Notice of Difference between Forecast and Actual Results
for the Fiscal Year Ended March 31, 2026

Tohoku Electric Power Co., Inc., hereby releases the following information on the difference between the consolidated financial results forecast announced on April 30, 2025, and the actual results announced today for the fiscal year ended March 31, 2026.

1. Difference between the consolidated financial results forecast and the actual results for the fiscal year ended March 31, 2026 (April 1, 2025–March 31, 2026)

(Millions of yen, unless otherwise stated)

	Operating Revenue	Operating Income	Ordinary Income	Net Income Attributable to Owners of Parent	Net Income per Share (Yen)
Previous forecasts (A)	2,450,000	220,000	190,000	135,000	269.91
Results (B)	2,372,420	160,380	126,407	84,975	169.85
Change (B–A)	△77,579	△59,619	△63,592	△50,024	
Change (%)	△3.2	△27.1	△33.5	△37.1	
(Reference) FY3/2025 Results	2,644,912	280,332	256,725	182,807	365.50

2. Reason for the difference

Operating revenue fell short of previously announced forecasts mainly due to a decrease in fuel cost adjustment amounts and a decline in retail electricity sales volume.

Operating income, ordinary income, and net income attributable to owners of parent fell short of previously announced forecasts due to the recognition of market valuation for forward power contracts, and a

decrease in retail electricity sales volume, despite improvements resulting from business optimization and the time lag effect of the fuel cost adjustment system.

The market valuation recognized (¥56.5 billion) will be reversed in the following fiscal year (FY2026), therefore has no impact on income and expenditures for the two fiscal years combined.
