit & Supervisory Board Members is determined by discussions by the Audit & Supervisory Board Members, respectively, within the range previously determined by resolution of the General Meeting of Shareholders.

Furthermore, the Company works to mitigate legal risks by securing timely advice from expert law offices regarding important legal issues.

KPMG AZSA LLC

[Assistants involved in auditing work]

Twenty-seven (27) other certified public accountants

Forty-two (42) associates

(3) Outside Directors and outside Audit & Supervisory Board Members

Outside Directors of the Company perform their duty of contributing to the maintenance of management transparency and soundness by providing advice and suggestions based on their considerable insight and rich experience from an independent standpoint for proposed items and their discussions at the meetings of the Board of Directors. Outside Audit & Supervisory Board Members perform their duty of enforcing audit activities throughout the fiscal year based on the audit policy, audit plan, audit method and assignment of duties, which they discussed and decided at the meeting of the Audit & Supervisory Board in collaboration with Standing Audit & Supervisory Board Members, as well as provide comments as necessary based on their professional standpoint and rich experience at the meetings of the Board of Directors and of the Audit & Supervisory Board.

3. Reasons for Adoption of Current Corporate Governance System

The Company organizes the above framework to ensure effective and adequate performance of matters related to decision making, management and supervision, such as separation of corporate management from business execution, enhancement of corporate management decision making by the Board of Directors, strict management and supervision of business execution, measures undertaken by Outside Directors to improve transparency and objectivity of management, and measures undertaken by the Audit & Supervisory Board to appropriately audit Directors' execution of duties.
