Total liabilities and net assets	19,870	100.0	20,115	100.0	245

① Increase due to business expansion

"Notes and accounts receivable - trade" increased due to an increase in net sales, and "accrued expenses" increased due to personnel expenses related to dispatched staff, etc.

② Overall

In addition to a decrease in liabilities due to tax and other scheduled payments, "cash and deposits" decreased due to dividends. However, current assets increased due to an increase in "notes and accounts receivable - trade" accompanying business expansion. Furthermore, since non-current assets increased due to capital investment, total assets also increased.

Shareholders' equity and total net assets increased due to quarterly profit.

(Note) Quarterly consolidated financial statements based on the Financial Instruments and Exchange Act were not prepared for FY 3/2018 2Q.
