Notice of Relocation of Head Office

KOKUSAI ELECTRIC CORPORATION (the “Company”) hereby announces that the Company has decided to relocate our head office as described below.

1. New Head Office Address

23rd Floor, Otemachi Financial City North Tower, 1-9-5 Otemachi, Chiyoda-ku, Tokyo, Japan

2. Planned Date of Relocation

January 26, 2026

3. Reason for Relocation

The Company has decided to relocate our head office in order to further promote “Tai-wa*” with stakeholders such as customers, business partners, and investors, as well as to enhance employee engagement and secure talent.

The new head office will be directly connected to Otemachi Station, which serves many train lines and offers excellent access, and will feature meeting rooms that can be flexibly used according to the number of visitors and their purposes, fostering “Tai-wa” with various stakeholders.

In addition, considering the diversification of work styles for employees, we will secure comfortable and relaxing office environments and enough meeting spaces. The Company will also establish various work areas, such as purpose-specific workspaces including private rooms for web conferences and quiet focus booths for concentrated work, as well as collaboration areas where employees from different departments can easily communicate with each other.

With this relocation of our head office, the Company aims to achieve further value co-creation with our stakeholders and link it to the sustainable growth of the Company’s group.

*Tai-wa is a Japanese word meaning “synergistic discourse,” or conversations between people face-to-face with a willingness to understand others with a sense of empathy. At times, subjects we have Tai-wa with can be things besides people. For us, Tai-wa implies respecting every one of you, being sincere, and acting wholeheartedly, that is an attitude itself towards work. This is our group’s DNA that we value to last forever.

4. Outlook

The impact of this relocation on the financial results for the fiscal year ending March 31, 2026 is expected to be immaterial.

5. Other Matters

As the new head office is situated in the same district as the current one, there will be no change to the registered location in the Articles of Incorporation.
