CORPORATE GOVERNANCE

Haseko Corporation

Last updated: November 12, 2024

Haseko Corporation

Kazuo Ikegami, President and Representative Director

Contact: Corporate Planning Dept.

Securities code: 1808

The corporate governance status of Haseko Corporation (the “Company”) is described below.

I. Basic Views on Corporate Governance, Capital Structure, Corporate Profile, and Other Basic Information

1. Basic Views

The Company has made it a basic policy of its corporate management to contribute to society and win society’s confidence through its business operations that put customers first. The Company has also positioned reinforcement of corporate governance as one of its utmost management priorities as it recognizes that it is indispensable to secure management transparency and objectivity for maximizing corporate value in a stable manner over the long term and ensuring shareholders’ interests.

The Company has established the Basic Policy on Corporate Governance for the purpose of achieving sustainable growth and medium- to long-term enhancement of its corporate value. The Basic Policy has been publicized on the Company’s website.

Basic Policy on Corporate Governance: <https://www.haseko.co.jp/hc/english/company/pdf/policy.pdf>

Reasons for Non-compliance with the Principles of the Corporate Governance Code

The Company has made descriptions for all the principles based on the Code that has been revised in June 2021, and has complied with all of them.

Disclosure Based on Each Principle of the Corporate Governance Code (Updated)

[Principle 1-4: Cross-Shareholdings]

Please refer to Article 18 (Cross-Shareholdings) of the Basic Policy on Corporate Governance.

[Principle 1-7: Related-Party Transactions]

Please refer to Article 19 (Transactions with Related Parties) of the Basic Policy on Corporate Governance.

[Supplementary Principle 2-4-1: Ensuring Diversity in the Promotion to Core Human Resources]

(1) Views on and Targets and Status of Securing Diversity

To realize the creation of an optimal environment for cities and people based on the Corporate Philosophy, the Haseko Group aims to be a company in which diversified human resources with a variety of values and views can display their individual personalities and abilities and play an active role, irrespective of race, nationality, birth, creed, religion, sexual orientation, gender identity, age, disability or other differences.

Please refer to Article 14 (Ensuring Diversity) of the Basic Policy on Corporate Governance.

Haseko Group’s Human Rights Policy: https://www.haseko.co.jp/hc/english/csr/pdf/human_rights.pdf

We also launched the D&I Promotion Office within the Company in April 2023 to further proceed with various initiatives, including those for active participation of women that we have worked on to date. At the same time, in order to promote the creation of an environment where many employees can work actively with the sense of satisfaction, we newly clarified the significance and purpose to address diversity and inclusion (D&I) as a group in the following policy. In conjunction with this policy, we have laid out the roadmap for substantiation by around the fiscal year ending March 2025 linked to the HASEKO Next Stage Plan (“Plan NS”) and will work on the promotion of D&I across the Group.

Haseko Group Diversity & Inclusion Promotion Policy: <https://www.haseko.co.jp/hc/english/csr/pdf/diversity-inclusion.pdf>

We have established activities for developing a workplace where diverse employees, including women, foreign nationals and mid-career hires, can work actively utilizing their unique strengths in our CSR Action Plan.

Haseko Group CSR Action Plan: <https://www.haseko.co.jp/hc/english/csr/feature.html>

For the promotion of core human resources, the Company has a unified standard for the appointment of managers for women, foreign nationals, mid-career hires, etc., irrespective of their gender, nationality, or career. At present we have no specific numerical targets for each of such categories, based on the idea that it is not appropriate to set such separate numerical targets from the perspective of the fairness in appointing managers. Meanwhile, as described below, we will continue to promote appointing managers from female, foreign national, and mid-career hire employees.

[Promotion of Female Employees to Managerial Position]

The Company is promoting active participation and development of female manager candidates through such measures as the creation of a network between female employees, improvement of the workplace to make it more pleasant for female employees to work at, the fostering of autonomous human resources, and selective education. In September 2024, we were awarded the highest rating Three-Star "Eruboshi certification", as an excellent company based on the Act on Promotion of Female Participation and Advancement in the Workplace. Going forward, we will continue to promote active promotion of female employees with the aim of further increasing the percentage of female managers from the current level.

The Company has publicized the initiatives of the Group and their implementation status on its website.

ESG Data: <https://www.haseko.co.jp/hc/english/csr/esg/>

[Promotion of Foreign National Personnel]

In the United States (Hawaii), the organization is operated with most of its officers and core executive personnel being locally hired foreign nationals. Also in Vietnam, locally hired foreign personnel promotes the business as its core. Currently, however, the Haseko Group's main offices are mostly located in Japan, and our overseas businesses are developed only in the United States and Vietnam. The business scale and the absolute number of foreign national employees of the overseas businesses therefore account for a relatively small portion of those of the Group, and we have not yet reached the stage to set and disclose specific targets for them.

[Promotion of Mid-Career Hire Employees]

At present, approximately 40% of our mid-career hire employees are managers, and many of them assume management post such as officers in various job types as core human resource. As described above, in promoting employees to managerial position we make no distinction between those hired as new graduates and mid-career hires. Therefore we believe it is not necessary to set and disclose any specific targets for mid-career hires as compared with those hired as new graduates.

(2) Policies for Human Resource Development and Internal Environment Development to Ensure Diversity, and the Implementation Status Thereof

From the perspective of human resources development, the Company is implementing various initiatives such as the development of innovative human resources, global human resources, and DX education under the slogan of "continuously produce autonomous human resources and nurture a diverse workforce that will shape the future of Haseko," in sight of fostering autonomous human resources, developing career and fostering next-generation management, executive personnel and practical leaders for sustainable growth and fostering human resources to achieve a new strategy.

From the perspective of internal environment development, in order to create a pleasant work environment where diverse human resources can display their individual personalities, the Company has established related policies and worked to implement various measures and change the way of thinking of its officers and employees. To further develop our initiatives so far to support diversity, including those for active participation of women. The Company will further expand investment in the workplace environment to realize a pleasant workplace that provides the sense of satisfaction. In addition, we consider that the engagement of officers and employees and the maintenance of their mental and physical health are important elements to become part of the foundation of human capital. To this end, the Company is promoting the creation of a pleasant workplace, safety and health, and health and productivity management across the Group.

The Company has publicized the policies and initiatives of the Group and their implementation status on its website.

[Supplementary Principle 3-1-3: Sustainability Initiatives]

(1) The Company's Sustainability Initiatives

The Haseko Group adopts a long-term perspective as we aim to address the social issues surrounding our daily lives through business operations. As a corporate group for housing to create great living, we will promote CSR initiatives based on our CSR vision to fulfill our corporate philosophy and contribute to a sustainable society.

The Company has publicized the policies and initiatives of the Group on its website.

Medium-Term Business Plan: <https://www.haseko.co.jp/hc/english/ir/management/mid-term.html>

(2) Investment in Human Capital and Intellectual Properties

The collective capabilities of the Haseko Group rest on the employees of the Group and those of cooperating companies. We consider their know-how and experience, as well as their knowledge and vitality to create new value, as our "assets."

Under the basic philosophy of "aiming for further enhancement of corporate value through the investment and utilization of human assets," the Haseko Group establishes personnel plans linked to the medium-term business plan.

To enhance the effectiveness of the business strategy and achieve sustainable growth, we will pursue an optimal human asset portfolio through investment in human capital. The Haseko Group, whose customers are people who lead various types of lives, in terms of recruitment, formulate personnel plans that correspond to our management plans and progress, as well as future changes in the business environment and personnel composition, and the Haseko Group strive to build a diverse talent portfolio by combining new graduates and experienced hires. Under the plan NS that started in the fiscal year ended March 2021, we have expanded investment in human resources development and internal environment development based on the focused strategies stipulated in the personnel plan. In FY 2024, the Company will be significantly increasing starting salaries and overall compensation levels to secure and retain the bearers of the Company's future. The Company will continue to invest in diverse human resources to remain a company that provides the sense of satisfaction to its employees and is attractive for all its

stakeholders.

(3) Impact of Climate Change-Related Risks and Earning Opportunities on the Company's Business Activities and Profits

The Haseko Group, as a corporate group for housing to create great living, aims to "contribute to society by creating an optimal environment for cities and people." However, in recent years, natural disasters have increased in frequency and intensity due to climate change, which is threatening the safety and security of our lives.

Given these conditions, with the belief that addressing climate change is an important management issue, the Haseko Group expressed its support for the recommendations of the TCFD, as well as developed and announced its policy addressing climate change, HASEKO ZERO-Emission, in December 2021. We will continue to make disclosures in accordance with the recommendations of the TCFD, as well as monitor and appropriately deal with governmental measures and social trends for reducing the effects of climate change and CO2 and other greenhouse gas emissions, while aiming to realize a sustainable society and improve corporate value. In June 2022, our benchmark reduction targets for fiscal 2030 were certified as being science-based targets by the Science Based Targets initiative (SBTi).

[Supplementary Principle 4-11-3: Analysis and Evaluation of Effectiveness of the Board of Directors]

Please refer to Article 8 (Analysis and Evaluation of Effectiveness of the Board of Directors) of the Basic Policy on Corporate Governance.

Based on the results of analyzing and evaluating the effectiveness of the Board of Directors in fiscal 2023 in accordance with our Basic Policy on Corporate Governance, we have confirmed that the Board of Directors has held constructive and active discussions and that its effectiveness has been sufficiently ensured. The overview and results of the analysis and evaluation are as follows:

(1) Evaluation Method

We conducted a questionnaire regarding the effectiveness of the Board of Directors for all Directors and Corporate Auditors. Reflecting on the results of this questionnaire and reports from the secretariat on the operation of the Board of Directors in fiscal 2023, deliberations were held and the effectiveness of the Board of Directors as a whole was analyzed and evaluated at the Board of Directors meeting on April 18, 2024, based on opinions presented by the Board of Corporate Auditors and individual Directors.

(2) Evaluation Items

- (I) Institutional design/composition: Number of members, percentage of independent Outside Directors, diversity, frequency of meetings, meeting length
- (ii) Operation: Number and content of agenda items, quality and quantity of agenda materials, timing of prior distribution, quality of prior explanations
- (iii) Deliberation and functions: Constructive discussions and multifaceted considerations in meetings, ethos, one's own roles and responsibilities
- (iv) PDCA: Addressing issues raised, reporting results after resolutions, efforts toward improvement

(3) Evaluation Results and Future Response

The questionnaire regarding the effectiveness of the Board of Directors in fiscal 2023 and the deliberations at the Board of Directors meeting confirmed the following details on the effectiveness of the Board of Directors.

(i) Evaluation results

- In fiscal 2023, the fourth year of the medium-term management plan, the Board of Directors held active discussions on specific business issues as well as on responding to various changes in the environment surrounding society in order to achieve the goals of the management plan.
- Active deliberations were held, including multiple discussions to decide on policies for high-risk projects.
- Multifaceted discussions were held on important agenda items, etc., by providing opportunities for exchange of opinions separately from the Board of Directors in advance.
- Future-oriented initiatives related to DX were also periodically reported, and meaningful exchanges of opinions were conducted.
- In response to changes in the environment surrounding society, active discussions were held on CSR policy, climate change response, human rights policy, harassment, etc., in order to reach a higher level.

As a result of the above analysis and evaluation, we have confirmed that the effectiveness of the Board of Directors has been sufficiently ensured.

(ii) Future response

- To further improve the effectiveness of the Board of Directors, we will strive to stimulate discussion at the Board of Directors meetings from a medium- to long-term perspective in response to the key strategies set forth in the medium-term management plan.

[Supplementary Principle 4-14-2: Training Policies for Directors and Corporate Auditors]

Please refer to Article 12 (Training Policies for Directors and Corporate Auditors) of the Basic Policy on Corporate Governance.

[Principle 5-1: Policy for Constructive Dialogue with Shareholders]

Please refer to Article 17 (Dialogue with Shareholders) of the Basic Policy on Corporate Governance.

Cooperation among Corporate Auditors, Accounting Auditors and Internal Audit Division

In accounting audits, all the Corporate Auditors meet with Ernst & Young ShinNihon LLC., the Accounting Auditor of the Company, to receive the explanations of accounting audit plans, interim review reports, and accounting audit reports from the Accounting Auditor. As necessary, the full-time Corporate Auditors interview the Accounting Division and the Accounting

Auditor. Furthermore, Information regarding the Accounting Auditor is provided in II. 2. Matters on Functions of Business Implementation, Auditing and Oversight, Nomination and Remuneration Decisions, Etc. (Overview of Current Corporate Governance System).

In terms of internal audit, the Auditing Department conducts internal audits with regard to information management, risk management and other matters and evaluates internal control with regard to financial reporting. When problems on internal control are found through financial audits, the information is conveyed to respective departments each time for considering improvements. At the same time, the Auditing Department receives the relevant information as part of its evaluation work of internal control, gives feedback to respective departments and monitors the improvement status at respective departments. The Auditing Department also reports the improvement status to the President, the Board of Directors, the Corporate Auditors and the Accounting Auditor.

The Auditing Department conducts activities while making reports to the Corporate Auditors at any time in order to arrange division of roles and keep consistency with the audits by the Corporate Auditors. The Corporate Auditors are present at internal audits and receive the internal audit results, as well as conducting exchange of information with the Auditing Department regarding audit situations within the Company.

In addition, as an initiative to ensure effectiveness of internal audit, internal rules stipulate a structure in which internal audit results, etc. are reported directly not only to the President but also to the Board of Directors, the Corporate Auditors, and the Board of Corporate Auditors, and a dual reporting line has been established and implemented.

Policy on Determining Remuneration Amounts and Calculation Methods	Established
--	-------------

Disclosure of Policy on Determining Remuneration Amounts and Calculation Methods

Regarding the remuneration for Directors, based on the Basic Policy on Corporate Governance, the President prepares the criteria for payment of remuneration of Directors in accordance with the Company's remuneration system for its Directors and based on deliberations at the Nomination and Remuneration Committee which comprises all independent Outside Directors and an equivalent or below number of Representative Directors, etc., and the Board of Directors determines the criteria for payment of remuneration by its resolution. The Corporate Auditors' remuneration is determined by discussion among the Corporate Auditors, within the scope of the remuneration amount based on the resolution at the General Meeting of Shareholders. During this fiscal year, Nomination and Remuneration Committee meetings were held four times wherein the basic remuneration of Directors was deliberated and the criteria for payment of the basic remuneration of Directors was reconfirmed. The committee also discussed the calculation formula of performance-linked remuneration and the application of a performance coefficient based on the status of the achievement of the performance indicators, and unanimously approved the draft proposal to be submitted to the Board of Directors. The Board of Directors meeting held on March 15, 2024, resolved as per the proposal.

Meanwhile, it was resolved at the 91st Ordinary General Meeting of Shareholders held on June 27, 2008, that the monetary remuneration of Directors shall be a maximum amount of 700 million yen per year (provided that, of the 700 million yen, 200 million yen shall be paid as bonuses for Directors on the condition that dividend of surplus is paid on common stock). The number of Directors was 12 at the time of closing of the 91st Ordinary General Meeting of Shareholders.

It was also resolved at the 100th Ordinary General Meeting of Shareholders held on June 29, 2017, that, separately from the above maximum amount of monetary remuneration, a performance-based stock compensation scheme for Directors (excluding Outside Directors) shall be introduced as a measure to help enhance the Company's business performance and corporate value over the medium- to long-term and that a maximum amount of 320 million yen shall be contributed to the scheme for every five fiscal years. In addition, it was resolved at the 104th Ordinary General Meeting of Shareholders held on June 29, 2021, that the scheme shall be reset with the additional condition that the maximum number of shares to be repurchased every five fiscal years shall be 360 thousand shares. The number of Directors (excluding Outside Directors) was 8 at the time of closing of the Ordinary General Meeting of Shareholders introduced the remuneration scheme and 8 at the time of closing of the Ordinary General Meeting of Shareholders reviewed the remuneration scheme.

It was resolved at the 107th Ordinary General Meeting of Shareholders held on June 27, 2024, that bonuses for Directors were increased by 200 million yen and the monetary remuneration of Directors set within 900 million yen per year (of which ¥400 million shall be paid as bonuses on the condition that dividends of surplus are paid on common stock). The number of Directors is 12 as of the conclusion of this Ordinary General Meeting of Shareholders.

It was resolved at the 77th Ordinary General Meeting of Shareholders held on June 29, 1994, that the monetary remuneration for Corporate Auditors shall be a maximum amount of 100 million yen per year. The number of Corporate Auditors was 4 at the time of closing of the 77th Ordinary General Meeting of Shareholders.

[Overview of Director Remuneration System]

(a) Composition of remuneration

- Remuneration of Directors consists of basic remuneration (fixed remuneration) and performance-linked remuneration.

(b) Basic remuneration

- Basic remuneration is paid monthly in a fixed amount, with a standard amount set for each position.
- The amount of basic remuneration is determined comprehensively based on the position, duties, and term of office of each Director and by taking into consideration the Company's business performance, the level of employee salaries, and the level of remuneration of directors at comparable companies.

(c) Performance-linked remuneration

- Performance-linked remuneration consists of executive bonuses and stock remuneration. This system makes adjustments according to business performance, with the purpose of offering incentives for achieving business plans and increasing corporate value.

- Because the medium-term business plan sets consolidated ordinary income as a specific numerical target, performance-linked indicators are the achievement status of the consolidated ordinary income relative to the initial forecast as of the beginning of each fiscal year and year-on-year changes in the consolidated ordinary income.
- In principle, Outside Directors and Corporate Auditors are not eligible for performance-linked remuneration.

(Formula for calculation of executive bonuses)

- Amount of bonuses = Base amount by position × Performance coefficient (0 to 8.4) + Directors' allowance
- The performance coefficient is determined based on the achievement of consolidated ordinary income target and a year-on-year change in consolidated ordinary income, and for Directors serving as Executive Operating Officer or a lower rank, the business performance of the division of which the Director is in charge is also considered in the determination of the coefficient.

*Bonuses are determined based on the position of each Director at the end of the fiscal year under review and paid annually, generally after the Ordinary General Meeting of Shareholders held in June.

(Formula for calculation of stock remuneration)

- Points to be granted = Amount of bonuses × 0.3 / per-share BBT (Board Benefit Trust) book value

*Points are granted based on the position of each Director at the end of the fiscal year under review and provided annually, generally on June 1.

*The Company's stock is delivered to Directors as stock remuneration at the time of retirement at the rate of one share per one point for points accumulated by the time of retirement.

(d) Ratio of basic remuneration and performance-linked remuneration (executive bonuses and stock remuneration)

- While the ratio of basic remuneration to executive bonuses to stock remuneration is basically 59:31:10, the ratio of basic remuneration to performance-linked remuneration may vary depending on the Company's business performance as calculated by using a certain formula for Directors (excluding Outside Directors).

Supporting System for Outside Directors (Outside Corporate Auditors)

With regard to the Board of Directors meetings which the Outside Directors will attend, explanations on the summary of the agendas, etc. shall be given to the Outside Directors in advance by the Corporate Management Division.

Other Matters

2. Matters Concerning Functions of Business Execution, Auditing and Supervision, Nomination, and Remuneration Decisions, Etc. (Overview of Current Corporate Governance System)

(1) The Board of Directors of Haseko Corporation serves as the institution where Directors with expert knowledge and experience in various business sectors conduct decision-making on managerial issues and supervise execution of duties of other Directors. As for monitoring of management operations, the Company's system provides the Board of Corporate Auditors, the majority of which are Outside Corporate Auditors, with the monitoring function from an objective and neutral standpoint from outside through implementation of audits. On top of these functions, starting in June 2016, Haseko appointed Outside Directors with abundant experience and track record to occupy at least one-third of the Board of Directors, so that they shall provide appropriate opinions and advice in order to further activate discussions at the Board of Directors as well as enhance the function to monitor business management. We are working to establish a system that is optimum for the Company, taking into

consideration the balance between the operation of the Board of Directors and the monitoring functions.

The Board of Directors holds regular meetings once a month and additional special meetings as necessary and is responsible for important decision-making and regular reports on matters related to management. In addition, operating officers make operational reports on a regular basis to the board. With Chairman and Director Noriaki Tsuji as its chair, its members include Kazuo Ikegami, Shoji Naraoka, Kuniyoshi Mimori, Satoshi Kumano, Toru Yamaguchi, Naoko Yoshimura; Outside Directors Kazuhiko Ichimura, Mami Nagasaki, Toshikatsu Ogura, Shinsuke Fujii, and Toru Izawa; full-time Corporate Auditors Eijo Daimon and Noriyuki Tsutsui; and Outside Corporate Auditors Yoshitaka Fukui, Mitsuo Isoda, and Nobuyuki Iijima.

- (2) The Nomination and Remuneration Committee is an advisory body for the Board of Directors, to secure objectivity, transparency and fairness of the procedures related to the nomination and remuneration, etc. of Directors and enhance corporate governance. The committee comprises all independent Outside Directors and an equivalent or below number of Representative Directors, etc. With President and Representative Director Kazuo Ikegami as its chair, its members include Noriaki Tsuji and Outside Directors Kazuhiko Ichimura, Mami Nagasaki, Toshikatsu Ogura, Shinsuke Fujii, and Toru Izawa.
- (3) The Company has established the Management Council and two operation councils – the Business Operation Council and the Technology Operation Council – to facilitate prompt and flexible decision-making on matters related to daily operations to the extent they are authorized by the Board of Directors. Participation of Directors in the Management Council and two operation councils is limited to a certain level, so that the functions of making decisions and supervising such decision-making are divided and clarification is made for the responsibilities and authority for these functions. Moreover, the function of discussing in advance the important issues to be decided at the Board of Directors is performed by the Management Council.
 - a. Management Council: It is a place for prior deliberations on matters to be resolved by the Board of Directors and exchanging of opinions on decision-making regarding business execution and medium- to long-term issues. Depending on the issues to be discussed, it is convened with relevant members, including the Presidents of group companies. With Chairman and Director Noriaki Tsuji as its chair, its members include Kazuo Ikegami, Shoji Naraoka, Kuniyoshi Mimori, Satoshi Kumano, Toru Yamaguchi, Fujio Kanamaru, Naoko Yoshimura, and full-time Corporate Auditors Eijo Daimon and Noriyuki Tsutsui.
 - b. Business Operation Council: The council is held twice a month in principle, to be attended by officers appointed by the Management Council. With Representative Director, Executive Operating Officer Satoshi Kumano as its chair, its members include Toru Yamaguchi and six Operating Officers responsible for Business Operation Council.
 - c. Technology Operation Council: The council is held once a month in principle, to be attended by officers appointed by the Management Council. With Director, Executive Operating Officer Kuniyoshi Mimori as its chair, its members include 13 persons of Operating Officers responsible for Technology Operation Council.
- (4) The Risk Management Committee is held once every quarter, and shall also be held on an ad hoc basis as necessary whenever any material risk has arisen. It examines and determines the establishment, amendment or abolishment of internal rules on risk management and risk prevention plans, etc., as well as discusses and decides on the implementation policies and specific measures for risk management, among other things. With President and Representative Director Kazuo Ikegami as its chair, its members include Shoji Naraoka, Kuniyoshi Mimori, Satoshi Kumano, Toru Yamaguchi, Naoko Yoshimura, and 15 Operating Officers responsible for Risk Management Committee.
- (5) In terms of internal audit, the Internal Auditing Department comprising 10 people conducts internal audits with regard to information management, risk management and other matters and evaluates internal control with regard to financial reporting. When problems on internal control are found through financial audits, the information is conveyed to respective departments each time for considering improvements. At the same time, the Internal Auditing Department receives the relevant information as part of its evaluation work of internal control, gives feedback to respective departments and monitors the improvement status at respective departments. The Internal Auditing Department also reports the improvement status to the President, the Board of Directors, the Corporate Auditors and the Accounting Auditor. The Internal Auditing Department conducts activities while making reports to the Corporate Auditors at any time in order to arrange division of roles and keep consistency with the audits by the Corporate Auditors. The Corporate Auditors are present at internal audits and receive the internal audit results, as well as conducting exchange of information with the Internal Auditing Department regarding audit situations within the Company. In addition, as an initiative to ensure effectiveness of internal audit, internal rules stipulate a structure in which internal audit results, etc. are reported directly not only to the President but also to the Board of Directors, the Corporate Auditors, and the Board of Corporate Auditors, and a dual reporting line has been established and implemented.
- (6) The Board of Corporate Auditors consists of five Corporate Auditors, of which two are full-time and three are outside, and meets once every month and on an ad hoc basis as necessary. The Board of Corporate Auditors conducts deliberations and

discussion of, and makes resolutions on, such specific matters as audit policy, establishment of audit plans including division of duties, preparation of audit report, evaluation of Accounting Auditor as a “matter related to Accounting Auditor,” judgement based on the “policy on determining dismissal and refusal of reappointment of Accounting Auditor” and appropriateness of reappointment, and agreement on audit fee.

In addition, the Board of Corporate Auditors receives operational reports from Directors, Operating Officers, Group company presidents, etc., and full-time Corporate Auditors also report on their activities. At the monthly Liaison Meeting with the Auditing Department and the Risk Management Department, which all Corporate Auditors attend, attendees share information and exchange opinions based on regular reports on the establishment/operational status of the internal control system and the evaluation of internal control related to financial reporting, and other reports. The Board of Corporate Auditors holds meetings separately with Representative Directors and Outside Directors, which all Corporate Auditors attend, to exchange opinions and secure understanding and communications.

The two full-time Corporate Auditors cooperate with each other to conduct audit activities including an audit of the Company’s internal control system. More specifically, the Corporate Auditors attend the Management Council, Business Operation Council, Technology Operation Council, Risk Management Committee, and other important meetings, observe internal audits, interview Directors and other officers and employees about the status of business operations as necessary, and inspect requests for approval (circulation of documents for approval), minutes, meeting materials, and reports, among others. The Corporate Auditors also hold a Group Corporate Auditors’ Liaison Meeting to cooperate with Group companies’ corporate auditors.

Furthermore, as part of reinforcing the functions of the Corporate Auditors, the Statutory Auditors Office has been established to assist the operations of the Corporate Auditors, with four employees assigned (including three who are concurrently assigned with the Internal Auditing Department). This has established a system in which the Corporate Auditors can directly give instructions and orders regarding operations to assist them. As for the appointment and transfer of said employees, the Company shall report to the full-time Corporate Auditors in advance and discuss with them on the assumption that effectiveness of the Corporate Auditors’ instructions to the employees is secured.

(7) The status of financial audits and the amount of fees, etc. in the fiscal year ended March 2023 are as follows:

Fees in relation to non-audit services: 11 million yen

3. Reasons for Adopting the Current Corporate Governance System

The Board of Directors of Haseko Corporation serves as the institution where Directors with expert knowledge and experience in various business sectors conduct decision-making on managerial issues and supervise execution of duties of other Directors. As for monitoring of management operations, the Company’s system provides the Board of Corporate Auditors, the majority of which are Outside Corporate Auditors, with the monitoring function from an objective and neutral standpoint from outside through implementation of audits. On top of these functions, starting in June 2016, Haseko appointed Outside Directors with abundant experience and track record to occupy at least one-third of the Board of Directors, so that they shall provide appropriate opinions and advice in order to further activate discussions at the Board of Directors as well as enhance the function to monitor business management. We are working to establish a system that is optimum for the Company, taking into consideration the balance between the operation of the Board of Directors and the monitoring functions.

Moreover, decision-making on certain matters authorized by the Board of Directors is made at the Management Council and two operation councils – the Business Operation Council and the Technology Operation Council – to which participation of the

Directors are limited to a certain level. By doing so, the functions of making decisions and supervising such decision-making are divided. The system allows each Director to supervise the execution of duties by other Directors.

Moreover, the function of discussing in advance the important issues to be decided at the Board of Directors is performed by the Management Council.

Also, along with establishment of this initiatives, we developed a specific road map for March, 2025 linked with Plan NS, to promote D&I in whole Haseko group. By the assessments of these efforts, in September 2024, we were awarded the highest rating Three-Star "Eruboshi certification", as an excellent company based on the Act on Promotion of Female Participation and Advancement in the Workplace.</p> <p>■ Promotion of Health Management</p> <p>Since 2008, the Haseko Group has been providing support to its officers and employees for better physical and mental health by promoting "Health HASEKO Genki PLAN" under the slogan "No results without the health of officers and employees." The President and Representative Director issued the "Haseko Group's Declaration of Health" in September 2017 to present our corporate policy for health to people inside and outside the Group, and in accordance with the same declaration, we established the Haseko Group Health Management Promotion Committee in fiscal 2018. The committee makes decisions on company-wide policies, targets, plans and progress related to the maintenance and promotion of employees'</p>

health and shares related information. In 2021, to aim for a group in which all employees stay healthy, both mentally and physically, and where each one of them can work more vigorously, we established the “Health Management Strategy Map” that illustrates the connection between the management issues we want to solve and health investment (health promotion measures). Haseko Corporation and its affiliates were recognized under the “2024 Certified Health & Productivity Management Outstanding Organizations Recognition Program (White 500)” in the large enterprise category hosted by the Ministry of Economy, Trade and Industry (METI) and Nippon Kenko Kaigi as one of the “organizations engaging in strategic health and productivity management program efforts for maintaining their employees’ health from a management perspective.”

The Company has also established an internal control system, recognizing that it is an essential duty of corporate management to establish and operate a system to ensure appropriate business implementation.

(1) System for Ensuring That Directors and Employees Execute Their Duties in Compliance with Laws and Regulations and the Company’s Articles of Incorporation

a. With the recognition that intensive compliance is indispensable for the existence and continuity of a corporation, the Company established the Haseko Group Standards of Conduct, under which the Company has been working to establish a management system where all Directors, Operating Officers and staff respect societal standards and take sensible courses of action in keeping with their duties as members of society, as well as complying with all laws and the Company’s articles of incorporation, so that the Company can win the confidence of society. Moreover, for enhanced compliance the Company established the Compliance Department which conducts promotion and education of compliance based on the internal rules and regulations on compliance. An internal whistle-blowing system for consultations on compliance and notification of illegal conduct, etc. and contact points have been established both inside and outside the Company.

b. The Company established the Internal Auditing Department that is under the direct control of the President. Pursuant to internal rules and regulations on internal audits, the Department investigates and evaluates whether activities of Haseko Group’s respective divisions comply with laws and regulations, the Articles of Incorporation, the Company’s rules and regulations, corporate policies, etc. and whether they are reasonable, and works to make improvements based on the results.

c. Pursuant to the Haseko Group Standards of Conduct it has established, the Company shall have no relations with anti-social forces or groups that threaten the order and security of civic life, and will cope with such anti-social forces and groups systematically and with an adamant and resolute attitude.

(2) System for Retention and Management of Information Related to Execution of Duties by the Directors

a. Pursuant to laws and regulations as well as its internal regulations on document management, the Company records and stores, either in writing or electronically, the information related to the execution of duties by the Directors and Operating Officers, including records on decisions made at the Board of Directors meetings and other important meetings as well as documents approved by the Directors and Operating Officers based on internal regulations.

b. Directors and Corporate Auditors can peruse such documents, etc. described in a. above at any time.

(3) System for Ensuring Efficient Execution of Duties by the Directors

a. The Company introduced the operating officer system to promote reinforcement of the business implementation function, with an aim to clarify responsibilities for business implementation and establish a business implementation system that suits the business environment. Meanwhile, the functions of the Board of Directors to determine basic policies on business management and reinforce supervision of business implementation have been further enhanced. By doing so, the Company works to enhance soundness and efficiency of business management.

b. The Company has established the Management Council, the Business Operation Council and the Technology Operation

Council in order to flexibly and dynamically conduct decision-making on matters regarding daily business implementation to the extent they are authorized by the Board of Directors. The function of discussing in advance the important issues to be decided at the Board of Directors shall be performed by the Management Council. Moreover, the Company endeavors to enhance business implementation efficiency and, simultaneously, reinforce the supervising function by establishing decision-making authority suitable for the business management environment and the Company's financial conditions and preparing internal regulations on *ringi* (a system to request approval by internally circulating documents).

c. The Company establishes its business goals including major numerical targets for the entire company and respective operating departments. The departments then plan and implement specific measures, and the Company periodically checks the progress status of such specific measures through reporting made to the Board of Directors, the Management Council and the two operation councils – the Business Operation Council and the Technology Operation Council. Moreover, in order to achieve the business goals, the Company has secured a system that clarifies the division of duties and responsibilities of the Directors and Operating Officers and enables implementation of the duties appropriately and efficiently.

(4) Rules and Other Systems for Managing the Risk of Loss

a. In anticipation of a variety of risks, the Company endeavors to collect risk-related information and prepares preventive measures and appropriate countermeasures in advance against risks according to their magnitude and possibility of arising. Through these efforts, the Company aims to minimize the potential losses and systematically cope with risk management centering on the Risk Management Department.

b. Specifically, the Company has set up a system in which respective sections of the Corporate Management Division coordinate with each other and check the status of business operations in accordance with the roles they are assigned, while the Auditing Department conducts further checking. For the corporate approval system that serves as a record of decision-making for work implementation, the Company has introduced an electronic *ringi* system that enables Corporate Auditors and the Corporate Management Division to view and check the content at any time.

c. Furthermore, of the issues forwarded to the Board of Directors, the Management Council and the two operation councils (the Business Operation Council and the Technology Operation Council), those involving many departments or requiring specialized knowledge are subject to sufficient verification in advance by the adequately established advisory meetings and committees. Periodical results reports are also mandatory for issues that require monitoring.

d. On top of these, the Company established the Risk Management Council under the chairmanship of the President, with the aim of strengthening the risk management system of the Company and its entire Group, to conduct cross-sectional collection of information, analysis, valuation and handling of risks in accordance with the internal rules on risk management.

(5) System for Ensuring Appropriateness of Business Operations Conducted by the Corporate Group Comprising the Company and Its Subsidiaries

a. The Company and its subsidiaries are making efforts in an integrated manner throughout the corporate group to establish compliance-focused business management, based on the Haseko Group Standards of Conducts that were established to be applicable to the entire corporate group.

b. The subsidiaries make it a basic principle to coordinate and share information with the Company. In addition, they work to establish internal control systems, taking into account the scale, business nature, institutional design and other characteristics of the respective subsidiaries.

c. While the subsidiaries abide by their respective regulations, they follow the regulations set forth by the Company for important matters. The Company sees to it that business management and risk management of the subsidiaries are thoroughly implemented through procedures in which such important matters are reported and approved by way of the *ringi* (circulation of documents for approval) at the Company or at its two operation councils (the Business Operation Council and the Technology Operation Council), the Management Council and the Board of Directors. In addition, the Internal Auditing Department shall also cover the subsidiaries for its internal audit operations.

d. In order to secure the reliability of financial reporting, the Company established the “Basic Policy on Internal Control for Financial Reporting” and internal regulations for establishing and evaluating internal control on financial reporting pursuant to laws and regulations. Based on these, the Company shall prepare and implement basic plans for annual evaluations.

(6) Matters Concerning Employees Whom Corporate Auditors Request to Be Appointed to Assist Their Duties, Matters Concerning the Independence of Such Employees from Directors, and Matters Concerning Measures to Secure the Effectiveness of Instructions to Such Employees

a. The Company has established the Statutory Auditors Office to assist the operations of the Corporate Auditors, with four

employees assigned (including three who are concurrently assigned with the Internal Auditing Department). This has established a system in which the Corporate Auditors can directly give instructions and orders regarding operations to assist them. As for the appointment and transfer of said employees, the Company shall report to the full-time Corporate Auditors in advance and discuss with them on the assumption that effectiveness of the Corporate Auditors' instructions to the employees is secured.

(7) System in Which Directors and Employees Report to Corporate Auditors, Other Systems Regarding Reporting to Corporate Auditors, and System to Ensure That Person Making Such Report Is Not Treated Unfairly Because of Such Reporting

a. The Company has established a system in which important matters are reported to the Corporate Auditors, including their attendance to the Management Council, the two operation councils (the Business Operation Council and the Technology Operation Council) and other important meetings, submittal of meeting minutes to the Corporate Auditors, and perusal of the electronic *ringi* (circulation of documents for approval) system by the Corporate Auditors at any time.

b. Aside from the above, the Directors, Operating Officers and employees of the Company and its subsidiaries as well as the Corporate Auditors of the subsidiaries shall report the situation of business implementation of respective companies to the Corporate Auditors upon request and, when finding any fact that may significantly damage the companies, shall immediately report to the Corporate Auditors about such facts.

c. With regard to the Directors, Operating Officers and employees of the Company and its subsidiaries as well as the Auditors of the subsidiaries who made such reports described above to the Corporate Auditors, the Company forbids that they are treated unfairly because of making such reports, and shall make such forbiddance well understood and observed within the Company and its subsidiaries.

(8) Other Systems to Ensure That Audits by Corporate Auditors Are Implemented Effectively

a. The President periodically exchanges opinions with the Corporate Auditors in order to secure mutual understanding and communications.

b. The Internal Auditing Department also works to secure mutual coordination with the Corporate Auditors by reporting its internal audit plans and results to them at an appropriate time.

c. The Board of Corporate Auditors shall explain its annual audit plans and key audit matters at the Board of Directors meeting and request cooperation of the Board of Directors, and the Board of Directors shall comply with such request.

d. The Company shall pay in advance or redeem the expenses that accrue in association with the execution of the Corporate Auditors' duties, and pay or repay other expenses or debts that accrue with such execution, in a prompt manner based on the claims from the Corporate Auditors.

2. Basic Views on Eliminating Anti-Social Forces and Establishment of Measures for Elimination

(1) Basic Views

The Haseko Group has positioned securing compliance as one of its utmost management priorities. To promote compliance, it has established the Haseko Group Standards of Conduct and works to make it fully observed by all officers and employees. The Standards of Conduct state that, with regard to breaking any relationship with anti-social forces, "any unjust demand made by anti-social forces must be rejected. No transaction must be made with companies related to anti-social forces. Moreover, anti-social forces must not be utilized for whatever reasons."

(2) Establishment of Specific Measures

a. Full observation by all officers and employees

The Company has worked to secure full observation by delivering the Collection of Haseko Compliance Book, which includes the Haseko Group Standards of Conduct and summarizes basic matters for promoting the Haseko Group's compliance, to all of its officers and employees. In addition, the Company provides education by holding internal training sessions, for which outside lecturers are invited as needed, in order to share stringent attitude against anti-social forces.

b. Establishment of manuals

The Company has prepared the Response Manual against Anti-Social Forces in order to reflect the basic views indicated in the Haseko Group Standards of Conduct more specifically on the actions of all officers and employees. The manual includes such contents as 1) explanations on anti-social forces, 2) basic attitude as a company against them and specific countermeasures for a variety of cases, 3) specific countermeasures to be taken by respective departments, and 4) explanations on relevant laws and regulations.

c. Organizational response

Initial responses are important for countering anti-social forces with stringent attitude. The persons in charge and their superiors

who are first contacted by anti-social forces shall make initial responses with stringent attitude pursuant to the basic policy set forth by the Company and the Countermeasure Manual. When it is considered that the issue is not solved by the initial responses, the General Affairs Department, the Legal Department and the Risk Management Department shall work in coordination and respond, while receiving advice from such outside institutions as police and lawyers.

d. Coordination with outside institutions

The Company has established a system in which it works to coordinate with competent police offices, the Special Violence Prevention Measures Association (Local Communities Council) under the control of the Metropolitan Police Department, etc. on a daily basis, so that it can counter with stringent attitude against anti-social forces. Moreover, as a countermeasure in terms of civil disputes, the Company has reinforced coordination with legal advisors and law offices that are good at countermeasures against racketeering by interceding in civil disputes and threatening use of violence, so that “petition to the court for order of provisional disposition” functions effectively.
