## 2. Reason

The Company has stipulated in its Articles of Incorporation that matters such as dividends of surplus shall be determined by resolution of the Board of Directors and considers return of profit to its shareholders as an important capital policy. In addition, regarding the distribution of profit, the Company has made it a basic policy to strive to increase business revenue and maintain its return on equity (ROE) from a long-term perspective, and also to endeavor to enhance its equity, strengthen its financial structure and maintain a stable level of dividends to its shareholders over the long term, with a target payout ratio of 40%, and determines the amount of dividends based on this policy.

For the fiscal year ended March 31, 2026, the Company plans to pay a dividend of 70 yen per share based on the above policy, comprehensively taking into consideration its financial position and business performance.
