3. Qualitative Information for Quarterly Financial Results for the Period Under Review
(1) Explanation on Business Results

During the first six months of the fiscal year under review, the environment surrounding Japan remained uncertain mainly due to a global surge in prices of raw materials and energy, foreign exchange trends, and the impact of rising prices outpacing wage hikes although economic and social activities returned to normal and inbound demand recovered.

In this market environment, the Group worked on key issues in accordance with "VISION2025," the medium-term management plan, to realize its Purpose "Beyond innovation, for a beautiful smile!"

In mail order sales, domestic sales of PERFECT ONE, our cosmetics merchandise, excluding the impact of overseas sales, etc. $\left({ }^{*} 1\right)$, posted an increase from the previous year, but brand sales declined. Thanks to the advertising investment strategy with an emphasis placed on lifetime value (LTV), and the CRM strategy based on the 3-STEP skincare concept of "remove, moisturize and attract," PERFECT ONE All-in-One Gel series took the No. 1 spot in domestic sales in the highly competitive all-in-one market for eight consecutive years (*2). As for PERFECT ONE FOCUS, which has been marketed for the younger generation particularly those in their 20s, not only did main merchandise keep expanding sales but PERFECT ONE FOCUS Smooth Cleansing Balm Deep Black, which was put on the market in a limited amount in November, also boosted the sales expansion, resulting in faster growth of the brand. Besides, a large-scale measure at EC mall, a new commercial, and campaigns were carried out, contributing to the brand posting increased revenue. In healthcare, sales of " $W$ no Kenko Aojiru (Doubly Healthy Green Drink)," which is the main merchandise of Fun and Health and a food with functional claims, remained strong, and EC sales of Wellness Food grew steadily.

In wholesale, an expansion of the number of drug stores distributing PERFECT ONE, and steady sales of MCT Oil and Linseed Oil, which both were main merchandise in Wellness Food, contributed to an increase in net sales.

In overseas sales, net sales declined significantly as a result of revising the existing business strategies in East Asia and ASEAN with the aim of putting an emphasis on their investment efficiency. In the U.S. market, where the Group had established a subsidiary in the previous fiscal year, preparations for the full-scale launch of PERFECT ONE and PERFECT ONE FOCUS had been made steadily, and some of the merchandise was launched on some channels.
(*1) Excluding net sales of PERFECT ONE that were overseas sales and direct store sales.
(*2) Including PERFECT ONE FOCUS series: Fuji Keizai "Cosmetics Marketing Handbook 2017-2024" (Moisture and all-in-one sections / 2016-2023 results of manufacturer, brand share)

As a result of the foregoing, for the first six months of the fiscal year under review, net sales were 19,656 million yen (up $7.7 \%$ Year-on-year), operating profit came to 2,076 million yen (up $41.5 \%$ Year-on-year), ordinary profit was 2,083 million yen (up 42.0\% Year-on-year) and profit attributable to owners of parent posted 1,402 million yen (up $43.1 \%$ Year-on-year).

The Group's business segments consist of Mail Order, Wholesale and Overseas Sales of cosmetics and merchandise related to healthcare. As the ratio of Wholesale and Overseas Sales to overall sales is insignificant, and their materiality as disclosed information is low, a description by business segment has been omitted.
(2) Explanation on Financial Position

Total assets as of the end of the second quarter under review were 25,672 million yen, an increase of 170 million yen from the end of the previous fiscal year. This was mainly due to an increase of 129 million yen in cash and deposits and an increase of 146 million yen in accounts receivable-trade despite a decrease of 97 million yen in investments and other assets (deferred tax assets, etc.).

Liabilities totaled 5,304 million yen, a decrease of 536 million yen from the end of the previous fiscal year. This was mainly due to a decrease of 447 million yen in accounts payable-trade and a decrease of 99 million yen in long-term borrowings (including the current portion of long-term borrowings).

Net assets totaled 20,368 million yen, an increase of 706 million yen from the end of the previous fiscal year. This was mainly due to an increase of 692 million yen in retained earnings.
