(Reference) Matters Concerning Cross-Shareholdings

1. Policy for Cross-Shareholdings

The Company holds shares as cross-shareholdings after thorough consideration and from the perspective of maintaining and strengthening relationships with business partners in the Group’s business, and expanding transactions with them, among factors. It is our policy to withhold new acquisition of cross-shareholdings, unless there is reasonable significance.

The Company periodically assesses whether or not to hold each individual cross-shareholdings, by examining the holding purpose and benefits, and in light of capital efficiency, etc. As a result, the Company plans to further cut down cross-shareholdings by approximately 12.0 billion yen by the fiscal year ending March 2027, in addition to approximately 8.0 billion yen that the Company has already reduced during the fiscal year ended March 2024. The proceeds from the sales will be used for growth investment and shareholder returns.

2. Status of Cross-Shareholdings and ratio of cross-shareholdings to net assets

(Trends in the cross-shareholdings sold)

Category	113th Term (Fiscal year ended March 31, 2022)	114th Term (Fiscal year ended March 31, 2023)	115th Term (Fiscal year ended March 31, 2024)
Number of stocks sold	6	7	15
Amount sold (million yen)	525	1,172	7,965

Notes:

1. We define “investment shares held for purposes other than pure investment” in our annual securities report as “cross-shareholdings,” and provide the holding status.
2. Cross-shareholdings carried on balance sheets, number of stocks sold, and amount sold include deemed shareholdings.
3. An increase in carrying value on balance sheets is mainly due to the valuation based on fair value.
