[Monthly comment]

In August, net sales totaled 105.3% for existing stores compared with the previous year and 116.4% for all stores.

Although some stores shortened their business hours and closed temporarily with the typhoon near the end of the month, sales of summer apparel were strong with the high temperature throughout the month, and sales of items such as household items and sports and outdoor items were also strong. Due to these factors, sales for both existing stores and all stores increased year on year.

[Information on opening and closing stores]
