Practice management with a deep awareness of corporate social responsibility	16 PLACE LEGICAL MORE AND THE	Yasuda Logistics Group will work to raise its level of corporate governance and step up its efforts to manage various risks (such as compliance, information security, and disaster risk reduction) on a group-wide basis.					

[•] Group goals • Goals for Yasuda Logistics Corp. alone

^(*1) Percentage obtained by counting employees who use generative Al once or more per business day as "one person-days" and dividing the total number of Al users during one year (person-days) by the total number of employees during the year (person-days). (*2) CO₂ emission reduction rate based on the fiscal year 2022.

^(*3) Provisional value as of May 7, 2025.

Capital allocation

Maintaining financial soundness by <u>reducing cross-shareholdings</u> (worth approximately ¥10 billion in market price over three years) and replacing existing <u>assets with others</u> in addition to utilizing cash flows from operating activities and interest-bearing debts.

Aiming to strengthen shareholder returns through <u>payment of progressive dividends and flexible acquisition of treasury stock</u> while <u>making business</u> investments worth ¥36 billion, approximately 1.5 times as large as cash flows from operating activities, in order to increase future profit-making capacity.

Capital allocation (3 years during the period of the new medium-term management plan)

Income

Utilization of interestbearing debts, asset replacement, etc.

Cash flows from operating activities 24

Reduction of crossshareholdings **Expenditure**

Unit: ¥1 billion

Business investments 36
