Proposal and Reference Items

<Company Proposal>

First Item of Business: Proposed Distribution of Surplus

We consider the return of profits to shareholders a crucial management task, and determine the consolidated dividend payout ratio and the level of internal reserves in overall consideration of the future expansion of our business and consolidated results of operations while keeping in line with the basic policy that ensures the continued and stable dividend payments. Our basic policy of distribution of surplus in the form of dividend payment is that the Company makes it a rule to distribute dividends twice annually, in the form of an interim dividend, with a record date of September 30 each year, which is paid by resolution of the Board of Directors, and a year-end dividend, with a record date of March 31 each year, which is paid by resolution of the General Meeting of Shareholders. We intend to use internal reserves for investments required for increased new customer contracts, research and development, other strategic investments, and measures to return profits to employees so as to ensure to strengthen our corporate structure and expand our business.

Based on the basic policy aforesaid, we have determined to propose to the Ordinary General Meeting of Shareholders that the year-end dividends for the current fiscal year be 50 yen per share to respond to shareholders' continuous support. The dividends for the current fiscal year will be 100 yen per share, including the interim dividends, 2.5 yen higher than those for the previous fiscal year.

Matters related to the year-end dividend:

- (1) Kind of assets distributed:
Cash
- (2) Matter related to distribution of cash and total amount:
YEN 50 per share of common stock of the Company
The total amount: YEN 20,223,057,450
- (3) Effective date for distribution of surplus:
June 29, 2026

<Shareholder Proposal>

The Fourth and Fifth Item of Business were proposed by a shareholder. A summary of and reasons for the following items of business are presented verbatim from the shareholder proposal submitted by the proposing shareholder.

Fourth Item of Business: Amendments to the Articles of Incorporation regarding Action to Implement Management that is Conscious of Cost of Capital and Stock Price

(1) Summary of the agenda

Add the following provision to the Company's Articles of Incorporation. In the event that the approval of other proposals at this General Meeting of Shareholders (including proposals made by the Company) necessitates formal adjustments to the provisions described in this proposal (including, but not limited to, corrections to article numbering), the provisions related to this proposal shall be read as the provisions after such necessary adjustments have been made.

(Underlines indicate the changes)

Pre-amendment	Post-amendment
(Newly established)	<u>Chapter 8 Disclosure</u> <u>(Disclosure regarding the Management that is Conscious of Cost of Capital and Stock Price)</u> <u>Article 51</u> <u>As long as the Company remains as listed company, the Company will verify the appropriateness of its initiatives and contents of disclosures based on the “Key Points and Examples Considering the Investor’s Point of View in Regard to Management Conscious of Cost of Capital and Stock Price” (the “Key Points and Examples”) announced by the Tokyo Stock Exchange on February 1, 2024, and disclose the details of its initiatives in accordance with the items in the Key Points and Examples in its Corporate Governance Report and on its website.</u>

(2) Reasons for the proposal

We agree with the purpose of the “Action to Implement Management that is Conscious of Cost of Capital and Stock Price” (the “TSE Request”) that the Tokyo Stock Exchange has requested of all listed companies on the Prime Market and Standard Market as of March 31, 2023. In addition, we believe that continuous verification of initiatives based on the “Key Points and Examples Considering the Investor’s Point of View in Regard to Management Conscious of Cost of Capital and Stock Price” (the “Key Points and Examples”) announced by the Tokyo Stock Exchange on February 1, 2024 is effective in ensuring that a company’s response is not merely a formality, but highly effective.

The Company has completed disclosure based on the TSE Request, and in addition to setting forth a 10% ROE target for the year ending March 31, 2028, since 2022, it has continued to [English Translation]

repurchase its own shares to improve capital efficiency. However, the Company has not disclosed information on its policy on the allocation of management resources, including the scale of shareholder returns; specific measures and progress ahead of its achievement of 10% ROE; or a breakdown of individual ROE components. We recognize these disclosures to be insufficient from the investor's point of view, as well as issues with the specificity and effectiveness of said disclosures.

The Key Points and Examples demand “fundamental initiatives with an awareness of the appropriate allocation of management resources” and “Explanation of efforts in relation to medium- to long-term goals.” Rather than simply presenting numerical targets, it is important to clarify the specific roadmaps for achieving these targets. The Company must therefore examine its desired future balance sheet structure after breaking down individual ROE components, and clearly disclose its cash allocation policy, including investments for growth and shareholder returns. The Company must also provide clear details of how each of its initiatives is linked to the achievement of its targets. We believe that by disclosing such specific information, the Company can clarify its initiatives aimed at medium- to long-term corporate value enhancement in line with the purpose of the TSE Request, and fulfil the expectations of its shareholders and investors.

<Opinion of the Board of Directors>

The Board of Directors opposes this Shareholder Proposal.

In order to further clarify the direction which the Company should aim for in the future and to further ensure growth, the Company has formulated the SECOM Group Road Map 2027 and lists the implementation of investment in growth while remaining aware of cost of capital as one of its financial strategies. In addition, the Company continuously engages in discussion regarding such matters as capital policy at its Board of Directors' meetings, and also discloses its endeavors for enhancing capital efficiency in materials such as the integrated report.

As noted in the presentation material, Financial Results for the Fiscal Year Ended March 31, 2026, the Company understands that its cost of shareholders' equity is approximately 5 to 7%. By implementing the measures included in the SECOM Group Road Map 2027 while engaging in ongoing dialogue with the equity market going forward, we will aim to achieve profitability that exceeds the cost of shareholders' equity for the medium- to long-term enhancement of corporate value and the common benefit of shareholders.

The Shareholder Proposal seeks to newly add provisions regarding initiatives in response to Tokyo Stock Exchange's request for "Action to Implement Management that is Conscious of Cost of Capital and Stock Price" to the Articles of Incorporation, but the Company has already been pursuing initiatives related to such request. Moreover, these are items that need to be addressed quickly and flexibly in a constantly changing market environment, and we deem it inappropriate to add these as provisions to the Articles of Incorporation.

In addition, as noted in the presentation material, Financial Results for the Fiscal Year Ended March 31, 2026, we also disclosed the Group's capital allocation policy and our approach for continuous initiatives aimed at optimizing the business portfolio. Going forward, we will continuously consider our optimum business portfolio, and appropriately distribute funds for "investment for growth" including proactive investment towards human resources and M&As, and "continuous investment" aiming to strengthen our business foundation. By these, we will endeavor to realize sustainable growth and to enhance shareholder returns in a stable and continuous manner.

For the reasons above, the Board of Directors opposes the Shareholder Proposal.

<Shareholder Proposal>

Fifth Item of Business: Amendments to the Articles of Incorporation regarding the Record Date of the Ordinary General Meeting of Shareholders

(1) Summary of the agenda

Amend Article 13 of the Company's Articles of Incorporation as below. In the event that the approval of other proposals at Ordinary General Meeting of Shareholders (including proposals made by the Company) necessitates formal adjustments to the provisions described in this proposal (including, but not limited to, corrections to article numbering), the provisions related to this proposal shall be read as the provisions after such necessary adjustments have been made.

(Underlines indicate the changes)

Pre-amendment	Post-amendment
(Record Date of the Ordinary General Meeting of Shareholders) Article 13 The record date for voting rights at the Company's Ordinary General Meeting of Shareholders shall be March 31 of each year. <u>2. (Newly established)</u>	(Record Date of the Ordinary General Meeting of Shareholders) Article 13 The record date for voting rights at the Company's Ordinary General Meeting of Shareholders shall be <u>May 15</u> of each year. <u>2. Notwithstanding the provision of the preceding paragraph, if necessary, the Company may set a record date by giving prior public notice upon resolution by the Board of Directors.</u>

(2) Reasons for the proposal

The current record date for voting rights at the Company's Ordinary General Meeting of Shareholders is March 31, and in line with the Companies Act, the General Meeting of Shareholders is held at the end of June each year. On the other hand, in practice the Annual Securities Report, which contains important information for shareholders to exercise their voting rights, can only be published after the General Meeting of Shareholders or at a time extremely close to the date of the meeting, such as the day before. As a result, it is difficult for investors to sufficiently analyze its content and reflect their findings into their voting decisions, and currently, investors do not have sufficient time to conduct effective reviews.

The Annual Securities Report is a statutory disclosure document that contains a comprehensive range of information essential to making decisions on important agenda items at the General Meeting of Shareholders, including business risks, management strategies, governance structures, amount of remunerations and the policy for determining such amount, and capital policies. We believe that the disclosure of this information with sufficient time for review, rather than immediately before the General Meeting of Shareholders, is a prerequisite for exercising voting rights in a responsible manner.

By changing the record date for voting rights to the middle of May, the Company will be able to set up a disclosure schedule of Annual Securities Reports and other related information with sufficient time ahead of the General Meeting of Shareholders. This will establish an environment that allows investors, proxy advisory firms, and analysts to carefully examine the information, and appropriately reflect the results of their analyses into decisions on whether to

[English Translation]

approve or reject each agenda item. This proposal does not only seek a formal acceleration of timing, but aims to create a systematic foundation for the enhancement of substantive information disclosure.

In addition, as a secondary effect, this change is expected to lead to a broader distribution of dates for the General Meeting of Shareholders, which until now have been overly concentrated in late June. This concentration of dates has made it difficult for many shareholders to attend the general meetings of multiple companies. Broader distribution of these dates will enable shareholders to attend more general meetings and increase opportunities for them to participate in direct dialog and discussion with management. This in turn will promote more active shareholder engagement and contribute to the achievement of the “Shareholder Democracy” approach that we advocate.

<Opinion of the Board of Directors>

The Board of Directors opposes this Shareholder Proposal.

The intent of the Shareholder Proposal is to arrange an environment in which the shareholders may consider important information including the annual securities report with sufficient time by changing the record date for voting rights to May 15.

With an understanding of the importance to arrange such environment, the Company has also endeavored to enhance the delivery of information necessary for the shareholders to exercise their votes.

In specific, in the convocation notice disclosed at least three (3) weeks prior to the date of the Ordinary General Meeting of Shareholders, the Company describes in its business report such matters as the issues the Company has to cope with, the amount of remuneration of its directors and Audit & Supervisory Board members and the method of its determination, and discloses them together with the financial statements and audit reports. In addition, the Company described in the integrated report the details of such matters as its management strategies, governance system and capital policies, and provided information necessary to exercise votes with a reasonable amount of time.

Furthermore, the Company promotes early disclosure of the annual securities report, and makes continuous endeavors for disclosure prior to the general meeting of shareholders, with respect to the annual securities report for the fiscal year ending March 31, 2026 also.

On the other hand, the Company has determined the timing for the convocation of the Ordinary General Meeting of Shareholders as June (*1), and the Shareholder Proposal is unlikely to produce the secondary effect expected by the Shareholder of dispersing the dates of the general meeting of shareholders even if the record date for voting rights is determined as May 15. Rather, since it will shorten the period from the record date for voting rights till the date of the general meeting of shareholders to approximately half of the current period at the longest, the timing of dispatch of the convocation notice is likely to become nearer to the date of the general shareholders meeting than the present, in which case it would result in failing to meet the intent of the Shareholder Proposal.

In addition, since the record date of the year-end dividend of the Company is March 31 (*2), if the timing of the Ordinary General Meeting of Shareholders is determined as July or thereafter in line with the intent of the Shareholder Proposal, it would violate the provisions of the Companies Act which provide that the effective date of dividends must be within three (3) months from the record date of dividends (*3).

As described above, the Shareholder Proposal does not sufficiently take into account the relationship between the provisions of the Companies Act and the other provisions of the Company's Articles of Incorporation.

For the reasons above, the Board of Directors opposes the Shareholder Proposal.

The Company will also continuously endeavor to expand and speed up information provision which contributes to the shareholders' judgment in the future.

[English Translation]

*1: Article 12 of the Articles of Incorporation (Timing of convocation of the general meeting of shareholders)

The Ordinary General Meeting of Shareholders shall be convened in June of every year, and the Extraordinary General Meeting of Shareholders shall be convened from time to time as necessary.

*2: Article 48 of the Articles of Incorporation (Record date of distribution of surplus money)

1. The record date of year-end dividends of the Company shall be March 31 of every year.

2. Other than the preceding provision, surplus money may be distributed by determining a record date.

*3: Article 124 of the Companies Act (Record Date)

(1) A Stock Company may, by prescribing a certain date (hereinafter in this Chapter referred to as a "Record Date"), prescribe the shareholders that have been entered or recorded in the shareholder register as of the Record Date (hereinafter in this Article referred to as "Shareholders as of the Record Date") as the persons that may exercise their rights.

(2) In cases where a Record Date is to be established, the Stock Company must prescribe the content of the rights which the Shareholders on the Record Date may exercise (limited to those which are exercised within three months from the Record Date).

Business Report (Fiscal Year Ended March 31, 2026)

I. Outline of the Group's Business

1. The Current Business Development and Results of Operations

During the fiscal year ended March 31, 2026 (“the current fiscal year”), the Japanese economy showed signs of recovery in some areas, such as business investment and private consumption, amid the improvements in the employment and income environment. On the other hand, continual attention has been required to the effects of the situation in the Middle East, the fluctuations of the financial and capital markets, U.S. trade policy trends, and other circumstances.

Under these circumstances, we have been actively working to implement initiatives to achieve the SECOM Group's Vision for 2030, formulated with an aim to establish the “Social System Industry,” which delivers safety and peace of mind, as well as makes life more comfortable and convenient. We also formulated the SECOM Group Road Map 2027 to further clarify the direction we should aim for in order to realize our vision and to ensure our growth, and we have been actively promoting various initiatives. Furthermore, with the increasing complexity of social imperatives, in May 2026, we formulated the SECOM Group's Vision for 2040, which aims to clarify the Group's strategic direction going forward. For details, please refer to “Notice Regarding the Formulation of the SECOM Group's Vision for 2040,” announced on May 12, 2026.

In March 2025, our cocobo security robot passed the conformity tests for remote-controlled small vehicles and became the first robot offered by security companies permitted for use on roads, including public roads. As a result, it is now possible to use cocobo on public roads surrounding properties round the clock, allowing us to offer sophisticated security that combines humans and robots at a wider range of locations. Additionally, in July 2025, we launched SECOM MyAED, the first residential-use AED in Japan that is equipped with an auto-shock function. In February 2026, we were awarded a joint contract with a major domestic telecommunications carrier to develop a remote surveillance system for the Japan Ground Self Defense Force. We, thus, continued to provide meticulous and seamless services through various initiatives to satisfy the increasingly diversified and sophisticated needs of our customers for their safety and peace of mind.

At Expo 2025 Osaka, Kansai, Japan (Expo 2025), which was held from April to October 2025, we played a major role in providing manned security services throughout the entire venue. We also introduced numerous surveillance cameras and access control systems, among other systems. Through these efforts, we supported the safe operation of the venue.

In October 2025, we made AVTEL Holdings Pte. Ltd., a global security systems integrator ^(Note 1) with a strong customer base mainly among American and European companies that operate data centers being built around the world, a

wholly-owned subsidiary.

Additionally, in December 2025, for the second year in a row, SECOM was selected as a “Double A-list company,” the highest rating, based on the 2025 surveys on climate change and water security initiatives conducted by CDP, an international environmental NGO. Furthermore, in October 2025 and February 2026, we were selected for the Nikkei Inc’s latest stock price indices, the Nikkei 225 Shareholder Return Stock 40 Index ^(Note 2) and the Nikkei Moat Stock Index ^(Note 3).

(Note 1) Global security system integrator

A system integrator which provides consultation, sales, and installation of integrated security systems, including access control and video surveillance, across countries and regions for global companies.

(Note 2) The Nikkei 225 Shareholder Return Stock 40 Index

A stock price index composed of 40 issues with the highest shareholder return yield among the constituents of the Nikkei Stock Average (excluding financials and real estate). The index is calculated using a market capitalization × dividend yield-weighted methodology.

(Note 3) The Nikkei Moat Stock Index

An equal-weighted stock index composed of 30 stocks selected from among those listed on the Prime Market of the Tokyo Stock Exchange (excluding financials) that are deemed to possess an economic "moat".

As a result, consolidated net sales for the current fiscal year increased by 4.7% to 1,256.8 billion yen compared with the previous fiscal year, owing to an increase in revenue in all business segments, and consolidated operating profit increased by 11.1% to 160.3 billion yen. Consolidated ordinary profit increased by 4.0% to 182.1 billion yen, mainly due to the decrease in gain on investments in investment partnerships in the U.S. etc. of 12.3 billion yen. Profit attributable to owners of parent increased by 4.2% to 112.6 billion yen.

Net sales, operating profit, ordinary profit and profit attributable to owners of parent each reached a record-high.

(Millions of Yen)

	Net sales	Operating profit	Ordinary profit	Profit attributable to owners of parent
Current fiscal year (FY2025)	1,256,896	160,333	182,160	112,662
Previous fiscal year (FY2024)	1,199,942	144,297	175,123	108,109

[English Translation]

By business segment, in the security services segment, we provide mainly centralized monitoring services (on-line security systems) for commercial and residential clients, as well as static guard services, armored car services, and merchandise.

For our commercial security services, we offer System Security AZ, an all-in-one system that accommodates a variety of functions that benefit customers' business operations, including security and fire protection, as well as work efficiency solutions such as employee attendance management. In the current fiscal year, we strove to expand sales by enhancing the integration between System Security AZ and surveillance cameras and by improving security function and operability. In addition, we developed an app that allows employees experiencing customer harassment at stores or when visiting on-site to report to supervisors, who have been pre-registered, and at the same time to make voice recordings, and commenced field trials in October.

For our residential security services, we provide SECOM Home Security NEO, a flexible system suited to customer's lifestyles that can expand its services beyond crime prevention and fire protection by connecting with various devices. During the current fiscal year, we added a controller equipped with facial recognition functions to the SECOM Home Security NEO lineup, and by improving operability and enhancing security functions, actively expanded the sales of home security systems.

Outside Japan, we promoted security services characterized by its emergency response services and video monitoring, mainly in economically developing areas, such as Southeast Asia. We accelerated efforts to develop and introduce services and systems adapted to the local market while advancing initiatives for the digital transformation of on-line security systems by incorporating the latest technologies.

Net sales increased by 4.3% to 660.6 billion yen, mainly due to the brisk sales of centralized monitoring services (on-line security systems) for commercial and residential use, the effects of price revisions (price increases), and the increase in sales in static guard services. Operating profit increased by 7.7% to 123.8 billion yen.

(*1) System Security: On-line security system for commercial subscribers.

In the fire protection services segment, we provide a broad range of fire protection systems such as high quality fire alarm systems and fire extinguishing systems that respond to customers' needs to a wide variety of facilities such as office buildings, production facilities, tunnels, cultural properties, ships and residences. In the current fiscal year, also, two major fire protection companies in Japan, Nohmi Bosai Ltd. and Nittan Co., Ltd., promoted various fire protection systems based on each company's business infrastructure and product development expertise.

Net sales increased by 5.5% to 186.8 billion yen, attributable to the increase in revenue from fire extinguishing systems and other devices. Operating profit

[English Translation]

increased by 23.1% to 24.7 billion yen, chiefly owing to the improvement in the cost ratio.

In the medical services segment, we provide various medical services such as our core home medical services, including home nursing services and pharmaceutical dispensing services and home delivery services, operation of residences for seniors, sales of electronic medical report systems, sales of medical equipment and pharmaceutical products, personal care services, and the leasing of real estate for medical institutions.

Net sales increased by 6.8% to 92.0 billion yen, mainly due to the brisk sales of medical equipment and pharmaceutical products and an increase in sales of Takshasila Hospitals Operating Pvt. Ltd., a company operating general hospitals in India. Operating profit increased by 15.6% to 6.2 billion yen.

In the insurance services segment, we expanded marketing efforts for our unique non-life insurance offerings, including Security Discount Fire Policy, a commercial fire insurance policy, and SECOM Anshin My Home, a comprehensive fire insurance policy for residences, both of which extend discounts on premiums to customers who have installed on-line security systems, recognizing this as a risk-mitigating factor; MEDCOM, an unrestricted cancer treatment policy that offers compensation of the actual cost of medical treatment; and SECOM Anshin My Car, a comprehensive automobile insurance policy that offers on-site support services provided by our emergency response personnel in the event of an accident.

Net sales increased by 10.2% to 65.4 billion yen, mainly due to the strong sales of cancer insurance, MEDCOM, an unrestricted cancer treatment policy, and automobile insurance, offered by SECOM General Insurance Co., Ltd., and an increase in investment income. Operating profit increased by 41.2% to 5.9 billion yen, reflecting a decrease in losses from natural disasters and a decrease in selling, general and administrative expenses.

In the geospatial information services segment, we collect geographic data from aerial photography, vehicle/ground surveying systems and satellite images, which we integrate, process, and analyze to provide geospatial information services to domestic national and local governmental agencies, private sectors, and foreign governmental agencies including emerging and developing countries.

Net sales increased by 3.9% to 60.6 billion yen, owing to the increase in sales in the domestic public sector division. Operating profit increased by 55.9% to 5.3 billion yen, due to an improved cost ratio in the domestic public sector division and a decrease in selling, general and administrative expenses.

In the BPO and ICT services segment, our distinctive portfolio includes business continuity planning (BCP) support, information security services, a variety of cloud-based services and authentication services, centering on the data centers, as well as BPO-related services including operation of contact center services.

Net sales increased by 1.1% to 129.9 billion yen, chiefly owing to the increase in revenue from the data center services and the brisk sales of servers and other equipment. Operating profit was down 1.9% to 8.9 billion yen, attributable to the [English Translation]

rise in cost largely owing to the effects of the new data center, which commenced operations in the previous fiscal year.

Other services segment comprises real estate leasing and construction and installation services.

Net sales increased by 7.6% to 61.3 billion yen. Operating profit increased by 7.6% to 9.2 billion yen.

Results by Business Segment (65th Fiscal Year – current fiscal year)

2. Issues the Group Has to Cope with

The circumstances surrounding the SECOM Group pose certain challenges to be addressed, including the evolution of AI and other technologies, a decrease in the working population, the deterioration in perceived public safety, an aging population, and increasingly frequent and severe natural disasters. Under these circumstances, the SECOM Group promotes the following initiatives in order to contribute to solving these challenges:

(1) Capitalizing on advanced technologies and expertise

Amid ongoing AI and other technological advances, we will proactively collect and deploy information on advanced technologies and know-how, in order to achieve the creation of added value, the improvement of service quality, etc., through the effective use of cutting-edge technologies. Based on these efforts, we will accelerate security DX and work diligently to create products and services in Japan and overseas that fuse advanced technologies with human capability.

(2) Domestic businesses (Increasing the competitiveness of our services and products)

For domestic businesses, we will strengthen advertising and other sales promotions as well as sales activities, improve our competitiveness by enhancing the quality and functionality of our services and products for commercial clients, and also focus on further cultivating individual consumer markets through the provision of new services, including monitoring services for seniors. We will make the best use of the business resources of the SECOM Group, in order to offer high value-added services that meet diversified customer needs, thereby aiming to establish a society that enjoys “safety, peace of mind, comfort and convenience.”

(3) Strengthening overseas businesses

For overseas businesses, we will proactively adopt cutting-edge technologies and strengthen our business development in response to growing needs for safety and peace of mind, including business planning and product development targeted at overseas local markets and tailored to local needs, in addition to services for large-scale properties, while also executing M&A to secure a new foundation for growth. Furthermore, we will promote active local hiring and improve the quality of services in overseas operations by enhancing education and training.

(4) Improving operating efficiency and quality

As part of efforts to address labor shortages resulting from the declining working population, we will promote operational efficiency through system investments to improve functionalities, thereby improving productivity, profitability, and service quality. At the same time, we will review operational processes and internal operational procedures to promote labor savings and cost reductions.

[English Translation]

(5) Securing human resources that will increase competitiveness

The SECOM Group requires personnel to maintain its service provision system and improve service quality in its domestic businesses, as well as human resources with IT and global skills, to utilize cutting-edge technologies and expand overseas businesses. We will make progress in securing human resources and strengthening recruitment to support our business development even amid the declining working population. We will also accelerate organizational strategies to strengthen growing sectors, including the reallocation of human resources. In addition, we will maintain efforts to cultivate existing employees, provide education and training that improves their abilities to adapt to change, and create an environment that will serve as a foundation for each employee to make the most of their individuality, leading to prosperous and fulfilling work and private lives.

(6) Strengthening compliance and governance systems

In promoting the efforts described above, securing and maintaining customer trust through compliance with laws and the spirit of the law is one of the most important management issues for the SECOM Group, which aims to provide “safety and peace of mind.” The SECOM Group is making efforts to further strengthen its compliance system based on SECOM’s Philosophy, which has been cultivated as the basic approach, ideal form, and guiding principle for our employees and organization. We will also continue to strengthen our governance structure to create a company that continues to be chosen by our stakeholders.

We look forward to the support from our shareholders in these and all of our endeavors.

3. Capital Expenditures

Capital expenditures for the current fiscal year totaled YEN 97.2 billion (a breakdown is given below). A major portion was for system investments (including those for security equipment and control stations) etc. in the security services segment, which totaled YEN 61.2 billion.

(Millions of Yen)

2. Description of the Agreement Limiting Liabilities

The Company has entered into an agreement with each of the Directors (excluding executive directors, etc.) and each of the Audit & Supervisory Board Members to limit their liabilities as prescribed by Article 423, Paragraph 1 of the Companies Act, pursuant to Article 427, Paragraph 1 of the Companies Act.

The maximum amount of the liabilities under this agreement is equal to the lowest amount of liabilities stipulated in Article 425, Paragraph 1 of the Companies Act.

3. Description of the Officers' Liability Insurance Contract

The Company has entered into an officers' liability insurance contract prescribed in Article 430-3, Paragraph 1 of the Companies Act with an insurance company to compensate the insured persons for any damage that they may incur when a claim for damages is made against them, including damages and litigation costs.

The insured persons of this insurance contract are main business executives of the Company, including Directors, Audit & Supervisory Board Members, and Executive Officers.

However, if the insurance policy provides for a deductible amount and does not cover damage that does not reach the deductible amount, or if certain exemptions apply, such as when an act is committed with the knowledge that it violates laws and regulations, the insurance policy shall not cover the damage to ensure that the appropriateness of the performance of duties by directors and officers is not impaired.

The insurance premiums are paid by the Company, including those for special clauses such as the special clause on indemnity for shareholder representative lawsuits, and the insured does not bear the actual cost of the premiums.

The remuneration described above is in accordance with the policy for determining the content of individual remuneration for Directors, which was established in advance by the Board of Directors. For details of each, please refer to “5. Policy for Determining the Amount of Remuneration of Directors and Audit & Supervisory Board Members.”

With regard to the above performance-based remuneration, the target of consolidated operating profit for the fiscal year under review was 150,000 million yen, and the actual result was 160,333 million yen.

5. Policy for Determining the Amount of Remuneration of Directors and Audit & Supervisory Board Members

(1) Remuneration of Directors

The Company has established a policy for determining the content of remuneration of individual Directors (hereinafter referred to as the “Determination Policy”), and its outline is as follows:

The remuneration of Directors shall consist of pecuniary remuneration (fixed monthly remuneration and bonus) and share-based remuneration. Outside Directors shall be entitled only to fixed monthly remuneration. In the case of a death of an incumbent Director of the Company excluding Outside Directors (hereinafter, “Subject Directors”), officer condolence money shall be paid to the bereaved family of the deceased Subject Director in accordance with the Regulations on the Provision of Officer Condolence Money established by the resolution of the Board of Directors subject to the approval of the General Meeting of Shareholders.

Regarding pecuniary remuneration (fixed monthly remuneration and bonus), it was resolved at the 44th Ordinary General Meeting of Shareholders held on June 29, 2005 that the total amount shall not exceed 600 million yen per year (the number of Directors pertaining to the resolution was eleven (11)). Based on a resolution at the Ordinary General Meeting of Shareholders, the

[English Translation]

Nomination and Compensation Committee, with the authorization of the Board of Directors, determines the monetary compensation of each director within this upper limit. Additionally, with regard to the share-based remuneration to be paid to Subject Directors, it was resolved at the 60th Ordinary General Meeting of Shareholders held on June 25, 2021 that (a) the total amount of monetary claims to be provided to grant restricted stock shall not exceed 100 million yen per year, which is separate from pecuniary remuneration, and that the number of common stock shares to be issued or disposed as restricted stock shall not exceed 20,000 shares per year (Note: the number of Subject Directors pertaining to this resolution was seven (7)); (b) the Non-transferable period shall be the period from the date on which the Subject Director receives the issuance or disposition of the common stock shares of the Company (hereinafter the “Grant Date”) until the day on which the Subject Director resigns or retires from the office and ceases to be any of Director, Executive Officer, Audit & Supervisory Board Member, and employee of the Company (hereinafter the “Directors, etc.”) (including resignation or retirement due to death, hereinafter the “Retirement, etc.”); (c) upon the expiration of the Non-transferable Period, the Company shall acquire all such common stock shares held by such Subject Director free of charge as a matter of course unless the Retirement, etc. of a Subject Director from the office of Director, etc. is determined by the Board of Directors of the Company to be due to a reasonable cause, such as expiration of the term of office, mandatory retirement due to age, or death; and (d) upon the expiration of the Non-transferable Period, notwithstanding the determination by the Board of Directors that the Retirement, etc. of a Subject Director from the office of Director, etc. is due to a reasonable cause, such as expiration of the term of office, mandatory retirement due to age, or death, if the Retirement, etc. occurs before the close of the first Ordinary General Meeting of Shareholders held after the Grant Date, except for a certain number of such common stock shares determined in accordance with the reasonable standard set out in advance by the Board of Directors of the Company among such common stock shares held by such a Subject Director, the Company shall acquire the rest of such common stock shares held by such Subject Director free of charge as a matter of course. Based on this resolution of the General Meeting of Shareholders, the Board of Directors, based on the result of deliberation by the Nomination and Compensation Committee, shall determine the share-based remuneration of each director within the limit of the maximum amount and number mentioned in (a) above.

The amount of fixed monthly remuneration (pecuniary remuneration) of each director and the amount of share-based remuneration (the amount of monetary claims provided to grant restricted stock) of each Subject Director shall be determined in comprehensive consideration of the job responsibility and the number of years of office of each Subject Director as well as the financial performance of the Company. The amount of bonus of each Subject Director shall be determined with comprehensive consideration given to degree of achievement of consolidated operating profit, earnings per share (EPS) and employee engagement (employee satisfaction), which are key management

[English Translation]

targets, among other factors.

The relative proportion of fixed monthly remuneration, bonus, and share-based remuneration in the total amount of remuneration of each Subject Director shall be roughly 65:15:20. Fixed monthly remuneration is paid every month. Bonus for each fiscal year is paid in July of the following fiscal year. Share-based remuneration for each fiscal year is paid in July of the same year subject to the Non-transferable Period above.

As the remuneration of each Director for the current fiscal year has been determined in accordance with the procedure outlined above, the Board of Directors has determined that the contents of the remuneration are in line with the Determination Policy.

To strengthen the independence and objectivity of the functions and the accountability of the Board of Directors concerning the nomination and remuneration of Directors, the Company has established a Nomination and Compensation Committee. The Committee drafts and submits a proposal on the election and removal of Directors to the Board of Directors and determines individual pecuniary remuneration for Directors and, after deliberating on share-based remuneration, reports its recommendations to the Board of Directors. The Nomination and Compensation Committee for the current fiscal year consisted of the following five (5) members in total (including three (3) Outside Directors): Takaharu Hirose (Chairperson, Outside Director), Yasuyuki Yoshida (President and Representative Director), Tatsuro Fuse (Senior Executive Director), Hajime Watanabe (Outside Director), and Miri Hara (Outside Director). However, Mr. Takaharu Hirose and Mr. Tatsuro Fuse retired as committee members on June 26, 2025, and Mr. Hajime Watanabe assumed the position of Chairman on the same date.

Note: Effective October 1, 2024, the Company implemented a two-for-one stock split. Accordingly, the total number of common shares to be issued or disposed of as restricted stock has been adjusted to a maximum of 40,000 shares per year.

(2) Remuneration of Audit & Supervisory Board Members

The remuneration of Audit & Supervisory Board Members of the Company consists of pecuniary remuneration. It was resolved at the 63rd Ordinary General Meeting of Shareholders held on June 25, 2024 that the total amount of remuneration of Audit & Supervisory Board Members shall not exceed 90 million yen per year (the number of Audit & Supervisory Board Members pertaining to the resolution was five (5)). The amount of remuneration of each Audit & Supervisory Board Member shall be determined by consultation among Audit & Supervisory Board Members based on the job responsibility of each Audit & Supervisory Board Member within the limit of the maximum amount of such remuneration resolved at the General Meeting of Shareholders. No performance-based remuneration has been introduced as remuneration of Audit & Supervisory Board Members.

Opinion

We have audited the consolidated financial statements, which comprise the consolidated balance sheet, the consolidated statement of income, the consolidated statement of changes in net assets and the related notes of SECOM Co., Ltd. ("the Company") and its consolidated subsidiaries (collectively referred to as "the Group"), as at March 31, 2026 and for the year from April 1, 2025 to March 31, 2026 in accordance with Article 444-4 of the Companies Act.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position and the results of operations of the Group for the period, for which the consolidated financial statements were prepared, in accordance with accounting principles generally accepted in Japan.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in Japan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the ethical requirements in Japan (including those that are relevant to our audit of the consolidated financial statements of public interest entities), and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The other information comprises the business report and its supplementary schedules. Management is responsible for the preparation and presentation of the other information. Corporate auditors and the board of corporate auditors are responsible for overseeing the directors' performance of their duties with regard to the design, implementation and maintenance of the reporting process for the other information.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of Management and Corporate Auditors and the Board of Corporate Auditors for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in Japan, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern in accordance with accounting principles generally accepted in Japan.

Corporate auditors and the board of corporate auditors are responsible for overseeing the directors' performance of their duties with regard to the design, implementation and maintenance of the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of our audit in accordance with auditing standards generally accepted in Japan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and

[English Translation]

appropriate to provide a basis for our opinion. The selection and application of audit procedures depends on the auditor's judgment.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, while the objective of the audit is not to express an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate whether the presentation and disclosures in the consolidated financial statements are in accordance with accounting standards generally accepted in Japan, the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group as a basis for forming an opinion on the group financial statements. We are responsible for the direction, supervision and review of the audit work performed for the purpose of the group audit. We remain solely responsible for our audit opinion.

We communicate with corporate auditors and the board of corporate auditors regarding, among other matters, the planned scope and timing of the audit, significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide corporate auditors and the board of corporate auditors with a statement that we have complied with relevant ethical requirements regarding independence, and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

Interest required to be disclosed by the Certified Public Accountants Act of Japan

Our firm and its designated engagement partners do not have any interest in the Company and its subsidiaries which is required to be disclosed pursuant to the provisions of the Certified Public Accountants Act of Japan.

The Audit & Supervisory Board has received the audit reports of the performance of duties of the Directors during the 65th business term from April 1, 2025 through March 31, 2026 from each of the Audit & Supervisory Board Members. After deliberating such reports, we have prepared this Audit Report and report as follows:

1. Method and Details of Audit Performed by Audit & Supervisory Board Members and the Audit & Supervisory Board

- (1) The Audit & Supervisory Board has established the audit policy and audit plan for the current fiscal year, received reports on the status and results of audits from each Audit & Supervisory Board Member, received reports on the status of execution of duties from Directors, etc. and the Accounting Auditor, and requested explanations when necessary.

[English Translation]

- (2) Each of the Audit & Supervisory Board Members, in accordance with the Audit & Supervisory Board audit standards determined by the Audit & Supervisory Board, and following the audit policy, audit plan, etc. worked to communicate with Directors, the internal audit division and other employees, etc., and along with making efforts to gather information and establish the audit environment, performed the audit using the following methods.
- (i) Each Audit & Supervisory Board Member attended the meetings of the Board of Directors and other important meetings, received reports from the Directors and other managers, etc. on their duties, requested explanations when necessary, inspected documents concerning matters such as important decisions, and investigated the conditions of the business and financial conditions at the head office and the principal offices. Also, each Audit & Supervisory Board Members worked to communicate and exchange information with Directors and Audit & Supervisory Board Members of subsidiaries, receiving reports from subsidiaries when necessary.
 - (ii) The Audit & Supervisory Board Members, on a regular basis, received reports from Directors and employees, etc. on the establishment and operation of the system (internal control system) based on the resolution of the Board of Directors as stipulated in Article 100, Paragraph 1 or Paragraph 3 of the Companies Act Enforcement Order to ensure the system under which the execution of duties by Directors is ensured to comply with laws and regulations and the Articles of Incorporation and to ensure the system under which the group of enterprises consisting of the Company and its subsidiaries is ensured to properly execute its business, both of which are on the Business Report, obtained explanation from them, and expressed opinions when necessary.
 - (iii) The Audit & Supervisory Board Members received reports from Directors, etc. and the Accounting Auditor on the status of discussions between them and the status of evaluation and audit of the internal control on financial reporting, and requested explanations as necessary.
 - (iv) In addition to monitoring and examining whether the Accounting Auditor maintained independence and performed auditing appropriately, the Audit & Supervisory Board Members received reports from the Accounting Auditor on the execution of their duties and requested explanations when necessary. The Audit & Supervisory Board received notice from the Accounting Auditor that “The systems for ensuring the proper execution of duties” (set forth in each Item of Article 131 of the Ordinance for Corporate Accounting) is organized in accordance with the “Standards for Quality Control of Audit” (Business Accounting Council) and other relevant standards, and sought explanations when necessary.

Based on the above methods, the Audit & Supervisory Board has considered the Business Report and its supplementary schedules, the financial statements (balance sheet, statement of income, statement of changes in net assets and related notes) and its supplementary schedules, and the consolidated financial statements (consolidated balance sheet, consolidated statement of income, consolidated statement of changes in net assets and related notes) for the current fiscal year.

2. Result of audit

(1) Result of audit of business report etc.

- i) The Business Report and supplementary schedules fairly represent the condition of the Company in accordance with laws and regulations and the Articles of Incorporation of the Company.
- ii) We have determined that there were no serious occurrences of misconduct or violations of any laws or regulations or the Articles of Incorporation of the Company by any of the Directors in carrying out their duties.
- iii) We believe the contents of the resolution of the Board of Directors regarding the internal control system are appropriate. We found no matters to note regarding the execution of duties of Directors regarding the internal control system, as well as the internal control system regarding financial reporting.

(2) Result of audit of financial statements and supplementary schedules

In our opinion, the audit procedures and audit results of the Accounting Auditor KPMG AZSA LLC are appropriate.

(3) Result of audit of consolidated financial statements

In our opinion, the audit procedures and audit results of the Accounting Auditor KPMG AZSA LLC are appropriate.
