An Overview of Corporate Governance at Pigeon Corporation (the “Company”) is Described Below.

I Basic Policy Regarding Corporate Governance, Capital Structure, Corporate Attributes and Other Basic Information

1. Basic Policy

■ Pigeon Group DNA and Pigeon Way

The Pigeon Group DNA consists of our Corporate Philosophy of “Love” and Credo of “Only love can foster love” and has constituted the core of the Pigeon Group throughout its history and will remain so into the future.

The Pigeon Way consists of our Purpose of “We want to make the world more baby-friendly by furthering our commitment to understanding and addressing babies’ unique needs,” along with our Spirit encompassing the notions of “Integrity,” “Dedication,” “Synergy,” and “Enjoy,” thereby constituting the meaning of our reason for being in society and the cornerstone of all our activities which embodies our “heart and soul.” We have positioned our Corporate Philosophy and Credo as the “Pigeon Group DNA,” which is a concept common to the Pigeon Group, and we have positioned our Purpose as the axis of the Pigeon Way to drive our business activities toward its realization. The Pigeon Group DNA and the Pigeon Way are defined as follows.

<Pigeon Group DNA> The core of Pigeon Group throughout its history and into the future.

Corporate Philosophy:
Love

Credo:
Only love can beget love

<Pigeon Way> Our reason for being in society and the cornerstone of all our activities which embodies our “heart and soul”.

Purpose:
We want to make the world more baby-friendly by furthering our commitment to understanding and addressing babies’ unique needs

Spirit:
- Integrity
- Dedication

CORPORATE GOVERNANCE

- Synergy
- Enjoy

■ Establishment of Materiality (Key Issues)

The Pigeon Group's "Purpose" cannot be realized solely through the efforts of Pigeon Group employees, but can only be realized through collaboration with external stakeholders, including customers, business partners, shareholders, and local communities. We believe that by realizing our "Purpose," we can not only continue to exist and be recognized as an "indispensable presence in society," but also contribute to the realization of a sustainable society.

Therefore, the Pigeon Group has established the following five Key Issues to serve as priorities in its efforts to realize its "Purpose."

- Enhancing Business Competitiveness and Resilience;
- Reducing our Environmental Impact;
- Contributing to the Resolution of Social Issues;
- Managing Talent and Cultivating the Right Culture for our Purpose; and
- Establishing Solid Management Foundations

■ Pigeon's Basic Policy of Corporate Governance

Our corporate governance must be in line with the Pigeon Group DNA and the Pigeon Way, be directed toward solving and realizing Key Issues, contribute to the creation and realization of a sustainable society, and ultimately be directed toward realizing our "Purpose" of "We want to make the world more baby-friendly by furthering our commitment to understanding and addressing babies' unique needs."

Based on this Policy, we have defined corporate governance as follows: (1) Offensive governance—a mechanism for transparent, fair, prompt, and decisive decision-making to ensure the Pigeon Group's sustainable growth and medium- to long-term enhancement of corporate value (social value and economic value), the resolution and realization of Key Issues, and the realization of our "Purpose," and (2) Defensive governance—a mechanism for risk control through the timely collection and sharing of information and examination and verification, in order to prevent or promptly eliminate factors that may impede the Pigeon Group's sustainable growth, damage corporate value, or impede the resolution and realization of Key Issues or the realization of our "Purpose."

By continuously strengthening these mechanisms, the Company aims to further enhance corporate governance, increase corporate value, and ultimately contribute to the creation and realization of a sustainable society, as well as realize our "Purpose."

[Reasons for Non-Compliance with the Principles of the Corporate Governance Code]

[Support System for Outside Directors (Outside Audit & Supervisory Board Members)]

Materials regarding the agenda of the meeting of the Board of Directors are sent in advance to Outside Directors and Outside Audit & Supervisory Board Members, and they are also provided with necessary explanations in advance.

The minutes of the meetings of the Management Committee are shared among Outside Directors and Outside Audit & Supervisory Board Members. In addition, as necessary, the Standing Audit & Supervisory Board Members provide to the Outside Audit & Supervisory Board Members explanations of the Management Committee agenda and the contents, etc., of audit debriefing sessions.

2. Items relating to Functions of Business Execution, Audit and Supervision, Nomination, and Decision on Remuneration, etc. (Outline of the Current Governance System)

(1) Management Structure Overview and Personnel Composition

The Company adopts the system of a company with audit & supervisory board members and has made rigorous legal audits by auditors the basis of compliance management. The primary management structures (meeting bodies) are: The Board of Directors comprised of 8 members (five men, three women; seven Japanese nationals, one foreign national) including five Independent Outside Directors; the Audit & Supervisory Board comprised of four members (three men, one woman; four Japanese nationals) including

CORPORATE GOVERNANCE

two Outside Audit & Supervisory Board Members; Management Committee headed by the President and CEO and comprised of standing Directors and Senior Managing Officers. The Company is working to enhance the diversity of each of the meeting bodies. In addition, the Company adopts a mandatory executive officer system to provide for mutual partnership between decision-making and oversight (governance) with business execution and to clarify the operating responsibilities of Directors.

(2) Board of Directors and Advisory Panel

The Board of Directors makes decisions on matters (management objectives and important business-execution strategies such as the management strategy) prescribed in laws and regulations, the articles of incorporation, and the “Board of Directors Rules” based on its authority to supervise the execution of duties of directors and managing officers. The Board of Directors actively elicits the opinions of Outside Directors and Audit & Supervisory Board Members, and the supervisory function of the Board of Directors has been further strengthened by having an Independent Outside Director serve as Chairman of the Board from March 2023. Further, apart from Board meetings, we hold a meeting on future strategies biannually to eliminate information asymmetry among Directors and Audit & Supervisory Board Members and for them to discuss the Group’s management issues and strategies from a medium- to long-term viewpoint. Also, in addition to the Voluntary Nominating and Remuneration Committees chaired by and with a majority consisting of Independent Outside Directors, we established the Governance Committee as an advisory panel to the Board of Directors. The Governance Committee is headed by an Independent Outside Director and is comprised of a majority of Outside Directors and Audit & Supervisory Board Member.

(3) Management Committee

As a general rule, the Management Committee holds a meeting about twice a month, with the President and CEO acting as chairperson. In this manner, we strive to find early solutions to problems from the viewpoint of our work sites.

(4) Audit Department

1) Audit & Supervisory Board Members attend meetings of both the Board of Directors and the Management Committee. In addition to enhancing the supervisory function through expression of opinions and the like, Audit & Supervisory Board Members listen to Directors, view important resolution documents, examine the current status of business and financial assets, and otherwise conduct meticulous supervision and oversight particularly in accordance with audit policy and segregation of duties. They also meet regularly with the President and CEO, receive reports on matters such as important company issues, and carry out frank exchanges of opinions.

2) The Audit & Supervisory Board Members, the Audit Department, and the Accounting Auditors mutually collaborate through measures including regular debriefing sessions and, at any time as necessary, exchanges of information and opinions. Certified public accountants who performed accounting or audit work for the Company for the 68th fiscal year (the fiscal year ended December 31, 2024) are Chie Ukai, Engagement Partner, and Shinya Hiraoka, Engagement Partner, both of PricewaterhouseCoopers Japan LLC.

3) As an internal audit function, an Audit Department under the direct control of the President and CEO was established as the Internal Audit Department, which regularly implements internal audits on the Company and its domestic and overseas Group companies from the perspective of confirming operational effectiveness, efficiency, compliance, and asset preservation. Audit results are reported to all Directors and Audit & Supervisory Board Members, and suggestions for improvement and follow-ups are implemented. Furthermore, the Audit Department has established the J-SOX Secretariat, which conducts assessment tests on company-wide internal controls and the process of financial settlement based on the basic plan for internal control over financial reporting under the Financial Instruments and Exchange Act, and monitors the adequacy of maintenance and operation.

(5) Limitation of liability of Directors and Audit & Supervisory Board Members

The Company has entered into a limited liability contract with Directors (excluding executive directors) and Audit & Supervisory Board Members which limits their liability for damages prescribed in Article 423, Paragraph 1 of the Companies Act, pursuant to the provisions of Article 427, Paragraph 1 of the Companies Act. The limit of liability for damages of Directors (excluding executive directors) or Outside Audit & Supervisory Board Members pursuant to the limited liability contract is the aggregate sum of the amounts prescribed in each item in Article 425, Paragraph 1 of the Companies Act.

3. Reason for Adopting the Current Governance System

Because the Company have hitherto grown steadily since its public listing, the Company judges that this system has been functioning effectively. In addition, the Company has been working to improve corporate governance by expanding the diversity of the Board of Directors through the appointment and increase of Outside Directors since 2015, strengthening the supervisory function of the Board of Directors by appointing an Outside Director as the Chairman of the Board from March 2023, establishing advisory panels to the Board of Directors, and active demonstration of supervisory functions by Audit & Supervisory Board Members.

IV Basic Policy and Status of Implementation of the Internal Control System

1. Basic Policy and Status of Implementation of the Internal Control System

Pursuant to the Companies Act and the Ordinance for Enforcement of the Companies Act, the Company shall determine a basic policy on construction of an internal control system, as follows.

- (i) System to ensure that duties performed by our Company's Directors and employees, and Directors and employees of subsidiaries comply with laws, regulations and articles of incorporation
 - (1) We have established the "Pigeon Group DNA" and "Pigeon Way" as the corporate philosophy that each and every employee holds dear. The Pigeon Group DNA, which consists of the Corporate Philosophy and Credo, is the core of Pigeon Group throughout its history and into the future. The Pigeon Way consists of "Purpose" and "Spirit," and it is our reason for being in society and the cornerstone of all our activities which embodies our "heart and soul". We shall determine compliance-related regulations for the corporate ethics framework made up of our ethical guidelines and Code of Conduct based on the corporate philosophy. The directors and employees of the Pigeon Group shall strictly comply not only with the law but also the standards and spirit of the communities they serve. We shall position the Pigeon Way as our standard for action with a strong ethical outlook.
 - (2) In order to appropriately and smoothly promote compliance throughout our group, the Risk Management Committee, chaired by the Director of the Global Head Office (GHO), shall nominate a Compliance Supervisory Department and a staff member in charge of the department. The Compliance Supervisory Department shall play the role of establishing and maintaining compliance-related rules and other frameworks, as well as leading and promoting compliance awareness centering on compliance education. In the event of a compliance-related incident or other problem, the Compliance Supervisory Department shall respond to the problem in cooperation with the Risk Management Committee and, depending on the nature and content of the case, may consult with external lawyers as appropriate.
 - (3) In an effort to ensure early detection of any wrongdoings, we shall establish "Speak-up Desk" as an internal reporting system and "Pigeon Partners Line" as a reporting system for our business partners. When problems are detected inside or outside of the company, sufficient consideration shall be given to protection for the reporting/consulting individual before investigating facts, as per the relevant rules. Based on the results of the investigation, it shall be the responsibility of the Audit & Supervisory Board Members or the Director in charge of the GHO compliance supervisory department to determine whether response or corrective measures are necessary as well as the details thereof, and the GHO compliance supervisory department shall lead the implementation of such measures. Applicable contents shall be reported to upper-level organizations (the Management Committee or the Board of Directors).
 - (4) Rejection of relationships with antisocial forces shall be specified in the Code of Conduct. In addition to conducting education and training, we shall develop and thoroughly implement an internal system for practical application, such as appointing staff in charge of preventing false claims.
- (ii) System related to saving and managing information pertaining to the performance of duties by Directors
 - Information pertaining to the performance of duties by Directors shall be recorded and saved in written documents or electromagnetic format in accordance with Rules for Document Control and Management, Management of Confidential Information, and IT Management. These documents and other formats shall always be available for review by Directors and Audit & Supervisory Board Members.
- (iii) Rules and other systems related to our Company and subsidiaries' risk management for losses
 - (1) Based on Risk Management Rules which systematically define our group's risk management response and under supervision of the President and CEO, the GHO Risk Management Committee shall be established, chaired by the Director in charge of GHO and includes general managers of our business segments (Japan Business, China Business, Singapore Business, and Lansinoh Business) and the Business Strategy Division Manager. as members. The Committee shall comprehensively collect, analyze, and evaluate risk information of the Group as a whole, centering on the priority risk categories listed in (2),

CORPORATE GOVERNANCE

which are aggregated from each business segment, and shall consider and implement countermeasures by itself or through business segments. In addition, each business segment shall establish its own Risk Management Committee, chaired by the general manager of that business segment, and under supervision of the GHO Risk Management Committee. Each committee shall collect, analyze, and evaluate risk information related to that business segment, including risk information relating to subsidiaries in that segment, and review and implement responses.

(2) Our group shall establish "compliance," "finance," "business management & subsidiary control," "human rights," "information security," "SCM (supply chain management)," and "customer complaint" as priority risk categories, and the GHO Risk Management Committee and a department in charge of risk management nominated by the GHO Risk Management Committee shall take the lead in managing and responding to risks, especially across the Group.

(3) Auditing the status of risk management in each department and each subsidiary shall be performed through cooperation with the internal auditing department, the corporate strategy department, the accounting & finance department, the legal department, the human resources department, and the general affairs department.

(4) The Risk Management Committee shall be convened promptly based on Risk Management Rules and business continuity plan (BCP) in the case that a large-scale disaster or other risk to our group occurs. The Committee shall work to minimize losses and effect recovery.

(iv) System for ensuring efficient performance of duties by Directors

(1) By formulating a Medium-Term Management Plan and management plans for each individual fiscal year, we shall clarify goals to be achieved by our company and steadily implement priority management items.

(2) The Board of Directors shall make management decisions rationally and efficiently, and our Company appoints Outside Directors for the purpose of receiving advice regarding management strategies and making objective decisions and improving corporate governance. Moreover, our Company shall practice management that elicits lively opinions from internal and Outside Directors and audit & supervisory board members, including issues presented by Outside Directors, and shall strengthen the management function for execution of business. Furthermore, through a mandatory executive officer system and an executive officer system, we shall seek mutual partnership between decision-making/management functions and execution of business, and shall clarify the operating responsibilities of Directors.

(3) As a general rule, a Management Committee with attendance from all standing Directors and Senior Managing Officers shall be held about twice a month in order to strengthen and enhance the function of the Board of Directors. Through the committee, the Board of Directors shall seek to quickly resolve issues through expeditious execution of business and decision-making for important policies.

(v) System for ensuring proper operation in our company and corporate groups composed of subsidiaries

(1) The Company shall stipulate the rules for the division of duties and authority, clearly defining the scope of duties of each department, and the approval process for each duty. Directors and employees shall conduct operations in accordance with such rules. The Company shall also stipulate the matters at the Company's subsidiaries which need approval by and reporting to the Company, in the Rules for Management of the Group Companies. The Company's subsidiaries shall conduct operations after seeking approval from or reporting to the Company as necessary, based on the rules.

(2) The division managers shall confirm the state of execution of business by Directors of the subsidiaries they manage, and shall report on the performance of the subsidiaries and the execution of business to our Company's Board of Directors each quarter.

(3) In addition to periodically auditing the execution of business by Directors of subsidiaries, audit & supervisory board members shall also cooperate with audit & supervisory board members at subsidiaries in order to develop internal controls and monitor the operation of such controls. Our Company and subsidiaries' audit & supervisory board members shall hold audit & supervisory board meetings as necessary.

(4) The Internal Auditing Department shall audit the level of appropriateness and efficiency during the execution of business throughout our group.

CORPORATE GOVERNANCE

(5) In order to ensure the reliability and appropriateness of financial reporting, our company and group companies shall comply with the Financial Instruments and Exchange Act. We shall strive to ensure a healthy internal controls environment, to strengthen control activities on a company-wide level, to construct an internal controls system which is capable of effective and valid evaluation, and to perform appropriate operation of that system.

- (vi) Items pertaining to applicable employees when an Audit & Supervisory Board Member has requested appointment of an employee aid and items pertaining to independence of that employee from directors and the effectiveness of instructions from Audit & Supervisory Board Members

Aids shall be appointed according the requests of audit & supervisory board members. In the case that an aid is appointed, the opinion of audit & supervisory board members shall be respected when making personnel decisions related to the aid. Moreover, the Audit & Supervisory Board Member's instructions to the aid shall be given independently from Directors and the aid shall engage in such work based on instructions from audit & supervisory board members.

- (vii) Systems for reporting to Audit & Supervisory Board Members by our Company's Directors or employees, and Directors, Audit & Supervisory Board Members, etc. or employees of subsidiaries, and other systems pertaining to reporting to audit & supervisory board members

(1) Directors and employees shall promptly report to audit & supervisory board members any item other than laws and regulations which will have a major impact on our company and our group, the status of internal controls, and the status of reporting using the Speak-up Desk

(2) In addition to meetings of the Board of Directors, audit & supervisory board members shall attend Management Committees and shall be able to provide opinions when requested or when necessary in regards to items being discussed.

(3) The Business Strategy Department shall notify audit & supervisory board members every time regarding an overview of proceedings and results for meetings of the Board of Directors and Management Committees.

(4) Our Company's Directors and employees, and Directors and Audit & Supervisory Board Members, etc. and employees of subsidiaries or persons who have received reports from such parties may make reports directly to audit & supervisory board members via the Speak-up Desk on matters that have a significant affect on our Company group, matters that cause significant damage to our Company group and important compliance matters. Informants shall not be treated disadvantageously.

(5) Our Company shall promptly handle demands if demands are made by audit & supervisory board members or the audit & supervisory board for reasonable expenses or refunds incurred with regard to the performance of duties by audit & supervisory board members.

- (viii) Other systems for ensuring effective auditing by audit & supervisory board members

The individuals with high perception of corporate activities such as finance and law shall be recruited as external audit & supervisory board members. The majority of these individuals shall be CPAs and lawyers. In addition to enhancing the auditing environment of audit & supervisory board members, external audit & supervisory board members shall seek the execution of appropriate and effective auditing services through a partnership with the Internal Auditing Department.

2. Basic Policy and Status of Implementation of Efforts towards Exclusion of Antisocial Forces

In addition to prescribing rejection of relationships with antisocial forces in the Code of Conduct and conducting education and training, the Company shall develop and thoroughly implement an internal system for practical application of the Basic Policy, such as appointing a person in charge of preventing false claims.

V Others

1. Presence or Absence of Introduction of Takeover Defense

Introduction of Takeover Defense	No
----------------------------------	----

Supplementary Explanation Relating to These Items

At the meeting of the Board of Directors held on March 6, 2008, with the goal of ensuring and enhancing the corporate value of the Company and the common interests of the shareholders, the Company prescribed a basic policy on the Company's corporate control (referred to below as "the Basic Policy"). In light of the Basic Policy, as a measure to prevent inappropriate persons from controlling decisions on the Company's financial and business policies, by resolution at the 51st Ordinary General Meeting of Shareholders held on April 28, 2008, the Company obtained approval for and introduced Measures for the Large-Scale Purchase of Company Shares (Anti-Takeover Measures) (referred to below as "the Plan"). However, taking into consideration that procedures on large-scale purchases of company shares were partly put in place as a result of revisions, etc., of the legal system, the Company judged that the steady execution of the Medium-Term Management Plan leads to ensuring and enhancing the corporate value of the Company and thus the common interests of the shareholders. Therefore, by resolution of the Board of Directors at its meeting held on March 7, 2011, as of the conclusion of the 54th Ordinary General Meeting of Shareholders held on April 27, 2011, the Basic Policy was discontinued and the Plan expired.

Furthermore, even after expiration of the Plan, if the Company recognizes a situation where there are transactions and transfers of the Company's shares, and if a person who performs the act of a large-scale purchase of company shares (referred to below as "large-scale purchaser") appears, after carefully considering the opinions, etc., of the Company's Outside Audit & Supervisory Board Members and external experts, the Company shall assess the contents of the proposal from the large-scale purchaser and, as necessary, hold negotiations with the said large-scale purchaser. Likewise, when it is rationally judged that, if prompt measures are not taken, there is a risk that the Company's corporate value and the common interests of the shareholders will be damaged, as a proper duty of the Company's Board of Directors, to which management was entrusted by the shareholders, the Board of Directors shall actively request to the large-scale purchaser that the large-scale purchaser disclose information, and it shall strive to secure information and time for the shareholders to make an appropriate decision. In addition, as necessary, the Board of Directors shall promptly determine the necessity and contents, etc., of concrete countermeasures, which is considered to be the most appropriate within the scope permitted by the Companies Act, the Financial Instruments and Exchange Act, and the related laws or regulations, and, by taking steps to execute the countermeasures, it will strive to ensure the Company's corporate value and the common interests of the shareholders.

2. Other Items Relating to Corporate Governance System, etc.

● Status of Implementation of the Internal Control System

At the meeting of the Board of Directors held on May 22, 2006, the Company resolved to establish a system (Basic Internal Control Policy) to ensure that the duties performed by the Directors comply with laws, regulations and the Articles of Incorporation, as well as to ensure the appropriateness of other operations of the Company, based on the Companies Act and the Ordinance for Enforcement of the Companies Act. The Board of Directors of the Company conducts reviews as necessary and makes continual improvements to the Policy. Additionally, the Audit Department, in cooperation with the Accounting & Finance Division and other related departments, are engaged in the development of internal controls over financial reporting and other measures based on the Financial Instruments and Exchange Act.

● Risk Management

In accordance with the Risk Management Policy and the Risk Management Regulations that were formulated

and applied to Pigeon Group companies, the GHO Risk Management Committee, chaired by the Director in charge of GHO, has been established under the President and CEO, and the Risk Management Committee, chaired by the general managers of respective business segments, has been established for each business segment under the GHO Risk Management Committee. This enables us to aggregate risk information related to the Group as a whole as well as to manage risks, and take quick responses in each business segment. The GHO Risk Management Committee comprehensively collects, analyzes, and evaluates risk information for the Group as a whole, with risk information aggregated from business segments as its core, and examines and implements countermeasures by itself or through business segments. In particular, the GHO Risk Management Committee and risk management divisions appointed by the GHO Risk Management Committee play a central role in aggregating information and examining and implementing measures across the Group with respect to compliance, finance, business management & subsidiary control, human rights, information security, SCM (supply chain management), and customer information, which are set as priority risk categories. The Risk Management Committee of each business segment collects, analyzes, and evaluates risk information related to each business segment, including risk information related to Group companies under the same segment, and examines and implements countermeasures.

In addition to the measures taken in normal times, in the event of a crisis for the Group, such as a large-scale disaster, the Risk Management Committee is convened promptly in accordance with the Risk Management Regulations and the Business Continuity Plan (BCP) to minimize losses and effect recovery. The GHO Risk Management Committee compiles information on the Group's risks and reports it to the Board of Directors once a year. The GHO Risk Management Committee also reports to the Board of Directors, as appropriate, on the details of incidents that have occurred and the results of the response.

● Compliance

The Group has been implementing compliance-related measures with a focus on (1) compliance-related rules (systems and mechanisms), (2) compliance education and (3) compliance monitoring. We are examining and implementing these measures to 1) prevent compliance violations and 2) to detect and resolve compliance violations as soon as possible.

The Group's compliance-related activities are reported annually to the Board of Directors.

(1) Compliance-related rules (systems and mechanisms)

Based on the Pigeon Group DNA and the Pigeon Way, the Group has established a basic policy on compliance called the "Corporate Ethics Guidelines." The Corporate Ethics Guidelines have two components: corporate ethics policies, which comprise the ethical sensibility we must hold to continue to earn the trust and support of society, and a code of conduct, which comprises guidelines that spell out how each employee embodies the corporate ethics policies in business activities. Based on the Corporate Ethics Guidelines, the Group is committed to ensuring that each and every employee complies with all laws, regulations, social norms and their spirit and takes actions with the highest sense of ethics and integrity, thereby earning more trust and support from stakeholders. Moreover, in the three areas that are considered to pose a particularly high risk in the entire Group: "anti-bribery and corruption," "antitrust compliance," and "information management," we have established a "Compliance Policy" that outlines specific actions to be taken and the necessary systems and mechanisms.

Further, in order to detect and resolve compliance violations, we have the following internal reporting systems in place: "Speak-up Desk" (for Pigeon Group employees to make reports through three contact points: the Audit & Supervisory Board Members, the Legal Department, and a corporate attorney) and the "Pigeon Partners Line" (for customers to make reports through two contact points: the Legal Department and a corporate attorney). For the Speak-up Desk, we launched a multilingual reporting system that ensures anonymity in 2023. In the event that a problem is found in or outside the Company, the person in charge of the internal reporting system, such as Audit & Supervisory Board Members, investigates the facts and responds to the report, giving due consideration to the protection of the person who made the report, and the Risk Management Committee takes measures to prevent recurrence as necessary. When responding to the reports made through the systems, we consult with a corporate attorney as necessary to ensure the legality of our responses and solutions. In FY2024, there were 10 Speak-up Desk reports and 0 Pigeon Partners Line reports.

(2) Compliance education

CORPORATE GOVERNANCE

The Group aims to raise the compliance awareness of all Group employees by providing them with compliance education based on the Pigeon DNA and the Pigeon Way, Corporate Ethics Guidelines, Compliance Policy, the internal reporting system and others at the Company and Group companies in Japan and overseas.

In 2024, we provided employees with training, by revising the content to increase the effectiveness of our compliance education based on the results of compliance monitoring conducted in 2023. Specifically, we clearly showed the management team's commitment to always giving priority to compliance to all Group employees through a video message and also made explanations about compliance in an easier-to-understand manner by using case studies to help employees address compliance with ownership. After the training, participants were asked to reply to a questionnaire survey, and the results have been utilized to improve the content of our compliance education and training. In addition, we circulated the monthly "Pigeon Compliance Communication" newsletter that focuses on the Corporate Ethics Guidelines, related laws and regulations and internal rules to employees of the Company and all domestic Group companies, with an eye to instilling the compliance that employees should practice in their daily work.

(3) Compliance monitoring

In addition, by regularly conducting compliance monitoring for all domestic and overseas Group employees, we identify and analyze compliance risks in the Group. We then reflect the results in the compliance rules and education described above, aiming to reduce compliance risks of the Group and raise awareness toward compliance of all Group employees.

In 2024, as stated above, we enhanced the content of the training in reference to the results of compliance monitoring conducted in 2023, gave feedback on the results to each department of the Company and each Group company, thereby helping the departments and Group companies identify issues and formulate and implement measures to solve the issues.

● Personal Information and Information Security

In providing customers with products, services and information, the Pigeon Group considers information security and personal information protection to be an important task. The Risk Management Committees cooperate to review and devise responses to risks to both of these, and strive to strengthen the management of information security and personal information by adopting a system in which such measures are implemented by the Information Security Department, Legal Department, or other departments in charge. Furthermore, with regard to its personal information protection system, as evidence of its being an enterprise that handles personal information appropriately in conformity with JIS Q 15001:1999, the "Requirements for compliance program on personal information protection" (currently JIS Q15001:2006, "Personal information protection management systems"), the Company received PrivacyMark certification from the Japan Information Processing Development Corporation, an incorporated foundation that operates the PrivacyMark® System, in July 2005. In addition, the Company has renewed the certification in every two years until 2023.

● Sustainability

In order to further promote the Group's sustainability-oriented management from a medium- to long-term viewpoint, we established the "Sustainability Committee," with the Director in charge of GHQ, who promotes Groupwide ESG as chairperson, and managing officers from each department and the management strategy managing officer as members. The Committee meets at least twice a year to set medium- and long-term goals for the Company's ESG issues, identify and periodically review Key Issues (Materiality), and review the progress of efforts to resolve Key Issues, thereby fostering sustainability throughout the Group.

● Investor Relations Activities

- Overview of Timely Disclosure System

1. Internal System for Timely Disclosure

The Company has established a Disclosure Policy that summarizes the Pigeon Group's fundamental policy on information disclosure, and it publicizes the Disclosure Policy mainly on its Website (<https://www.pigeon.com/disclosure/>).

In order to realize the spirit of this policy, we have established and operate the timely disclosure system centered on the Business Strategy Department in charge of IR so that important financial, social and environmental information will be disclosed fairly, timely and appropriately.

2. Checking Function of the Internal System for Timely Disclosure

The Company has established, as its Internal Audit Department, an Audit Department with authority over the Company's internal control development and internal audits. The Audit Department develops the internal control and improves the internal audit system of each Group company.

To verify whether fair, timely, and appropriate corporate information disclosure is made to all stakeholders including shareholders, investors, and local communities, the Audit Department regularly conducts internal audits of internal control of information disclosure processes in the Pigeon Group. Audit results are reported at the audit debriefing sessions and shared with all Directors and Audit & Supervisory Board Members.
