

**Announcement of Strategic Partnership with Re7 Capital Ltd, a Global
Leader with Approx. \$1 Billion in Crypto Investment Experience**

MIRAI Wealth Management Co., Ltd. (hereinafter “MWM”), a subsidiary of AI Fusion Capital Group Corp., is pleased to announce that it has entered into a strategic partnership (hereinafter the “Partnership”) with Re7 Capital Ltd (hereinafter “Re7”), one of the world’s leading crypto asset investment firms with a track record of deploying approximately \$1 billion USD for institutional investors and high-net-worth individuals globally.

**PARTNERSHIP
ANNOUNCEMENT**

 **MIRAI**
WEALTH MANAGEMENT

 **Re7Capital**

MIRAI Wealth Management Ltd., a subsidiary of AI Fusion Capital Group (254A),
enters into a strategic partnership with Re7 Capital Ltd.,
a leading crypto firm with a record of deploying approximately US\$1bn

1. Background and Objectives of the Strategic Partnership

The crypto asset market is evolving from a purely speculative asset class into a professional investment grade financial product, driven by the expanding participation of institutional investors and the establishment of robust regulatory frameworks.

In response to these market needs, MWM has been expanding its crypto asset management business—including the management of the Group’s Digital Asset Treasury (DAT) and the launch of “RENKIN,” a premium crypto asset lending service—with the goal of achieving sophisticated,

safe, and stable investment performance.

This Partnership integrates MWM's domestic business execution platform and compliance framework with Re7's globally acclaimed investment strategies. This collaboration is expected to enhance profitability in DAT management and provide MWM's clients with more advanced and stable performance.

2. About Re7 Capital Ltd

Based in London, UK, Re7 is a crypto asset investment firm specializing in decentralized finance (DeFi) yields and high-liquidity alpha strategies. The firm is renowned for its sophisticated crypto investment strategies and proven track record, utilizing advanced algorithms, proprietary risk management techniques, and robust compliance processes that meet traditional financial standards.

Specifically, Re7 provides institutional investors with access to DeFi opportunities through a research-driven approach spanning multiple market cycles, supported by a team that combines expertise in both traditional finance and crypto assets. Having deployed approximately \$1 billion USD in crypto assets, Re7 is globally recognized for consistently delivering high performance despite market volatility.

As a testament to its excellence, Re7 received two awards at the "Hedgeweek Global Digital Assets Awards 2025," including "Fund of the Year," and was also honored with the "Best DeFi Yield Farming Award" at "The Digital Banker 2024."

3. Overview of the Partnership

By selecting Re7 as an investment partner, MWM will be able to pursue more advanced and stable global services. This will not only elevate MWM's internal DAT business management but also enable the provision of global crypto asset investment solutions to Japanese investors.

Simultaneously, through MWM, Re7 will gain access to a new source of capital in Japan by leveraging an efficient compliance and risk management system tailored to the domestic market. Both companies will jointly build a world-class investment infrastructure that combines stability, innovation, and growth, establishing a secure and forward-looking management framework for crypto asset investors in Japan.

4. Comments from Representatives

Daisuke Hakkaku, CEO, MIRAI Wealth Management Ltd.

"As a relatively young company, we are truly delighted to be onboard with Re7—a firm with a significant global track record—and to enter into this partnership to expand our crypto asset-related services together. Through this alliance, MWM's customer base and reliability will merge with Re7's world-class investment technology and global insights. This will broaden the options for the crypto asset management services we offer our clients, enabling investment portfolios that achieve both stability and growth. As crypto assets shape the future of global finance, we expect this strategic alliance to open a new chapter of growth for both companies."

Evgeny Gokhberg, Founder and Managing Partner, Re7 Capital Ltd.

"This partnership represents a significant step for Re7 into the Japanese market. By integrating Re7's advanced digital asset investment strategies with MWM's domestic infrastructure and compliance capabilities, we are confident in our ability to provide Japanese investors with safe, regulatory-compliant investment solutions that possess world-class competitiveness."
