This document describes corporate governance at
AEON DELIGHT CO., LTD ("AEON delight" or "the Company").

I. Basic Views on Corporate Governance, Capital Structure, Corporate Profile and Other Basic Information

1. Basic Views

Based on our Management Principle, "We pursue the creation of 'environmental value' for our customers and for the local communities," we fulfill our responsibilities to our stakeholders through sustainable growth of the company and by increasing the value of our company, and implement an optimal corporate governance system designed to best meet the needs of society and the business environment.

In AEON delight Corporate Governance Guidelines (hereafter the "the Company's Guidelines"), we have defined our corporate governance system as "a mechanism that helps to bring about sustainable growth of the company by maintaining balance between 'offense' and 'defense' in the four areas as follows":

- 1) Means for integrating the business activities of the members (executives and employees) of our enterprise under one policy or vector and then utilizing managerial resources to the maximum degree.
- 2) Basic promises that underpin the trusting relationships with stakeholders who support the company
- 3) Preparedness for unexpected ordinary or extraordinary events
- 4) Rules each enterprise should follow for surviving as a member of society

[Management Principle]

We Pursue the Creation of "Environmental Value" for our Customers and for the Local Communities.

[Code of Conduct]

- 1 I am always grateful to the many other individuals who provide help and support, and I never forget to act with humility.
- 1 I always act with integrity and sincerity in every situation.
- 1 I always work to improve myself so as to offer services that exceed customer expectations.
- 1 I continually challenge myself, without hesitation, to help AEON delight to create environmental values.
- 1 I always act as a good corporate citizen in serving local communities.
- 1 I always seek to improve and maintain a delightful workplace and to respect my fellow employees.

[Basic Policies for Sustainability]

AEON delight's management philosophy is "We Pursue the Creation of 'Environmental Value' for our Customers and for the Local Communities."

Based on this management philosophy, we will contribute to solving social issues and achieving a sustainable society by creating "environmental value" in all aspects of our business together with our many stakeholders.

- We will strive to create a safe, secure, hygienic, and healthy usage environment in and around our facilities.
- By providing solutions that meet society's expectations, we will contribute to achieving a decarbonized society, conserving biodiversity, and promoting recycling.
- We will comply with laws and social norms, build relationships of mutual trust with our business partners, and conduct fair business activities throughout the supply chain.
- We will respect the human rights of each individual and create a vibrant organizational culture in which diverse human resources can demonstrate their abilities.
- As a corporate citizen, we will engage in social contribution activities that aim for a better environment and society.

[Principle 3-1-3: Sustainability Initiatives]

<Disclosure under TCFD>

In order to fulfill our social responsibilities as a corporate citizen and promote ESG management that aims to solve social issues through business activities, we formulated the Basic Policies for Sustainability in August 2021 based on our Management Principle. In addition, we established the Sustainability Committee in April 2022 as a group-wide promotion body for ESG management to solve social issues through our business activities based on our Basic Policies for Sustainability and Material Issues.

Please refer to our website for disclosure based on TCFD recommendations.

Sustainability

Disclosure based on TCFD recommendations

<https://www.aeondelight.co.jp/english/sustainability/environmental/tcf.html>

< Investment in human capital and intellectual property, etc.>

In the ESG management described above, we identified materiality for issues that need to be addressed as a priority. The five areas of materiality include "safety and security," "labor force shortage," "environment," "technology utilization," and "corporate governance." In the area of "labor force shortage," we are promoting measures to invest in human capital and intellectual property.

<Investment in human capital and intellectual property>

We are investing in the development of true "experts" who possess both "technical" and "human" capabilities to achieve sustainable growth. We believe that developing professionals is an important management strategy to accumulate human capital and boost our invisible assets, and we are working to secure specialized personnel in both business and management departments, such as those with advanced public qualifications and digital marketing skills, while also developing global personnel with the aim of strengthening our competitiveness.

Through a combination of practical training at the AEON delight ACADEMY Nagahama, a specialized training facility owned by the Group, as well as internal recruitment and overseas training programs, we are able to secure personnel through internal training and external recruitment.

(Reference) Human capital data of Fiscal 2023

Number of trainees per year: 13,127

Total training hours per year: 105,016 hours

Average training hours per trainee: 24 hours

Total training and education expenses: ¥417,799 thousand
Education/training cost per person: ¥95 thousand

< Basic views on respecting human rights >

Based on the Basic Policies on Sustainability and Aeon Basic Policy on Human Rights, we respect human rights by complying with the human rights standards set out in the ILO Declaration on Basic Principles and Rights in Labor of the International Labor Organization (ILO) and by supporting and practicing the United Nations Guiding Principles on Business and Human Rights.

< Promotion of fair business activities >

For our suppliers, we have established a "Supplier Hotline" and conducted supplier questionnaires to ensure compliance with the Subcontract Act and other laws and regulations, as well as to foster fair transactions and a relationship of mutual trust.

< Promotion of health management >

We are practicing health management based on the Aeon Health Management Declaration. To realize the health and happiness of our employees and customers, and to contribute to the local community, we are promoting health management as a foundation for our diverse personnel to demonstrate their abilities and continue to perform effectively, based on our belief that people are our greatest asset. By improving our employees' health, both physically and mentally, we will drive interest and knowledge in health to promote health and wellness, improve work productivity by creating a healthy and dynamic workplace, maintain and improve the health of our employees and their families, and enhance employee satisfaction by enriching their families and communities. In March 2023, we were recognized by the Nippon Kenko Kaigi as a company that practices excellent health management and included in the 2023 Health & Productivity Management Outstanding Organizations list under the large enterprise category.

[Supplemental Principle 4-1-1: Outline of the Scope of Delegation from the Board of Directors to Executive Officers] Please refer to Article 16 "Business operation systems" and Article 17 "Roles, duties, etc. of the board of directors" of the Company's Guidelines.

[Principle 4-8: Effective use of independent outside directors; Supplementary Principle 4-8-3: Majority independent outside directors]

Article 13 "Systems for the boards of directors and auditors" of the Company's Guidelines stipulates that the Company shall have at least two independent and impartial outside directors. Currently, the Company's Board of Directors is composed of eight directors, of which four are independent outside directors who meet the independence standards of the Tokyo Stock Exchange. At present, we believe that the composition of the Board of Directors is appropriate for supervising management and conducting effective deliberations. In addition, a Special Committee was established based on a resolution at the May 2022 Board of Directors meeting to deliberate and review important transactions and actions that may conflict with the interests of the controlling shareholders and minority shareholders.

[Principle 4-9: Independence Standards for Independent Outside Directors]

Please refer to Article 21 "Criteria for judging the independence of external directors" of the Company's Guidelines.

[Supplementary Principle 4-10-1: Views on independence of committee composition, authority, role, etc.]

Please refer to page 9 "Establishment of an optional committee, members of the committee, and attributes of the chairperson of the committee" and "Supplementary Explanation" under the "II B Business Management Organization and Other Corporate Governance Systems regarding Decision-making, Execution of Business, and Oversight in Management" section of this report.

[Supplemental Principle 4-11-2: Concurrent Service by Board Directors and Members of the Audit & Supervisory Board]

Please refer to Article 31 "Whether directors and auditors are part-time" of the Company's Guidelines. In addition, the status of concurrent positions held by officers is disclosed in the Annual Securities Report and the Notice of Convocation of the Ordinary General Meeting of Shareholders.

[Supplemental Principle 4-11-3: Ensuring the Effectiveness of the Board of Directors]

< Evaluation Process >

The Evaluation Advisory Committee, a voluntary advisory body to the Board of Directors, administered a self-evaluation based on a questionnaire* in March 2024, and analyzed and evaluated the results. Based on the results of the analysis and evaluation by the Evaluation Advisory Committee, the Board of Directors assessed the effectiveness of the Board of Directors at a meeting held on April 24, 2024, with the presence of the legal counsel and their expert opinion.

* Self-evaluation based on a questionnaire: All directors and corporate auditors responded to a questionnaire regarding the effectiveness of the Board of Directors.

< Evaluation items >

1. Composition of the Board of Directors, 2. Operation of the Board of Directors, 3. Agenda of the Board of Directors, 4. Structure to support the Board of Directors, 5. Roles and responsibilities of the Board of Directors, 6. Others

<Overview of evaluation results>

We evaluated that the effectiveness of decision-making and supervision of business execution by the Board of Directors is being maintained in line with the Company's basic approach to corporate governance.

The composition of the Board of Directors is designed to ensure the effective operation of the Board of Directors, with half of the members being outside directors, in consideration of its role as a supervisory function for management, and the appointment of female directors to embrace diversity. In terms of operations, we saw improvements in managing the agenda of the Board of Directors meetings based on an annual plan, and in ensuring that outside directors are briefed on the agenda in advance according to a schedule, which helps facilitate effective discussions at the Board of Directors meetings. On the other hand, we recognize the need to continue improving existing issues, such as carrying out discussions on important management issues such as business portfolios, reporting on the status of business execution, and succession planning.

[Supplemental Principle 4-14-2: Training Policy for Directors and Auditors]

Please refer to Article 30 "Policy for the training of directors and auditors" of the Company's Guidelines. The Company conducts the following training and seminars for officers of the Company and its subsidiaries.

- Training for newly appointed officers
- Compliance seminars
- Top Seminars(Seminar for executives)

[Principle 5-1: Policy for Constructive dialogue with Shareholders]

The basic policies are listed in Article 10 "Dialogue with Shareholders" of the Company's Guidelines.

In order to promote constructive dialogue with shareholders, the Board of Directors appoints a director or executive officer as the person in charge of handling information and designates the President's Office, PR & IR Group as the department in charge of investor relations. The person in charge of information handling ensures organic collaboration, including ensuring

that information is shared among departments that assist in the dialogue. Financial results briefings are held twice a year for investors, and video and audio of the briefings are distributed via the internet. In addition, telephone interviews and investor relations meetings are conducted as needed. Regular feedback is provided to directors based on the advice of external

consultants. In order to prevent unauthorized disclosure of insider information during dialogue, information management is thoroughly implemented in accordance with the "Regulations on Insider Trading Prevention and Insider Information Management" and the "Regulations on Information Disclosure Management".

[Actions to implement cost of capital and stock price conscious management]

Based on the "【Supplementary material】 Semi-annual Financial Results for the Fiscal Year Ending February 28, 2025" published on October 8, 2024, our company aims to improve corporate value by aiming for a ROE of 12% by improving business profitability through growth investments and further shareholder returns. In addition, we will continue to hold discussions at meetings of the Board of Directors regarding capital costs and stock prices. For details, please refer to the "Financial Policy and Capital Policy (Section 21 to 22)" in the "Semi-annual Financial Results for the Fiscal Year Ending February 28, 2025" published on our website.

4. Policy on Measures to Protect Minority Shareholders in Conducting Transactions with a Controlling Shareholder

AEON delight belongs to a corporate group consisting of Aeon Co., Ltd. (pure holding company; "Aeon Co. Ltd." and Aeon Co., Ltd. consolidated subsidiaries and equity-method affiliates).

The Company makes its own independent management decisions related to daily business operations, and confers with or reports to Aeon Co. Ltd. concerning key management issues. The growth of Aeon Co., Ltd. and its group companies leads to more business opportunities for the Company.

Therefore, the Company believes that collaboration and maximization of synergies with Aeon Group companies will contribute to the expansion of minority shareholders' interests.

In accordance with Article 9 "Prevention of transactions that go against shareholders' interests" of the Company's Guidelines, the Company ensures the economic rationality of the terms and conditions of transactions with Aeon Co., Ltd. and its group companies from the perspective of protecting minority shareholders, and concludes particularly important contracts through resolutions at meetings of the Board of Directors attended by outside directors and outside corporate auditors who are designated as independent officers and corporate auditors as stipulated by the Tokyo Stock Exchange, Inc. In addition, we established a special committee in May 2022 as an advisory body to the Board of Directors, with the chairman and all members being independent outside directors, for the purpose of appropriately reflecting the opinions of minority shareholders and other stakeholders in the Board of Directors from a standpoint independent of management executives and controlling shareholders in the event of matters that may cause conflicts of interest between controlling shareholders and minority shareholders.

5. Other Special Circumstances which may have Material Impact on Corporate Governance

The Company's parent company is Aeon Co., Ltd. and Aeon Co., Ltd. holds 27,613,000 shares (56.95% of voting rights) of the Company's stock.

The Board of Directors of the Company consists of eight directors, including four outside directors, and is in a position to make independent management decisions.

In addition, the Company has appointed three outside corporate auditors, including two independent officers, to ensure greater independence in management decisions, and to make its own decisions regarding management decisions in terms of business operations and fund procurement. Furthermore, the Company has one officer who concurrently serves as an executive officer of Aeon Co., Ltd. and has introduced a framework to protect the interests of minority shareholders by, for example, not allowing the said officer to participate in resolutions on matters related to transactions with controlling shareholders, etc. and consulting a special committee composed of independent outside directors on matters where there is concern about a conflict of interest between the controlling shareholders and minority shareholders.

Aeon Co., Ltd.'s "Policies on Governance of Listed Subsidiaries" is as follows.

Based on its basic principles of "Pursuing peace, respecting humanity, and contributing to local communities, always with the customer's point view as its core," Aeon believes that the enterprise value of the entire Group can be enhanced by emphasizing the autonomy and originality of the management of Group companies and practicing group management based on a decentralized system, and has practiced this philosophy since its founding. Against this backdrop, as a parent company, the Company was one of the first to transition to a company with a nominating committee in 2003 in order to increase the transparency of Group governance and the speed of management. In 2008, the Company transitioned to a pure holding company in order to strengthen management from the perspective of the entire Group without being biased toward any particular business, and has been implementing management measures to increase synergy across the entire Group. Among the Group companies, those that are expected to achieve sustainable growth through self-directed management that reflects business and regional characteristics and improve management quality as a result of the discipline imposed by the capital markets are made into listed subsidiaries. In addition, from the perspective of protecting minority shareholders of listed subsidiaries, the Company requests the appointment of independent outside directors and the establishment of an advisory committee of independent officers.

As described above, the Company believes that collaboration and maximization of synergies with Aeon Group companies will benefit minority shareholders.

Supplementary Explanation

Recipients of Stock Options	Inside Directors
-----------------------------	------------------

Supplementary Explanation

At the 34th Ordinary General Meeting of Shareholders held on May 24, 2007, the Company passed a resolution to eliminate the retirement benefit program and introduce a remuneration-type stock option plan. This improves alignment between the director remuneration program and the Company's stock price and earnings, enabling directors to share the benefits and risks associated with stock price fluctuations with shareholders, thereby raising morale and motivation to improve earnings and increase enterprise value. The most recent allotment date was May 10, 2024, and the Company allotted the 17th series of stock acquisition rights to three inside directors of the Company.

Policy on Determining Remuneration Amounts and Calculation Methods	Established
--	-------------

The Company has resolved to adopt a policy for determining the method of calculation of remuneration for each individual director at a meeting of the Board of Directors held on February 26, 2021.

The Company's policy for determining the details of remuneration, etc. for each individual director is as follows

(a) Basic concept of the director remuneration system

The Company stipulates the compensation of the Company's directors in its regulations on director compensation as follows.

A. The remuneration system shall be designed to strongly motivate directors to practice the Company's management philosophy, "We pursue the Creation of "Environmental Value" for our Customers and for the Local communities," and to actively work on environmental issues and social contribution, as well as to execute management strategies that contribute to improving business performance.

B. The remuneration system shall have a high level of transparency and fairness, and be acceptable to and supported by stakeholders (customers, shareholders, employees, etc.).

In addition, the regulations stipulate that corporate auditors shall receive the prescribed remuneration regardless of the Company's performance.

(b) Policy and process for determining remuneration, etc. of directors and corporate auditors

Remuneration for directors is determined by the Board of Directors within the range of the total amount of remuneration resolved at the Ordinary General Meeting of Shareholders, based on recommendations from the Nomination and Compensation Advisory Committee and other factors. In addition, the President, who is delegated by the Board of Directors to determine the individual remuneration of each director, prepares the amount of basic compensation for each director and an evaluation and allocation plan for performance-linked compensation based on the performance of the business for which each director is responsible, and makes decisions based on the report of the Nomination and Compensation Advisory Committee and other factors.

Remuneration for corporate auditors is determined through discussions among the corporate auditors within the range of the total amount of remuneration resolved at the Ordinary General Meeting of Shareholders. Remuneration for outside directors and corporate auditors is limited to basic compensation that is not linked to business performance due to the nature of their roles. Remuneration for internal directors (directors who are not outside directors, hereinafter the same meaning) consists of basic compensation, performance-linked compensation, and stock options, as follows.

A. Basic compensation

Basic compensation shall consist of a fixed monthly compensation paid within the standard amount set for each position, which is determined based on individual evaluations.

B. Performance-linked compensation

Performance-linked compensation shall consist of the following Company and individual performance-linked compensation.

The percentage of performance-linked compensation shall be 100% of the base amount upon achievement of the target set at the beginning of the fiscal year, and shall vary between 0% and 200% based on the Company's performance and each individual's evaluation during the fiscal year. Performance-linked compensation shall be paid at a specified time each year.

a. Company performance-linked compensation

Company performance-linked compensation shall be determined based on the Company's achievement rate in relation to the base amount for each position, taking into consideration the overall performance of the Company.

b. Individual performance-linked compensation

Individual performance-linked compensation shall be determined by a coefficient based on individual evaluations of departmental performance and achievement rates of management targets, in relation to the base amount for each position.

C. Stock options (non-monetary compensation)

Stock acquisition rights are allocated to directors as stock options, with the aim of increasing their motivation and ambition to continuously boost business performance and enhance corporate value by linking stock price and business performance with compensation and sharing with shareholders not only the benefits of a rise in stock price but also the risks associated with a decline in stock price.

The number of stock acquisition rights to be granted shall be determined by the Board of Directors based on the average stock price over a certain period of time and the performance of the relevant fiscal year against the base amount for each position, following a recommendation by the Nomination and Compensation Advisory Committee.

Stock acquisition rights are granted at a specified time in each fiscal year in accordance with the terms and conditions stipulated in the Regulations for Director and Corporate Auditor Remuneration.

(c) Target indicators and results related to performance-linked compensation

As an indicator of overall profitability, the Company uses the level of achievement of consolidated ordinary income as the main indicator for the payment of performance-linked compensation and stock options, and considers the percentage of achievement of the budget for consolidated net income and consolidated operating income, as well as the year-on-year change in each income item and the nature of the change. For the current fiscal year, the forecasted consolidated operating income was ¥16.0 billion and the actual consolidated operating income was ¥15.2 billion.

(d) Reasons the Board of Directors has determined that the individual director remuneration for this fiscal year is in line with the relevant policy.

Kazumasa Hamada, President, who was delegated this task by the Board of Directors, has prepared an evaluation and allocation plan for performance-linked compensation based on the amount of base compensation for each director and the performance of the business for which each director is responsible, and based on recommendations from the Nomination and Compensation Advisory Committee and other factors, we believe that the individual director compensation for the current business year is in line with the relevant policy.

[Supporting System for Outside Directors (External Auditors)]

When Board of Directors meetings are held, sufficient information is provided to all officers, including outside directors and outside corporate auditors, by distributing materials and providing explanations in advance of deliberations.

The Group Strategy Department, which serves as the secretariat for the Board of Executive Officers, provides support for outside directors, while full-time corporate auditors and staff associated with full-time corporate auditors provide support for outside corporate auditors. In addition, we promote the exchange of information and sharing of understanding through participation in management meetings and the use of voluntary advisory committees.

2. Corporate Governance Systems

[Corporate Governance Structure]

In AEON delight Corporate Governance Guidelines, we have defined our corporate governance system as "a mechanism that helps to bring about sustainable growth of our company by maintaining balance between 'offense' and 'defense' in the four areas as follows":

- 1) Means for integrating the business activities of the members (executives and employees) of our enterprise under one policy or vector and then utilizing managerial resources to the maximum degree.
- 2) Basic promises that underpin the trusting relationships with stakeholders who support our enterprise
- 3) Preparedness for unexpected ordinary or extraordinary events
- 4) Rules each enterprise should follow for surviving as a member of society

[The Board of Directors]

The Board of Directors plays the second most important role after the general meeting of shareholders in our company's corporate governance system. It makes important decisions on business management as well as provides effective oversight over the senior management team, including the directors and executive officers.

In principle, the Company holds regular meetings of the Board of Directors once a month, as well as extraordinary meetings as necessary. A total of 18 meetings were held (excluding one resolution in writing) during the fiscal year ended February 29, 2024. Since July 2019, half of our directors have been independent outside directors as defined by the Tokyo Stock Exchange, Inc. to ensure transparency in management. In addition, by clearly separating the supervisory functions of the directors from those of the executive officers, the Board of Directors are able to focus on important decisions and supervisory functions, such as setting the management framework.

[Corporate Auditors, Board of Corporate Auditors]

Corporate auditors attend Board of Directors meetings and other important meetings to monitor decision-making and execution of duties by the Board of Directors and directors.

[Nomination and Compensation Advisory Committee]

The Nomination and Compensation Advisory Committee was set up voluntarily by the Board of Directors to advise the Board on the nomination and selection of directors and corporate auditors, succession planning of the President and other senior executives, and incentive plans and compensation of directors.

Similarly, the Nomination and Compensation Advisory Committee also advises the Board on the nomination and dismissal of the President and directors of each Group company. The dates of committee meetings in fiscal 2023 and the main topics and member composition are as described in page 6, Section II Business Management Organization and Other Corporate Governance Systems regarding Decision-making, Execution of Business, and Oversight in Management, Part 1: Organizational Structure and Operation of this report.

[Evaluation Advisory Committee]

The Evaluation Advisory Committee is a voluntary advisory body to the Board of Directors, established to strengthen the independence and objectivity of the Board of Directors. It analyzes and evaluates the effectiveness of the Board of Directors as a whole and provides advice and recommendations to the Board of Directors. The committee is composed of directors and corporate auditors, including several independent outside directors, and the chairperson is appointed from among the independent outside directors as a general rule. In principle, the committee meets once a year. The Evaluation Advisory Committee meeting regarding the Board of Directors for fiscal 2023 was held twice; once each in February 2024 and March 2024. Composition of the Committee

Committee Chairman: Yoshiaki Hompo, Independent Outside Director

Committee Members: Kazumasa Hamada, President; Keiji Yoshikawa, Independent Outside Director; Kiyonori Suzuki, Independent Outside Director*; Tetsuya Akutsu, Director

Mr. Suzuki will be a new committee member (effective May 17, 2024).

[Special Committee]

The Special Committee is an advisory body to the Board of Directors and was established in May 2022 for the purpose of appropriately reflecting the opinions of minority shareholders and other stakeholders in the Board of Directors from a standpoint that is independent of management executives and controlling shareholders. The committee is chaired by an independent outside director and all committee members are independent outside directors. Meetings are held when there is a concern about a conflict of interest between controlling shareholders and minority shareholders. One meeting was held in fiscal 2023.

Composition of the Committee: *All independent outside directors

Committee Chairman: Keiji Yoshikawa, Independent Outside Director

Committee Members: Independent Outside Directors Yoshiaki Hompo, Asako Takada, Toshio Shimada

[Board of Executive Officers]

The Board of Executive Officers consists of Executive Officers and members appointed by the President and CEO, the chairperson, and discusses management policies, management strategies, and other important management matters. In addition, outside directors and corporate auditors are allowed to attend meetings as observers on a voluntary basis to share information on the status of important business operations. In principle, the Board of Executive Officers meets at least once a month.

[Other voluntary committees]

In March 2021, as part of the governance initiatives to prevent misconduct at Group companies, we established the Group Governance Enhancement Promotion Committee, which is responsible for monitoring the maintenance and continuation of the efforts of the Recurrence Prevention Committee, which was created when accounting irregularities were discovered at a subsidiary, and the Corporate Culture Committee, which is responsible for instilling the Group's common philosophy and Delight Way as a mindset for all Group employees, as well as for creating a fulfilling workplace environment. The Group Governance Enhancement Promotion Committee discusses the effectiveness of recurrence prevention measures within the Group and the status of internal controls for the entire Group, and implements additional measures as necessary on a case-by-case basis. In fiscal 2023, the Group Governance Enhancement Promotion Committee held eight meetings. The Corporate Culture Committee carried out specific measures from fiscal 2022 onward, such as holding briefings and for office managers and above at each regional office and general managers and above at the headquarters, based on the results of the Fulfilling Company Questionnaire for Group employees, which was conducted in fiscal 2021 with the aim of creating a fulfilling workplace. In addition, the Risk Management Committee identifies misconduct at Group companies as a material risk and engages in risk management and implements recurrence prevention measures to mitigate risks. These three committees are comprehensively involved in Group-wide monitoring and activities to promote measures to strengthen internal controls in the areas under the responsibility of headquarter departments including Finance and Accounting, Personnel and General Affairs, IT Infrastructure, Compliance, Internal Controls, and Legal Affairs. Furthermore, in April 2022, we established the Sustainability Committee as a company-wide promotion body for ESG management to solve social issues through our business activities. The Sustainability Committee is responsible for holding discussions on ESG management promotion, including priority initiatives based on the Basic Policies for Sustainability and Material Issues, as well as summarizing the discussions and reporting to the Board of Directors. In fiscal 2023, the committee carried out initiatives centered on its three subcommittees on the environment, diversity, and supply chain, and the Board of Directors approved a report on the summary of these activities and a policy for activities in fiscal 2024.

[Group Governance]

In response to the discovery of accounting problems at our consolidated subsidiary in the past, we established the 3 pillars of group governance (1. the growth strategy of each company; 2. budget control; and 3. compliance and internal control system) to accelerate the overall growth strategy of the AEON delight Group and strengthen the Group governance system.

Our Board of Directors and the AEON delight Group Company President's Committee, to which authority has been transferred, monitor whether these three pillars of Group governance are functioning systematically and make decisions on resource reallocation for each company.

[Internal Audit]

The Group Corporate Audit Department, as a department independent of the business execution division and the risk management division, conducts internal audits by risk, including those of subsidiaries, and reports the results to the President and CEO, the Board of Directors, and others to provide objective assurance, advice, and insight to preserve and enhance the value of the Group.

[Accounting Auditor]

AEON delight has elected Deloitte Touche Tohmatsu LLC as its Accounting Auditor and receives accounting audits from the company. There is no special vested interest between AEON delight and Deloitte Touche Tohmatsu LLC or any of the public accountants engaging in the auditing work.

The accounting audit system for the fiscal year under review is as follows.

Name(s) of the certified public accountant(s) who performed the audit

CPAs that performed the audit: Kazunari Todoroki and Seiji Oguchi

Composition of assistants for audit work

10 certified public accountants, 32 others

[Limited Liability Agreement]

The Company has entered into agreements with outside directors Mr. Masaaki Fujita, Mr. Yoshiaki Hompo, Mr. Keiji Yoshikawa, Ms. Asako Takada, and Mr. Toshio Shimada and outside corporate auditors Mr. Kiyonori Suzuki, Mr. Takashi Kuroda, Ms. Mari Ebisui to limit their liability to the Company under Article 423, Paragraph 1 of the Company Law to the extent that they have performed their duties in good faith and without gross negligence.

3. Reasons for Adoption of Current Corporate Governance System

The Company is a company with a Board of Corporate Auditors, and the Corporate Auditors and the Board of Corporate Auditors audit the execution of duties by the Directors and the Board of Directors. The Board of Directors of the Company has both executive and supervisory functions. However, in order to speed up decision-making related to execution, the Board of Directors has introduced an executive officer system and delegated the execution of specific areas of business to executive officers.

Basic Policy on Internal Control Systems (Updated May 17, 2024)

(1) The system to ensure that the execution of duties by its directors and employees complies with laws and regulations and with the Company's Articles of Incorporation (compliance system)

- ① In addition to complying with laws and regulations and with its Articles of Incorporation, the Company always adheres to its Management Principle and Code of Conduct and acts with high ethical standards, while always being mindful of its "My Promise" that define its corporate compliance.
- ② The Company will implement a system to ensure that the execution of duties by its directors and employees complies with laws and regulations and with its Articles of Incorporation, as follows:
 - (a) The Board of Directors will make decisions on matters of importance as prescribed by the Board of Directors rules and standards on deliberations as well as provide oversight over the execution of the Company's business operations. Directors will mutually exercise checks and balances within the Board and will ensure that decisions of the Board and the Company's execution of its business comply with laws and regulations and with its Articles of Incorporation;
 - (b) The Board of Directors will appoint an officer in charge of compliance, and the Group Personnel and General Affairs Department overseeing internal control and compliance will be placed under this officer's control. The officer in charge of compliance and Group Personnel and General Affairs Department will be responsible for ensuring that the Company and its subsidiaries (hereinafter referred to as the "Group") implement necessary measures to strengthen compliance.
 - (c) The Company's Group Personnel and General Affairs Department will appoint compliance committee members who do not concurrently serve as directors or officers at Group companies. Under the supervision of the officer in charge of compliance, it will evaluate the appropriateness of their activities and nominate and dismiss committee members.
 - (d) The Company will require all employees to adhere to laws, regulations, company rules, etc. in the Company's working rules and will organize compliance training periodically or whenever necessary to raise compliance awareness of Group company directors' and employees' compliance awareness;
 - (e) The Company will conduct human rights training and awareness programs for officers and all employees working for the Company in order to widely disseminate the Aeon Human Rights Policy in the workplace and put it into practice in business operations.
 - (f) The Company will establish a whistleblower system for early detection and remedy of inappropriate corporate activities and prevention of similar incidents from happening again;
 - (g) The Group Corporate Audit Department, as an internal audit department, will examine and assess the effectiveness of the compliance system.

(2) The system for preservation of information related to execution of duties by the directors (information preservation system)

- ① The Company will implement a system to appropriately store and preserve documents such as the minutes of the general meetings of shareholders and of the Board of Directors, the preservation of which is a statutory requirement, and other important information, as follows:
 - (a) In accordance with laws and regulations as well as the internal regulations on document management and other internal regulations, the Company will appropriately store and preserve important documents and electromagnetic records relating to execution of business by its directors;
 - (b) The Company will respond immediately to requests from directors and auditors to examine those documents and media; and
 - (c) The Company will establish a basic policy for information security, comply with internal regulations such as the AEON delight Group Information Security Management Regulations and the Regulations on Protection of Personal Information, strengthen information security and protect against cyber attacks, and prevent the leakage of confidential and personal information.

(3) The regulations and systems for management of risk of loss (risk management system)

- ① The Company will establish a basic risk management policy and develop and implement the following systems based on the AEON delight Group Basic Regulations for Risk Management to make necessary decisions and take necessary steps in response to various risks that may arise during the course of business activities.
 - (a) As for risk management during the normal course of business, risk management departments, assigned for each risk, will manage risk to prevent risk-related incidents and reduce loss;

[Basic Risk Management Policy]

- The Company will manage various risks that may have a significant impact on the Group's business activities and cause losses in a centralized and continuous manner.
- The Company will determine and analyze risks, identify major risks, discuss risk countermeasures (avoidance, mitigation, transfer, and retention), and develop measures to reduce the losses that the Group may incur in the event that a major risk materializes. In the event that a risk materializes, the Company will take appropriate and prompt action as an organization to minimize damage to customers and other related parties, and strive for a rapid recovery.
- The entire AEON delight Group will implement PDCA activities and promote risk management.

(b) The Risk Management Committee, with the Group Personnel and General Affairs Department serving as its secretariat, shall oversee the evaluation and analysis of risks and proposed countermeasures implemented by the department in charge of each risk, and shall report the results of such evaluation and analysis to the Board of Directors on a regular basis. In addition, the risk management officers of each Group company shall monitor the management status of their own major risks and report the results to the Chief Risk Management Officer of the Company. If risk becomes actualized and substantial damage can be expected, directors must promptly report it to the Corporate Auditors; and

(c) In times of emergencies, the Disaster Response Headquarters will be established, with the President acting as the head, to enable quicker decision making and execution than during normalcy. In addition, it will prepare the basic regulations and manuals for business continuity in times of crisis (BCP basic regulations), BCP detailed regulations, disaster recovery handbook, etc, periodically revise regulations and manuals, and plan and conduct disaster drills.

(d) Among the business risks, with regard to the risk of human rights violations, the Company will conduct human rights due diligence under the Aeon Human Rights Policy and promote initiatives to avoid or mitigate negative impacts related to human rights.

(e) The Group Management Audit Department will evaluate the effectiveness of risk management through audits of the departments in charge of risk.

② The Company, with its commitment to quality of its operations as a way to concretize "creation of environmental value" enshrined in its Management Principle, will implement a system for maintaining and improving quality so as to continue to win the support of its customers, as follows:

(a) The Company will establish an Integrated Manual on Quality and Environment and review its contents as needed.

(b) The Company shall provide ISO internal auditor qualification training to all Area managers and Site managers to ensure that operations are conducted in accordance with business management regulations and manuals. In addition, mutual audits will be conducted by ISO internal auditors to confirm the effectiveness of such audits.

(4) The system for ensuring that directors are executing their duties efficiently (system to ensure efficiency)

① The Company will implement a system to ensure that directors are executing their duties with efficiency, as follows:

(a) The Company will set out the rules of the Board of Directors and identify those issues that require the resolution of the Board and those issues that must be reported to the Board. As for other issues before the Board, the company will demarcate decision-making authority based on regulations on decision-making and on responsibilities and authority of the directors. It will also set out clearly the division of labor for executing business operations within the organization and the boundaries of jobs and responsibilities;

(b) The Board of Directors shall devote sufficient deliberation to important management decision-making and supervision of management and business execution. In addition, the Company shall improve the efficiency of business execution under the executive officer system, and shall utilize such meeting bodies as the Board of Executive Officers, Regional Office Management Committee, and AEON delight Group Company President's Committee to ensure efficient management of the Group.

(c) The Company shall establish a system that ensures management efficiency by including multiple independent outside directors on the Board of Directors, examining management proposals from various perspectives, providing highly effective supervision of directors, and supporting prompt and decisive decision-making.

The Board of Directors shall establish the Nomination and Compensation Advisory Committee and the Evaluation Advisory Committee as voluntary advisory committees for the purpose of supervising the fairness of the execution of duties and evaluating their appropriateness, and shall appoint an independent outside director as the chairman of these committees.

(d) The basic concepts of the Company's corporate governance, which have been outlined above, will be set down in writing and disclosed in AEON delight Corporate Governance Guidelines.

(5) The system to ensure fair business transactions within the corporate group consisting of the Company, its parent company and subsidiaries (internal control within the corporate group)

① Transactions between AEON delight and any of parent company AEON Co., Ltd., AEON Group companies, or AEON delight subsidiaries will be based on the market price. Measures will be implemented to prevent conflict of interest and to ensure fair transaction.

② Material transactions that may cause conflicts of interest between controlling shareholders and minority shareholders shall be deliberated and reviewed by a Special Committee consisting of independent outside directors.

- ③ AEON delight Group will implement a system for sharing its basic philosophy and principles and reinforcing internal control within the Group, as follows:
- (a) The Company will set down the basic framework of governance of subsidiaries by parent companies in the regulations on management of affiliated companies and the regulations on duties and responsibilities of each group company, by stipulating matters that subsidiaries must report to the parent company and matters requiring prior approval of the parent company. The Company will also dispatch its directors and auditors to its subsidiaries to supervise management of the subsidiaries;
