

## Grinding Hub 2024 and Global Brand Name for Overseas Sales

TAIYO KOKI CO., LTD. (hereafter referred to as "TAIYO KOKI") will exhibit CVG-6 at Grinding Hub 2024, which will be held in Stuttgart, Germany in May 2024. Grinding Hub is one of the international trade fair for grinding technology. The overview of our exhibit is as follows.

### 【Overview】

Event : Grinding Hub 2024  
Date : May 14 – 17, 2024  
Place : Messe Stuttgart, Messeplazza 1, 70629 Stuttgart, Germany  
Exhibited machines : CVG-6  
Booth : Hall 7, Booth D41 (DMG MORI Deutschland GmbH)

Starting with our exhibits at the fair, TAIYO KOKI will adopt the brand name "DMG MORI Precision Grinding" for our products in overseas sales. As the markets for semiconductor manufacturing equipment, new energy fields such as wind power generation, medical-related industries, and electric vehicles will expand and require higher-precision parts more and more, we expect demand for TAIYO KOKI grinding machines to increase globally as well.

In order to widen the market range of our products in overseas, TAIYO KOKI will take advantage of DMG MORI sales and service network at 116 locations worldwide and effectively use our global brand name.

In addition, TAIYO KOKI has increased the number of expatriate staff by two in Germany and one in India since fiscal year 2024. TAIYO KOKI will strengthen our local sales and service system to receive more orders in overseas.

Going forward, we will continue our efforts to maximize synergetic effect as a DMG MORI Group company, aiming to achieve sales of JPY 20 billion by 2030.
