Proposals and References

Proposal No. 1: Appropriation of Surplus

The Company proposes the following regarding appropriation of surplus.

<Matters concerning year-end dividends>

The Company engages in capital management that balances three elements: soundness, profitability (capital efficiency), and shareholder returns.

From the perspective of the improvement of corporate value, to achieve future sustainable ROE improvement and enhance shareholder return, the Company decided to revise its shareholder return policy from the conventional one based on the total return ratio of the sum of dividends and purchase of treasury shares to the new one based on the increase of dividends through profit growth in accordance with the payout ratio and also on purchase of treasury shares through capital control.

[Specific shareholder return policy]

The Company aims at a payout ratio of around 40% with a target of increasing dividends through profit growth, and will also flexibly implement purchase of treasury shares through capital control.

Dividends:

- We aim at a payout ratio of around 40% of net income attributable to owners of parent and aim to increase dividends through profit growth.

Purchase of treasury shares:

- We aim at a common equity Tier 1 ratio (excluding valuation difference on available-for-sale securities, etc.) of 11%–12% as an indicator and will flexibly implement purchase of treasury shares through capital control.

The year-end dividend for the 2nd fiscal year was scheduled to be 15 yen per share as announced on May 12, 2023. However, considering the above change with the shareholder return policy, the Company would like to increase the ordinary dividend by 17 yen to 32 yen per share.

- Matters concerning the allotment of dividend property to shareholders and the total amount 32 yen per share of common stock Total of 5,822,775,872 yen
- (2) Effective date of distribution of surplus Thursday, June 27, 2024

Proposal No. 2: Election of Six (6) Directors (Excluding Directors Serving as Audit and Supervisory Committee Members)

The terms of office of five (5) Directors (excluding Directors serving as Audit and Supervisory Committee Members; the same applies in the rest of this Proposal) will expire at the conclusion of this Ordinary General Meeting of Shareholders. Accordingly, the election of six (6) Directors is proposed.

Candidates for the Directors are decided by the resolution of the Board of Directors upon the deliberation by the Nominating and Compensation Committee that is chaired by an outside director.

The Audit and Supervisory Committee judged that each of the candidates is qualified for a Director of the Company.

The candidates for Director are as follows:
