3. Independence Standards for Outside Officers

The Company's Board of Directors considers that an Outside Director or Outside Audit & Supervisory Board Member (collectively "outside officer") of the Company who falls under any of the following items does not satisfy the independence requirements for outside officers.

- 1. A person who executes business ("executive") of the Company or its consolidated subsidiaries (together collectively, the "Group")
- 2. A person whose major business partner is the Group or an executive thereof (if such person is an organization)
- 3. A major business partner of the Group or an executive thereof (if such person is an organization)
- 4. A consultant, accounting professional, or legal professional receiving a significant amount of money or other assets from the Group other than officer remuneration (if the entity receiving such assets is a corporation, association or other form of organization, this refers to an individual belonging to such organization)
- 5. A major shareholder of the Company or an executive thereof (if such shareholder is an organization)
- 6. A person who receives a significant amount of donations from the Group or an executive thereof (if such person is an organization)
- 7. An executing person of another corporation with a mutual appointment relationship of outside officers
- 8. A person whose close relative ("close relative" means a relative within the second degree of kinship) falls under any of items 1 to 7 above (limited to a person in an important position except for items 4 and 5)
- 9. A person who has fallen under any of items 2 to 8 above during the past three years
- 10. The criteria to determine independence in items 1 to 7 above at the discretion of the Company shall be as follows. Even if independence is formally compromised, if it is determined after comprehensive consideration of factors including other sound reasons that there is substantive independence, the Company may recognize independence by making clear the reasons.
  - (1) The Company recognizes the independence of persons who in the past have fallen under item 1 above if they satisfy the eligibility requirements for outside officers stipulated in Article 2 of the Companies Act.
  - (2) With regard to the interpretation of "major business partner" in items 2 and 3 above, the Company deems a person is a major business partner in cases where there are continuing (including cases where continuation is expected) transactions amounting to 1% or more of annual consolidated total revenues in the most recent fiscal year related to the offer or receipt of money or other assets in connection with the provision of services, etc.
  - (3) With regard to the criterion for "receiving a significant amount of money or other assets" in item 4 above, the Company determines independence according to whether or not a person has obtained money and other economic benefits of ¥10 million or more per year on average over the past three years.
  - (4) "Major shareholder" in item 5 above refers to a shareholder whose percentage of voting rights exceeds 10%.
  - (5) With regard to "a person who receives a significant amount of donations from the Group or an executive thereof (if such person is an organization)" in item 6 above, if the Group has made donations exceeding ¥10 million per year on average over the last three years, there is deemed to be doubt about independence.
  - (6) If it is found that there is a close relationship with a "company with a mutual appointment relationship" in item 7 above, such as if both companies reciprocally appoint officers on a continuing basis and the other company does not have multiple outside officers other than those from the Company, there is deemed to be doubt about independence.
