Hence, the Company proposes to make such amendments as establishing new provisions about Directors who are Audit and Supervisory Committee Members and about the Audit and Supervisory Committee, deleting provisions about Corporate Auditors and the Board of Corporate Auditors, and changing the number of Directors, which are necessary for the Company to make a transition to a company with Audit and Supervisory Committee.

Proposal No. 6: Determination of Amount of Remuneration for Directors (Excluding Directors Who Are Audit and Supervisory Committee Members)

The amount of remuneration for Directors of the Company was resolved to be no more than 280 million yen per year at the 19th Annual General Meeting of Shareholders held on June 28, 2007 and that has continued to this day. However, the Company will make the transition to a company with Audit and Supervisory Committee, subject to the approval and adoption of Proposal No. 2 "Amendment to the Articles of Incorporation."

Therefore, in accordance with Article 361, paragraphs (1) and (2) of the Companies Act, the Company proposes to abolish the current limit of the abovementioned remuneration for Directors, and stipulate that the amount of remuneration for Directors (excluding Directors who are Audit and Supervisory Committee Members) shall be no more than 280 million yen per year (of which the remuneration amount for outside Directors shall be no more than 70 million yen per year. However, this does not include the employee salary for Directors who also serve as employees), taking into account various circumstances such as economic conditions. In addition, the Company proposes that the specific amount, payment period, and payment method, etc., for each Director (excluding Directors who are Audit and Supervisory Committee Members) shall be determined by a resolution of the Board of Directors.

Furthermore, after the Company makes the transition to a company with Audit and Supervisory Committee, in accordance with Article 361, paragraph (7) of the Companies Act, the Company plans to determine a policy for determining the terms of individual remuneration for Directors (excluding Directors who are Audit and Supervisory Committee Members), etc. by a resolution of the Board of Directors, as set forth below. The terms of this proposal are consistent with the aforementioned policy that is planned to be determined, and the terms are judged to be appropriate.

There are currently eight Directors (of which two are outside Directors), however if Proposal No. 2 and Proposal No. 3 are approved and adopted in their original forms, there will be nine Directors (of which three are outside Directors) who will become eligible for payment of remuneration (excluding Directors who are Audit and Supervisory Committee Members) by a resolution based on this proposal.

In addition, the resolution for this proposal shall only take effect after the approval and adoption of Proposal No. 2 "Amendment to the Articles of Incorporation" in its original form and the effective resolution of the amended Articles of Incorporation resulting from Proposal No. 2.

Proposal No. 7: Determination of Amount of Remuneration as Share Options for Directors (Excluding Directors Who Are Audit and Supervisory Committee Members) and Other Terms Thereof

At the 21st Annual General Meeting of Shareholders held on June 26, 2009, for remuneration as share options for Directors of the Company, it was resolved that payments shall be limited to the number obtained by excluding the fair value per share acquisition right (rounded down to the nearest integer), with a total number of share acquisition rights issued within one year of the date of the annual general meeting of shareholders of 80 million yen, which is within the range of the 280 million yen per year amount that was resolved at the 19th Annual General Meeting of Shareholders held on June 28, 2007, and that has continued to this day. However, subject to the approval and adoption of Proposal No. 2 "Amendment to the Articles of Incorporation," the Company will make the transition to a company with Audit and Supervisory Committee.

Therefore, in accordance with Article 361, paragraphs (1) and (2) of the Companies Act, the Company proposes to abolish the current limit of the abovementioned remuneration as share options for Directors, and requests approval for the allotment of share acquisition rights as share remuneration-type share options within the scope of the amount of remuneration for Directors (excluding Directors who are Audit and Supervisory Committee Members; applicable to the rest of this proposal) requested for approval under Proposal No. 6 "Determination of Amount of Remuneration for Directors (Excluding Directors Who Are Audit and Supervisory Committee Members)."

Specifically, the Company will grant Directors who have been allocated share acquisition rights remuneration equal to the paid-in amount, and will acquire the share acquisition rights by offsetting the right to claim remuneration with the paid-in amount for the share acquisition rights. The amount of remuneration as share options will be the amount obtained by multiplying the fair value per one unit of share acquisition rights, calculated at the date of allotment of the share acquisition rights, by the total number of allotted share acquisition rights.

Furthermore, after the Company makes the transition to a company with Audit and Supervisory Committee, in accordance with Article 361, paragraph (7) of the Companies Act, the Company plans to determine a policy for determining the terms of individual remuneration for Directors by a resolution of the Board of Directors, as set forth below. The terms of this proposal are consistent with the aforementioned policy that is planned to be determined, and the terms are judged to be appropriate.

If Proposal No. 2 and Proposal No. 3 are approved and adopted in their original forms, there will be six Directors, excluding three outside Directors, who will become eligible for payment of remuneration by a resolution based on this proposal.

In addition, the resolution for this proposal shall only take effect after the approval and adoption of Proposal No. 2 "Amendment to the Articles of Incorporation" in its original form and the effective resolution of the amended Articles of Incorporation resulting from Proposal No. 2.

- 2. Terms of Share Acquisition Rights as Remuneration

- (3) Asset Value to be contributed upon the Exercise of Share Acquisition Rights
 The assets to be contributed upon the exercise of share acquisition rights shall be monetary, and
 the amount shall be calculated by multiplying the Number of Eligible Shares by 1 yen, which is
 the paid-in amount for each share that can be received by exercising share acquisition rights.
- (4) Exercise Period for Share Acquisition Rights
 Within 30 years of the day following the day of allotment of share acquisition rights.
- (5) Restrictions on the Acquisition of Share Acquisition Rights through Transfers

 - (ii) If the Company's Board of Directors deems it inappropriate for a person to continue holding share acquisition rights, in cases other than those stipulated in (i) above.
 - b. If a proposal for approval of a merger agreement, in which the Company becomes a consolidated company, is approved at the Company's General Meeting of Shareholders, or if a proposal for approval of a share exchange agreement or approval of a share transfer, in which the Company becomes a wholly owned subsidiary is approved at the Company's General Meeting of Shareholders, share acquisition rights that were not exercised within 15 days from the day following the approval date will be acquired by the Company the day following the day on which 15 days have passed.  - (i) If a share acquisition rights holder has not reached the commencement date of the exercise period on or before one month prior to the day of the expiration of 30 years from the day after the day the share acquisition rights were allocated ("Final Day of Exercise Period"): From one month prior to the Final Day of Exercise Period until the Final Day of Exercise Period
 - (However, if this final day is not a business day, it will be until the previous business day).

- (8) Other Terms of Share Acquisition Rights

Other terms related to share acquisition rights shall be stipulated by the Board of Directors of the Company when the subscription matters for share acquisition rights are determined.

a. Basic Remuneration Policy

Fixed monthly remuneration is determined based on position, responsibilities, and the number of years in office, while giving consideration to a comprehensive range of factors including other companies' standards, performance of the Company, and employee salary levels.

b. Performance-Linked Remuneration Policy

In order to raise awareness of improving business performance each fiscal year, the Company may provide an estimated 0.5% of profit attributable to the previous consolidated fiscal year to Directors, excluding outside Directors, as monetary remuneration reflecting performance indicators, subject to approval by the annual general meeting of shareholders.
