1. The requirements for approval of each proposal were as follows:
  - Proposal 1:  
Votes in favor of the proposal amount to the majority of the voting rights exercised by shareholders present at the meeting who are entitled to vote.
  - Proposal 2 and Proposal 3:  
Votes in favor of the proposal amount to the majority of the voting rights exercised by shareholders present at the meeting who collectively hold at least one-third of the voting rights of the shareholders entitled to vote. Note that Proposal 2 and Proposal 3 were not subject to cumulative voting.
2. The ratio of voting for each proposal represents the ratio of votes that are confirmed as approving the proposal to the number of voting rights exercised. (320,827 voting rights were exercised in advance prior to the day of the meeting and 94,500 voting rights were exercised by shareholders present at the meeting.) On the day of the meeting, the Voting Rights Execution Form was collected from each shareholder attending the meeting to confirm their voting results. Therefore, the total number of votes for each proposal described above does not necessarily match those obtained in early voting and presented to shareholders during the meeting. In addition, shareholders who have not indicated their approval or disapproval on the Voting Rights Execution Form or who have not submitted said form were counted as having indicated their approval for all matters to be resolved.
