**(Correction / Numerical Data Correction) Regarding a Partial Correction to "Financial Statements Summary for the nine-month period ended December 31, 2024 [IFRS]"**

KDDI CORPORATION hereby announces that it has made corrections to a portion of "Financial Statements Summary for the nine-month period ended December 31, 2024 [IFRS]," which was disclosed on February 5, 2025. Additionally, since there were corrections to numerical data, we are providing the corrected numerical data.

**1. Details and Reasons for Correction**

For the details and reasons concerning these corrections, please refer to the separate announcement titled "Notice Regarding Submission of Amended Reports for Prior Fiscal Year Securities Reports and Other Reports, and Corrections to Prior Fiscal Year Financial Results and Other Reports," issued today, March 31, 2026.

**2. Corrected Sections**

The corrected sections are indicated by a line (e.g., underline). Furthermore, due to the extensive number of corrections, the entire corrected Financial Statements Summary is provided.

This translation is to be used solely as a reference and the consolidated financial statements in this release are unaudited.

## Financial Statements Summary for the nine-month period ended December 31, 2024 [IFRS]

February 5, 2025

Company name: **KDDI CORPORATION** URL <https://www.kddi.com>  
 Stock listing: Tokyo Stock Exchange - Prime Market  
 Code number: 9433  
 Representative: Makoto Takahashi, President and Chief Executive Officer  
 Scheduled date of dividend payment: —  
 Supplementary materials for quarterly results: Yes  
 Presentation for quarterly results: Yes (for institutional investors and analysts)

(monetary amounts rounded to the nearest million)  
 (yen in millions, unless otherwise stated)

### 1. Consolidated Financial Results for the nine-month period ended December 31, 2024 (April 1, 2024 - December 31, 2024)

#### (1) Consolidated Operating Results

(Percentage represents comparison change to the corresponding previous quarterly period)

|   | Operating revenue |     | Operating income |       | Profit for the period before income tax |       | Profit for the period |       | Profit for the period attributable to owners of the parent |       | Total comprehensive income for the period |        |
|---|-------------------|-----|------------------|-------|---|-------|-----------------------|-------|--|-------|---|--------|
|   | %                 |     | %                |       | %                                       |       | %                     |       | %  |       | %   |        |
| Nine-month period ended December 31, 2024 | 4,308,539         | 2.1 | 847,697          | 0.6   | 842,960                                 | (2.5) | 575,016               | (3.6) | 519,004  | (3.9) | 552,849                                   | (12.7) |
| Nine-month period ended December 31, 2023 | 4,219,979         | 0.9 | 842,540          | (0.2) | 864,159                                 | 2.5   | 596,516               | 3.2   | 540,203  | 1.2   | 633,562                                   | 12.6   |

|   | Basic earnings per share |  | Diluted earnings per share |  |
|---|--------------------------|--|----------------------------|--|
|   | Yen                      |  | Yen                        |  |
| Nine-month period ended December 31, 2024 | 254.92                   |  | 254.86                     |  |
| Nine-month period ended December 31, 2023 | 253.84                   |  | 253.79                     |  |

Note: In the fourth quarter of the fiscal year ended March 31, 2024, the Company established provisional accounting procedures related to business combinations. The figures for the nine-month period ended December 31, 2023 reflect the application of provisional accounting procedures.

# **1. Overview of Operating Results and Financial Position**

## **(1) Overview of Operating Results**

### **1) Results Overview**

#### **Industry Trends and KDDI's Position**

With communication technologies being integrated into everything and playing an increasingly important role in modern society, we are entering an era in which a new type of value is being created across all of society, including in industry and people's everyday life. In addition, Japan can expect to see a transformation in the structure of industry with the progression of efforts to realize a sustainable society through improvements in productivity and decarbonization.

In May 2024, the Company updated its business strategy, naming it the New Satellite Growth Strategy, in response to rapid environmental changes sweeping through society, including the advance of digital social infrastructure driven by data and generative AI. Under the updated business strategy, we will strive to achieve "KDDI VISION 2030: Creating a society where everyone can realize their dreams by evolving the 'power to connect.'" Going forward, the Company will maintain its mission of connecting and protecting lives, connecting day-to-day lives, and connecting hearts and minds. We continue aiming to enhance corporate value and promote the sustainable growth of society by fulfilling our important social role and delivering thrilling customer experiences that exceed expectations.

Under the New Satellite Growth Strategy, we are accelerating the evolution of the "power to connect" by creating new value with all our partners, centering our efforts in the core businesses on promoting the practical application of generative AI and the implementation of data-driven practices based on high-quality and highly reliable 5G telecommunications. Regarding the practical application of generative AI, we are striving to create value by leveraging the Group's computational infrastructure and network resources while collaborating with a startup that boasts Japan's best R&D capabilities for large language models (LLMs).

In addition to pursuing collaboration in core business areas, we will focus on the three fields of digital transformation (DX), finance, and energy as business fields that drive the Company's growth (Orbit 1 ). We will continue accelerating growth mainly by working hard to maximize synergy with the telecommunications business and collaborating with partners. In the DX field in particular, we launched WAKONX in May 2024 as a new business platform for this era of AI-integration.

WAKONX is accelerating the business growth of Japanese companies and the resolution of social and industrial issues by providing one-stop services encompassing AI, databases, networks, operations, and maintenance, all of which are indispensable to accelerating DX in society.

In addition, as for business fields in which we are striving to achieve new growth (Orbit 2), we established the five fields of mobility, space, healthcare, Web3 and metaverse, and sports and entertainment. We aim to further expand business by leveraging the Company's strengths of telecommunications and new technologies while striving to transform customer lifestyles through partnerships.

Furthermore, the Company aims to create a society where everyone can realize their dreams as "the company the customer can feel closest to" by promoting future-oriented initiatives with the themes of "To Global," "With Life," and "For Future" in tandem with the New Satellite Growth Strategy.

In addition, the Company concluded a capital and business alliance agreement with Lawson, Inc. and Mitsubishi Corporation (MC) in February 2024 to forcefully promote the New Satellite Growth Strategy in real consumer life situations. In August 2024, following the Company's acquisition of Lawson's shares, Lawson transitioned to a joint management structure with MC and the Company each holding 50% of the shares. Aiming to transform Lawson into the convenience store of the future, the three companies utilize AI and DX technologies and the business foundations of MC and the Company to promote the expansion of Real × Tech Convenience. They also collaborate with local municipalities with the aim of solving social issues faced by communities and work on further enhancing the role of Lawson stores as local relaxation stations. Furthermore, in TAKANAWA GATEWAY CITY, which is where the Company plans to relocate its headquarters in spring 2025, we will open two Lawson stores (one on an office floor and the other on a general floor) as experimental labs for various retail tech with the aim of realizing the transformation of these outlets into the convenience stores of the future. Going forward, we aim to expand Real × Tech Convenience to other stores by reflecting the results of pilot tests in Takanawa. We aim to continue enhancing the sustainable growth of society and the corporate value of both companies in part by promoting an expansion of the Ponta Point economic zone and utilizing data to enhance marketing.

The Company has announced “realizing carbon neutrality” as one of its material issues and is proactively undertaking initiatives aimed at achieving this goal. Regarding the realization of carbon neutrality, which is one of the Company's material issues, we formulated new targets in May 2024 and aim to achieve net-zero CO2 emissions throughout the supply chain, including Scope 3 emissions, by FY2040. To achieve this target, we aim to achieve net-zero CO2 emissions throughout the entire Group by FY2030 and actively promote a shift toward renewable energy and greater power efficiency for our mobile phone base stations and telecommunications equipment.

To continue sustainably growing amid a rapidly changing business environment, we need to promote innovation and transform into a company that puts human resources first, encouraging advanced autonomy and growth among employees and organizations. In promoting innovation, we will continue conducting R&D for advanced technologies focused on Beyond 5G and 6G while promoting collaboration with external partners and open innovation through alliances with industry, academia, and government. Moreover, we will keep collaborating with competitors, for example, sharing 5G equipment with SoftBank Corp., with the aim of making Japan more resilient and competitive on the world stage.

Regarding our transformation into a company that puts human resources first, we evolved our three pillars, namely: engraining the new personnel system, developing professional human resources through the KDDI Version Job Style Personnel System, and enhancing employee engagement. We are promoting the transformation of workstyles and initiatives to further support employee career-building and growth.

We will also continue working to strengthen our risk management and information security systems and promote unified group management through the synergistic effect of the KDDI Philosophy, which serves as a common policy and code of conduct for both management and employees, and a corporate governance system that respects human rights and ensures transparency and fairness.

| Income tax  | 267,642              | 267,944              | 302      | 0.1%                 |
| Profit for the period   | 596,516              | 575,016              | (21,500) | (3.6)%               |
| Attributable to owners of the parent  | 540,203              | 519,004              | (21,199) | (3.9)%               |
| Attributable to non-controlling interests                                   | 56,314               | 56,012               | (302)    | (0.5)%               |

Beginning in the three-month period ended June 30, 2024, we have reassessed certain operating segments of our company, consolidated subsidiaries, and associated companies based on organizational changes. Accordingly, the segment information for the nine-month period ended December 31, 2023 is presented based on the segment classification after this change.

In addition, the Company established provisional accounting procedures related to business combinations in the fourth quarter of the previous fiscal year. The figures for the nine-month period ended December 31, 2023 reflect the application of provisional accounting procedures.

During the nine-month period ended December 31, 2024, operating revenue increased by 2.1% year on year to ¥4,308,539 million mainly due to an increase in revenue from mobile handset sales and the finance business as well as an increase in revenue attributable to an expansion in growth fields comprising IoT-related services, data centers, digital BPO, despite decreases in energy business revenue due to the impact of changing certain transactions of subsidiaries from gross accounting to net accounting for an alteration in distribution channels and decreases in roaming revenue.

Operating income increased by 0.6% year on year to ¥847,697 million mainly due to an increase in gross handset sale profit, net energy business profit, share of profit of investments accounted for using the equity method by the Company's acquisition of Lawson's shares, and revenue attributable to an expansion in growth fields as well as an increase in communication ARPU income.

Profit for the period attributable to owners of the parent decreased by 3.9% year on year to ¥519,004 million mainly due to a temporary influence caused by reorganization of subsidiaries and affiliates in the previous fiscal year, though increase in operating revenue.

## 2) Results by Business Segment

### Personal Services

The Personal Services segment provides services to individual customers.

In Japan, we aim to provide new added value and experience value by expanding 5G telecommunication services and other services such as finance, energy, and LX(Life Transformation) in a coordinated manner through our multi-brands “au,” “UQ mobile,” and “povo,” and are also working with local partners to eliminate the digital divide and achieve sustainable regional co-creation.

Overseas, we are leveraging our business know-how cultivated in Japan to provide telecommunication services and financial and entertainment services such as video and games to individual customers in Myanmar, Mongolia, and other Asian regions. In addition, we are working to enhance the convenience of telecommunication services for customers going overseas from Japan and customers visiting Japan from overseas.

### Quarterly Highlights

- We provide pricing plans that meet the needs of every customer through three brands.

In October 2024, the “au Money Activity Plan” received the No. 1 rank in J.D. Power Japan, Inc.’s Smart Phone Finance and Payment Linked Plan Customer Satisfaction Survey.\*1 The number of “au Money Activity Plan” contracts surpassed 1.4 million in November 2024. Furthermore, based on feedback from many customers, in December 2024 we began offering the Best Ponta Point-Earning Plan, which is a renewed version of the “au Money Activity Plan+” that significantly enhances the amount of points to be earned. The “Smart Phone Start Support Discount,” which launched at the same time, is a deal for families who have the “au Money Activity Plan+” (or “au Money Activity Plan”), enabling customers 22 years or younger to use 30 GB for ¥0 for a maximum of six months.

Through UQ mobile, in response to the need for medium-range data volume in the market, from November 2024, we began providing the “Comi Comi Plan+,” which increased the data volume of the existing “Comi Comi Plan” from 20GB to 30GB at the same price (33GB per month with the 10% additional data bonus \*2), and the “UQ Parent-Child Support Discount,” which provides a better deal to customers 18 years old or younger covered by the aforementioned plan as well as their families. Going forward, we will continue striving to further enhance our competitive advantage.

Through povo, we continue to provide the many various toppings that customers can choose from to fit their usage style. In October 2024, in addition to expanding our lineup of annual toppings, which have an effective term of 365 days. In November 2024, we launched “povo Data Oasis,” which enables customers to add data to their plans when visiting Lawson stores, and many customers are using this service introduced as a first step in a collaboration between mobile companies and convenience stores. We are promoting collaboration with partners who use “povo SDK,” which enables service operators to incorporate povo’s telecommunication services into their own services. In December 2024, we began working with AbemaTV, Inc. to provide an original plan enabling customers to seamlessly purchase data from the ABEMA app and a dedicated website. In the same month, we began a collaboration with the joint venture company DMM.com to provide a system that enables customers to purchase toppings to view DMM’s video service with unlimited data\*3 from DMM’s website and other places. Going forward, we will collaborate with various partners to develop a business model that embeds data in partner services in an ongoing effort to enhance the experience value of customers.
  - The Company is developing the most 5G base stations (approximate 94,000 stations) and Sub6 base stations (approximate 39,000 stations) in the industry in order to establish an area that will serve as the foundation for future telecommunications. The Sub6 area (3.7GHz/4.0GHz), which enables high-volume and high-speed 5G telecommunications, expanded 2.8 times in the Kanto region and 1.5 times across Japan (compared with January 31, 2024). With the cooperation of satellite telecommunications operators, satellite static has eased, and it is now possible to optimize antenna angles and enhance the output of base stations. In Sub6 areas, we approximately tripled telecommunication speeds compared with conventional 5G,\*4 and customers can now enjoy more a convenient telecommunication environment, including for watching high-quality videos and playing games. Thanks to these efforts, we were able to clinch the No. 1 spot in 13 out of the 18 total categories of the Mobile Network User Experience Report for the Japanese market released by the global network analytics company, Opensignal, in October 2024. In addition to again winning in the five categories we won in the previous report in April 2024, we snagged the No. 1 spot in eight new categories, including consistent quality and reliable experience. We received the most awards among MNOs in Japan.
- The Company has proactively established service areas in high traffic areas, such as train lines and commercial areas, to connect customers as they go about their day-to-day life. In addition, to connect customers on their more extraordinary days, we push the boundaries of telecommunication by using mobile base stations and Starlink to provide connection during outdoor events and in mountainous areas, where laying optical cables is difficult. In spring 2025, we plan to provide direct

telecommunication services for Starlink satellites and au smartphones and thereby expand the au area across all of Japan. In October 2024, we successfully carried out a pilot test in Kume Island, Okinawa. In December, Japan's Ministry of Internal Affairs and Communications issued us a permit to provide direct satellite telecommunications using mobile phone terminals, and we received permission to send Starlink satellite signals based on a commercial license from the U.S. Federal Communications Commission (FCC).

Through these efforts, we will continue striving to provide experience value with the "No. 1 connection experience."<sup>\*5</sup>

- Regarding Ponta Pass, which transformed from au Smart Pass Premium in October 2024, in addition to the existing awards, we offer two new services: Weekly LAWSON, which provides coupons worth up to ¥600 a month that cover both free and discounted items at Lawson, and Ponta Pass Boost, which provides a maximum of four times (2%) the normal Ponta Point awards (0.5%) when paying with au PAY at Lawson. In January 2025, we held the second Agesugi Challenge campaign, in which we provide additional awards on top of those for Ponta Pass. In this and other ways, we will continue to further expand and invigorate the Ponta economic zone and evolve services that make Lawson and various other stores a better deal as well as more enjoyable.
- The financial business steadily expanded its operations, with the amount of financing provided for home loans by au Jibun Bank surpassing a cumulative total of ¥5 trillion in November 2024, expanding faster than any other online bank,<sup>\*6</sup> and memberships of au PAY Card (issued by au Financial Service Corporation) exceeding 10.01 million in December 2024. In addition, in November 2024, we concluded an agreement with the Mitsubishi UFJ Financial Group, Inc. regarding focus areas and the structure of our collaboration to advance to a new stage (Collaboration 2.0). Our groups will promote further growth and development in their respective business areas, as well as contribute to our customers and business partners, by strengthening more flexible strategies, accelerating decision-making, and enhancing growth investments. As a part of this agreement, au Financial Holdings Corp. acquired MUFG Bank, Ltd.'s 22% equity stake in au Jibun Bank, making the latter a wholly owned subsidiary, and transferred its 49% stake in au Kabucom Securities Co., Ltd. to MUFG Bank. Moving forward, we will continue accelerating growth by further strengthening the connection between the telecommunications business and such financial businesses as au Jibun Bank—the core of the "au Economic Zone"—while focusing on expanding its customer base and enhancing the convenience of its financial services. Going forward, we will continue to realize connective finances that make finances more personal for all people while working closely with customers to effect fun changes in their lives by creating connections between telecommunications and financial services.
- In the energy business, in October 2024, au Energy & Life collaborated with Tokyo Prefecture to launch measures promoting the HTT action campaign aimed at ensuring stable energy supply and achieving decarbonization. For customers who signed up for the family energy-saving service called Smart Energy Saving with Nature Green, we awarded them Ponta Points and sent emails with information related to the HTT campaign, including information on saving energy. In November 2024, Gunma Prefecture, the Company, au Energy Holdings, and au Renewable Energy concluded a basic agreement related to installing solar power stations at assets owned by the prefecture. In line with this agreement, the Group aims to install solar power stations at facilities owned by the prefecture and to utilize unused land owned by the prefecture for solar power. We plan to begin operating the solar power stations in the fiscal year ending March 31, 2026. We will continue promoting efforts to encourage use of renewable energy, create a sustainable society, conserve the environment, and solve local issues.
- In Mongolia, the consolidated subsidiary MobiCom Corporation LLC is maintaining the position as No. 1 in domestic market share,<sup>\*7</sup> and the business is progressing smoothly. In November 2024, MobiCom was selected as number 14 among the Mongolia Top 100 Companies, making it the highest placed telecommunications operator in that country. This honor is bestowed by the Mongolian government and chambers of commerce based on a comprehensive assessment of a company's sales, profit, income taxes, number of employees, and total assets. In addition, in Myanmar,<sup>\*8</sup> we are striving to maintain the telecommunication services that are indispensable to the citizens' lives while being careful to protect the safety of relevant parties while carefully monitoring local conditions..

(yen in millions)

|                   | <b>Nine Months Ended</b>     |                              |               |                              |
|-------------------|------------------------------|------------------------------|---------------|------------------------------|
|                   | <b>December 31,<br/>2023</b> | <b>December 31,<br/>2024</b> | <b>Change</b> | <b>Percentage<br/>Change</b> |
| Operating Revenue | 3,505,611                    | 3,506,735                    | 1,124         | 0.0%                         |
| Operating Income  | 676,992                      | 666,977                      | (10,015)      | (1.5)%                       |

During the nine-month period ended December 31, 2024, operating revenue increased by 0.0% year on year to ¥3,506,735 million mainly due to an increase in revenue from handset sales and the finance business, although decrease in revenue from the energy business due to a change in the commercial distribution of some subsidiary transactions from gross to net accounting.

Operating income decreased by 1.5% year on year to ¥666,977 million mainly due to a decrease in roaming revenue despite an increase in share of profit of investments accounted for using the equity method by the Company's acquisition of Lawson's shares.

## **Business Services**

The Business Services segment mainly provides a wide range of corporate customers in Japan and overseas with a variety of solutions encompassing smartphones and other devices, network and cloud services, and Telehouse brand data center services. In addition to this, we established the new business platform WAKONX for the AI era. We are working to solve industry-specific problems faced by corporate customers and contributing to customers' business growth and social issue solutions. We continue to provide global one-stop solutions that contribute to the development and expansion of our customers' businesses through IoT and DX centered on 5G communications in collaboration with our partners.

### **Quarterly Highlights**

- In November 2024, the Company reached an agreement to make LAC Co., Ltd. (a leading cyber security company) a wholly owned subsidiary through a common stock tender offer. The importance of cyber security is increasing in line with the changing times, which are bringing a rapid proliferation of teleworking and the widespread use of generative AI, IoT, and cloud services. Amid this situation, we are building a system that can provide customers with more optimal solutions by consolidating LAC's wealth of knowledge related to cyber security and the Company's management resources, such as network services. In addition, we will work to make cyber security services even more advanced and contribute to the enhancement and development of cyber security across Japan.
- In November 2024, the Company and Altius Link launched a new project in the field of customer support utilizing the expertise of the KDDI Customer Center, which responds to around 2 million inquiries per month from au, UQ mobile, and other customers. By combining generative AI, speech recognition tools, and other advanced technologies used during operations, the two companies, which promote DX in the customer support field, were able to reduce amount of time the KDDI Customer Center spends on quality control by around 24,000 hours per year. To generalize the expertise of these two companies, through this project, we will build a pilot center that conducts pilot tests of services and incorporate the opinions of customers who visit the pilot center. In this way, we will enhance the value of services even more and continue to provide advanced call center solutions that contribute to the growth of customer businesses.
- In October 2024, we concluded an agreement with Shibushi City, Kagoshima Prefecture, and Minamifurano Town, Hokkaido Prefecture, related to comprehensive collaboration with the aim of promoting municipal DX. Through this agreement, we will enhance civilian services using digital technologies, close the information gap, stimulate local communities, and more. In addition, we will dispatch knowledgeable digital specialists to work with these municipalities' employees to implement solutions aimed at addressing such issues as the need for reforms in the workstyles of municipal employees and faculty member, establishment of BCP measures for disasters, and digitization of governmental procedures. Using these efforts as a model, we will accelerate municipal DX in collaboration with municipalities and help accelerate the digitalization of Japan through WAKONX.

Going forward, we will continue to expand our business with the aim of being customers' true first choice of business partner and helping develop and expand the business of corporate customers.

Operating performance in the Business Services segment for the nine-month period ended December 31, 2024 is described below.

### **For the nine-month period ended December 31, 2024**

(yen in millions)

|                   | <b>Nine Months Ended</b>     |                              |               |                              |
|-------------------|------------------------------|------------------------------|---------------|------------------------------|
|                   | <b>December 31,<br/>2023</b> | <b>December 31,<br/>2024</b> | <b>Change</b> | <b>Percentage<br/>Change</b> |
| Operating Revenue | 928,132                      | <b>1,012,014</b>             | 83,883        | 9.0%                         |
| Operating Income  | 160,743                      | <b>173,022</b>               | 12,279        | 7.6%                         |

During the nine-month period ended December 31, 2024, operating revenue increased by 9.0% year on year to ¥1,012,014 million mainly due to an increase in revenue attributable to an expansion in growth fields comprising IoT-related services, data centers, digital BPO, and other similar businesses.

Operating income increased by 7.6% year on year to ¥173,022 million mainly due to an increase in operating revenue.

## (2) Overview of Financial Position

### 1. Financial Position

|  | <b>March 31,<br/>2024</b> | <b>December 31,<br/>2024</b> | <b>Change</b> |
|--|---------------------------|------------------------------|---------------|
| Total assets   | <u>14,054,762</u>         | <u>16,156,689</u>            | 2,101,928     |
| Total liabilities  | <u>8,322,850</u>          | <u>10,559,664</u>            | 2,236,814     |
| Total equity   | <u>5,731,912</u>          | <u>5,597,025</u>             | (134,887)     |
| Equity attributable to owners of the parent                          | <u>5,188,048</u>          | <u>5,054,529</u>             | (133,519)     |
| Ratio of equity attributable to owners of the parent to total assets | <u>36.9%</u>              | <u>31.3%</u>                 | (5.6)%        |

#### (Assets)

Total assets increased by ¥2,101,928 million from the previous fiscal year-end to ¥16,156,689 million as of December 31, 2024 mainly due to an increase in loans for financial business and investments accounted for using the equity method despite a decrease in Intangible assets and other assets.

#### (Liabilities)

Total liabilities increased by ¥2,236,814 million from the previous fiscal year-end to ¥10,559,664 million as of December 31, 2024 mainly due to an increase in deposits for financial business and borrowings and bonds payable despite a decrease in income taxes payables.

#### (Equity)

Total equity amounted to ¥5,597,025 million mainly due to a decrease in equity attributable to owners of the parent from the previous fiscal year-end. As a result, ratio of equity attributable to owners of the parent to total assets decreased from 36.9% as of March 31, 2024, to 31.3% as of December 31, 2024.

## 2. Consolidated Cash Flows

(yen in millions)

|  | Nine Months Ended    |                      |           |
|--|----------------------|----------------------|-----------|
|  | December 31,<br>2023 | December 31,<br>2024 | Change    |
| Net cash provided by (used in) operating activities          | 1,064,629            | <b>718,436</b>       | (346,193) |
| Net cash provided by (used in) investing activities          | (681,708)            | <b>(1,016,857)</b>   | (335,149) |
| Free cash flows (Note)                                       | 382,921              | <b>(298,422)</b>     | (681,342) |
| Net cash provided by (used in) financing activities          | (244,300)            | <b>272,980</b>       | 517,280   |
| Effect of exchange rate changes on cash and cash equivalents | 4,641                | <b>4,479</b>         | (162)     |
| Net increase (decrease) in cash and cash equivalents         | 143,262              | <b>(20,963)</b>      | (164,225) |
| Cash and cash equivalents at the beginning of the period     | 480,252              | <b>887,207</b>       | 406,955   |
| Cash and cash equivalents at the end of the period           | 623,513              | <b>866,243</b>       | 242,730   |

Note: Free cash flows are calculated as the sum of “net cash provided by (used in) operating activities” and “net cash provided by (used in) investing activities.”

Net cash provided by operating activities decreased by ¥346,193 million year on year to ¥718,436 million mainly due to a significant increase in loans for financial business.

Net cash used in investing activities increased by ¥335,149 million year on year to ¥1,016,857 million mainly due to an increase in expenditures for the acquisition of shares in affiliated companies such as Lawson, Inc.

Net cash provided by financing activities increased by ¥517,280 million year on year to ¥272,980 million mainly due to the increase in revenue from bond issuance and long-term borrowings, etc.

Reflecting these factors and an increase of ¥4,479 million in the effect of exchange rate changes on cash and cash equivalents, the total amount of cash and cash equivalents as of December 31, 2024, decreased by ¥20,963 million from March 31, 2024 to ¥866,243 million.

### (3) Explanation Regarding Future Forecast Information of Consolidated Financial Results

For the fiscal year ending March 31, 2025, the Group forecasts operating revenue of ¥5,770,000 million, operating income of ¥1,110,000 million, and profit for the year attributable to owners of the parent of ¥690,000 million. No changes have been made from the details stated in the Summary of Financial Results for the fiscal year ended March 31, 2024 (disclosed on May 10, 2024).

If it becomes necessary to revise the forecast due to future changes in circumstances, we will disclose the revision as soon as possible.

## 2. Condensed Quarterly Consolidated Financial Statements

### (1) Condensed Quarterly Consolidated Statement of Financial Position

|   | March 31,<br>2024 | (yen in millions)<br>December 31,<br>2024 |
|---|-------------------|---|
| <b>ASSETS</b>                                     |                   |   |

## (6) Going Concern Assumption

None

## (7) Notes to Condensed Quarterly Consolidated Financial Statements

### 1. Reporting Entity

KDDI Corporation (“the Company”) was established as a limited company in accordance with Japanese Company Act. The location of the Company is Japan and the registered address of its headquarter is 2-3-2, Nishishinjuku, Shinjuku-ku, Tokyo, Japan. The Company’s condensed quarterly consolidated financial statements as of and for the nine-month period ended December 31, 2024 comprise the Company and its consolidated subsidiaries (“the Group”) and the Group’s interests in associates and joint ventures. The Company is the ultimate parent company of the Group.

The Group’s major business and activities are “Personal Services” and “Business Services.”

For the details, please refer to “(1) Outline of reportable segments” of “4. Segment Information.”

### 2. Basis of Preparation

#### (1) Compliance of condensed quarterly consolidated financial statements with IFRSs

The Group’s condensed quarterly consolidated financial statements have been prepared in accordance with Article 5, Paragraph 2 of the Standards for the Preparation of Quarterly Financial Statements of the Tokyo Stock Exchange (However, the omissions of statements defined in Article 5, Paragraph 5 of the Standards for the Preparation of Quarterly Financial Statements are applied.).

The condensed quarterly consolidated financial statements, which do not contain all the information required in annual consolidated financial statements, should be read in conjunction with the annual consolidated financial statements for the previous fiscal year ended March 31, 2024.

#### (2) Basis of measurement

The Group’s condensed quarterly consolidated financial statements have been prepared under the historical cost basis except for the following significant items on the condensed quarterly consolidated statement of financial position:

- Derivative assets and derivative liabilities (measured at fair value)
- Financial assets or financial liabilities at fair value through profit or loss
- Financial assets at fair value through other comprehensive income
- Assets and liabilities related to defined benefit plan (measured at the present value of the defined benefit obligations, net of the fair value of the plan asset)

#### (3) Presentation currency and unit of currency

The Group’s condensed quarterly consolidated financial statements are presented in Japanese yen, which is the currency of the primary economic environment of the Company’s business activities, and are rounded to the nearest million yen.

#### (4) Use of estimates and judgement

The preparation of condensed quarterly consolidated financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. The estimates and assumptions are based on the management’s best judgments, through their evaluation of various factors that were considered reasonable as of the period-end, based on historical experience and by collecting available information. By the nature of the estimates or assumptions, however, actual results may differ from those estimates and assumptions.

The estimates and assumptions are reviewed on an ongoing basis. The effect of adjusting accounting estimates is recognized in the fiscal year in which the estimates are adjusted and in the subsequent fiscal years.

The judgments, estimates and assumptions that have significant impact on the amount in the condensed quarterly consolidated financial statements are consistent with those described in the annual consolidated financial statements for the previous fiscal year in principle.

#### (5) Application of new standards and interpretations

The Group doesn’t have material standards and interpretations applied from the three-month period ended June 30, 2024.

#### (6) Standards not yet adopted

The following is a list of newly established or revised standards and interpretations that have been disclosed prior to the

approval date of the consolidated financial statements, but have not been early adopted by the Group. The impact on the consolidated financial statements of the Group is currently under evaluation.

| Standard | The title of Standard                               | Mandatory adoption (from the fiscal year beginning) | To be adopted by the Group from   | Outline of new standards and amendments   |
|----------|---|---|-----------------------------------|---|
| IFRS 18  | Presentation and Disclosure in Financial Statements | January 1, 2027                                     | fiscal year ending March 31, 2028 | The new standard that replaces IAS 1 on Presentation of Financial Statements and Disclosure in the current accounting standards |

### 3. Material Accounting Policies

The material accounting policies applied to this condensed quarterly consolidated financial statements are consistent with the accounting policies to applied to the consolidated financial statements for the fiscal year ended March 31, 2024. Also, income tax expenses on condensed quarterly consolidated statement of income are calculated based on the estimated average annual effective income tax rate. In addition, the Company and some of its domestic consolidated subsidiaries have adopted the Group tax sharing system from the three-month period ended June 30, 2024.

## 4. Segment Information

### (1) Outline of reportable segments

The reportable segments of the Group are units of the Group, of which separate financial information is available, and which are periodically monitored for the board of directors to determine the allocation of the business resources and evaluate the performance results.

The Group has the two reportable segments of Personal Services and Business Services as well as operating segments.

The Personal Services segment provides services to individual customers.

In Japan, we aim to provide new added value and experience value by expanding 5G telecommunication services and other services such as finance, energy, and LX in a coordinated manner through our multi-brands “au,” “UQ mobile,” and “povo,” and are also working with local partners to eliminate the digital divide and achieve regional co-creation.

Overseas, we are leveraging our business know-how cultivated in Japan to provide telecommunication services and financial and entertainment services such as video and games to individual customers in Myanmar, Mongolia, and other Asian regions.

The Business Services segment mainly provides a wide range of corporate customers in Japan and overseas with a variety of solutions encompassing smartphones and other devices, network and cloud services, and Telehouse brand data center services.

In addition to this, to encourage digitalization in Japan, we established the new business platform WAKONX.

We continue to provide global one-stop solutions that contribute to the development and expansion of our customers' businesses through IoT and DX centered on 5G communications in collaboration with our partners.

Beginning in the three-month period ended June 30, 2024, we have reassessed certain operating segments of our company, consolidated subsidiaries, and associated companies based on organizational changes. Accordingly, the segment information for the nine-month period ended December 31, 2023 is presented based on the segment classification after this change.

In the fourth quarter of the fiscal year ended March 31, 2024, the Company established provisional accounting procedures related to business combinations. The segment information for the nine-month period ended December 31, 2023 reflect the application of provisional accounting procedures.

### (2) Calculation method of revenue, income or loss, assets and other items by reportable segment

Accounting treatment of reported business segments is consistent with “3. Material Accounting Policies.”

Income of the reportable segments is based on the operating income.

Inter segment transaction price is determined by taking into consideration the price by arm's length transactions or gross costs after price negotiation.

Assets and liabilities are not allocated to reportable segments.

(3) Information related to the amount of revenue, income or loss and other items by reportable segment

The Group's segment information is as follows:

For the nine-month period ended December 31, 2023

|   | Reportable segments |          |           | Other<br>(Note 1) | Total     | Adjustment<br>(Note 2) | (yen in millions)  |
|---|---------------------|----------|-----------|-------------------|-----------|------------------------|--|
|   | Personal            | Business | Sub-total |                   |           |                        | Amounts on<br>the<br>consolidated<br>financial<br>statements |
| Revenue                                   |                     |          |           |                   |           |                        |  |
| Revenue from external customers           | 3,450,234           | 754,895  | 4,205,129 | 14,849            | 4,219,979 | —                      | 4,219,979  |
| Inter-segment revenue or transfers        | 55,377              | 173,236  | 228,613   | 66,659            | 295,273   | (295,273)              | —  |
