### **(3) Notes**

#### **(Note on Going Concerns' Premise)**

Not applicable.

#### **(Note on Significant Change in Shareholders' Equity)**

Not applicable.

#### **(Application of Special Accounting Methods in Preparation of Quarterly Consolidated Financial Statements)**

(Calculation of tax expenses)

The Company calculates tax expenses based on a reasonable estimate of the effective tax rate after the application of tax effect accounting to profit before income taxes for the current consolidated fiscal year including the consolidated first quarter. We multiply this effective tax rate by the quarterly profit before income taxes for the cumulative period to calculate tax expenses.

#### **(Changes in Accounting Policies)**

(Application of "Accounting Standard for Current Income Taxes", etc.)

The Company applies "Accounting Standard for Current Income Taxes" (ASBJ Statement No. 27, October 28, 2022), etc. from the beginning of the consolidated first quarter.

The amendment of classification of income taxes (taxation on other comprehensive income) follows the transitional treatment prescribed in the proviso of paragraph 20-3 of "Accounting Standard for Current Income Taxes" and the proviso of paragraph 65-2 (2) of "Guidance on Accounting Standard for Tax Effect Accounting" (ASBJ Guidance No.28, October 28, 2022). There is no effect from this change on the quarterly consolidated financial statements.

Regarding the amendment related to the revision of the treatment on the consolidated financial statements for gains or losses on the sale of shares of subsidiaries and affiliates between consolidated companies that are deferred for tax purposes, the Company applies "Guidance on Accounting Standard for Tax Effect Accounting" from the beginning of the consolidated first quarter. This change has been applied retrospectively and the quarterly consolidated financial statements and the consolidated financial statements for the previous fiscal year are after the retrospective application. There is no effect from this change on the quarterly consolidated financial statements and the consolidated financial statements for the previous fiscal year.

#### **(Additional Information)**

(Payment related to the LNG procurement contract)

We postponed the delivery of a certain portion of contracted volume to subsequent years based on the LNG procurement contract in response to the dramatic decrease in demand caused by COVID-19. We paid US\$24 million during the first quarter of the 2021 fiscal year.

This payment will be used to reduce the cost of sales by allocating it to the price when taking delivery of the volume in question during the 2025 and 2026 fiscal years.
