The Opening of “KeePer LABO Kofu”

KeePer Technical Laboratory Co., Ltd. (Head Office: Obu City, Aichi / Chairman and CEO: Yoshimichi Tani) will open a new KeePer LABO Kofu Store in Kofu City, Yamanashi, on Wednesday, May 27, 2026,

Store Name	KeePer LABO Kofu	Opening Date	May 27, 2026
Location	1-5-62 Mitsugawa, Kofu City, Yamanashi	Site area	999.44㎡
Hours of operation	9:00-20:00	Store area	599.79㎡
Management Structure	Directly managed store	Construction site	Former gas station site

Store Concept

The Kofu store is located in the central-western area of Kofu City, next to the well-known Yamanashi Prefectural Museum of Art. Although this is our first store in the area, we expect to achieve rapid brand recognition due to its prominent location. In addition to Kofu City’s population of approximately 180,000, the combined population of neighboring cities—Kai, Minami-Alps, and Fuefuki—reaches about 388,000, providing a sufficiently large market.

The store is a large-scale facility converted from a gas station, designed as an all-weather operation where all work can be performed indoors. It can accommodate up to 12 vehicles simultaneously. The facility is fully equipped for TRES KeePer applications, and it also offers underbody coating (“undercoat”), which is in high demand in snowy regions.
